JAMBALAYA

OF TULANE UNIVERSITY

Published by the Associated Student Body of the
TULANE UNIVERSITY OF LOUISIANA
New Orleans, Louisiana

CLYDE T. TURNER, JR. • EDITOR-IN-CHIEF
THOMAS E. RYAN • BUSINESS MANAGER
LISTEN, MY CHILDREN . . . GATHER 'ROUND, A STORY YOU SHOULD HEAR;

A tale of things I saw and did
While at Tulane one year.
While flying over New Orleans
My feathered tail was hit;
The time was back in '51,
I never shall forget.
Some greenie's shot had found its mark,
Controls got out of hand;
So, perched atop Dinwiddie Hall
I surveyed all the land.

The student center was down there,
Calling back to my mind;
All my many college friendships;
Ties that the years will bind.

I walked past a red brick building
Where memories would lurk;
Reminding me of college days:
The kids in social work.

I looked toward another building,
My thoughts turned back the years;
To other times I'd stood before
The school of engineers.

I was an "on-the-spot" witness,
And here, I'll take my stand;
That Tilton Law Building puts out
The best lawyers in our land.

Wanting to fly over Tulane,
Once, before I'd depart;
Richardson Building came into view;
Surely, here was my heart.

The business end of our nation,
Caused me to stop and stare;
At hundreds who were studying
Commerce—in Norman Mayer.
That day... to look around,
I felt a new Tulane spirit
Enveloped campus ground.

Pep rallies at McAllister,
Joined with shirt-tail parades
Virginia and Ole’ Miss bonfires
Lighted the shadows and shades.

I spotted Tilton Library,
Thoughts went back to tarry
On times I’d had to study here;
Books I’d had to carry.

Up to the clouds the voices came
Loud with vigor and vim;
This was the spirit of Tulane
Working out in the gym.

I clapped my wings when I beheld
Future filled with promise;
New architects and engineers
Passed from Stanley Thomas.

My gaze then fixed on one building,
(Here physics notes were read);
Memories walked through these hallways
Where many more shall tread.

A big black cloud rose in the sky,
I stopped so I could see;
Some student had exploited the
Theory of chemistry.

Flying o’er the athletic dorm,
On “T” formation beam;
I proudly dipped a wing to say,
Hi, Green Wave football team.

Standing far off in the distance,
Past the houses and trees;
Stood Hutchinson Memorial—
Symbolic of M.D.’s.

In every organization,
One thing’s behind it all—
I found the heart of a campus
Beating in Newcomb Hall.
Two teams met on the Green Wave field, and, though I hate to brag:
Along with their mascot, L.S.U.,
Vied for—and lost—"The Rag."

Some say it was against Notre Dame,
But I was on the sidelines,
We won a moral victory,
The score? — 9 to 13.

Sandburg spoke from McAllister:
And, though he had great form:
My thoughts trailed off in ecstasy
Over the new men's dorm.

From many forms to much red-tape,
I found no salvation;
Frustrated, I began the year
After registration.

Strolling on down toward Dixon Hall
(A sight I must report):
Ghostly looking creatures on their
Way to Kangaroo Kourt.

Four boys went out for a "coon-hunt,"
(They hadn't far to hike),
When they found game, not coon, oh, no—
Better! — L.S.U.'s "Mike."

Countless have passed through our portals
And, though their image fades,
Their hearts will always dwell among
“Miss Football” was Renee Aubry, 
(She went to California); 
And Sarah, as “Miss Basketball,” 
Almost completes this yarn.

The lights were dimmed, the curtains down, 
Imagination filled each age; 
The applause brought forth more curtain-calls 
Drama had found our stage.

“Tulane at Mid-Century” was 
Carried out every inch, 
In a Homecoming theme set off 
By our queen — Sara French.

The bakers yelled to sell their wares 
Gaiety knew no bounds; 
Tulane soil was transformed into 
Campus Carnival grounds.

SHADOWS AND SHADERS
A MESSAGE FROM
DEDICATION

Behind our school stands a familiar figure; changeable in outward appearance, but, in spirit, as immovable as the Statue of Liberty. She is Tulane's own Mrs. Buckner Chipley, who can be found in the student center every day from nine to five. Here she is known as "Chip" to the hundreds of boys and girls who come to her with their personal problems, love affairs, and friendships. Along with planning their parties, she encourages tournaments of all sorts, for she is a staunch believer in the great American spirit—the spirit of contest. Though she has traveled a great deal through Europe, South and Central America, she prefers to stay here at Tulane indefinitely. To her, the students are the most important persons of the school, and she not only gives them her time—but her heart.

Mrs. Chipley is of a generation-old New Orleans family, and is not the first of her family to win the acclaim of Tulane. In 1914, her brother edited the JAMBALAYA, and in 1937, her son was also editor of the yearbook.

With a heartfelt interest and understanding of others, she is an ember, igniting a hidden spark of ambition or happiness somewhere within us. So it is with greatest pride that the staff dedicates the 1951 JAMBALAYA to Mrs. Buckner Chipley.
The Tulane Student Council is composed of the presidents of each of the nine colleges and the presidents, vice-president, and secretary of the student body. All matters of student life, extending to the Honor System, student publications, organizations, and their budgets, elections, and dances are within the jurisdiction of the Council.

This year's headaches covered a range of subjects: getting a JAMB photographer, solving the legal aspects of electing a Homecoming Queen, preventing a riot over a kidnapped tiger, untangling parking problems with the city commissioner, deflating the "basketball incident," and just generally failing-to-knit-up-the-raveled-sleeve-of-care over deficit budgeting, the Honor System, and the Student Federation of Louisiana Colleges and Universities.

The Alumni Fund is a national organization which has become a salient factor in the progress of one of the South's oldest and greatest universities. Through it each alumnus is given an opportunity to serve and assist in the progress of the University. There are no membership dues, and all students upon leaving the University are entitled to membership in the Alumni Association. Records are kept on the activities of all alumni and efforts are being made at all times to keep in contact with the former students. One means of achieving this is through the medium of the TULANIAN, alumni publication which contains news of the University and alumni. This magazine is sent to all graduates and former students for whom the office has correct mailing addresses.

A representative from the Association welcomes each graduating class at Commencement. Active local alumni clubs have been organized in many parts of the United States and elsewhere.

Each year the Association sponsors Homecoming, a celebration which brings many graduates back to the campus for reunions and other activities. On May tenth, the birthday of Paul Tulane, alumni meetings are held throughout the country and a memorial service is held in Princeton, New Jersey.

The Tulane Alumni Fund, organized five years ago, is conducted by Class Agents and other representatives of the Association. The Fund has grown each year and is now of real value to the University's financial program.

Newcomb’s National Alumnae Association is composed of graduates and former students of the college. Our Alumnae office is in the Newcomb Gymnasium building. We keep a complete file of up-to-date addresses of alumnae. Each class has a New Orleans Alumnae chairman who is the contact for her classmates with the Association.

Every alumnae in New Orleans is eligible for membership in the New Orleans Club, which is one of the many clubs in the country that make up the National Association. They are kept posted of the Association workings and take an active part in its drives and projects.

Each year the Association sponsors a project for each of the undergraduate classes. This year we will have the Seniors come to the Alumnae banquet during Commencement week. For the Juniors and Sophomores we offered Career talks by some of our outstanding alumnae, and for our Freshmen, a dance with the cooperation of the Tulane Alumni was given after one of the first football games in the Student Center.

The Alumnae meet on the campus twice a year for Memorial Services in December and April. There are two National Association meetings annually—one the morning of Homecoming and the other during Commencement week in June. Our alumnae come back to their alma mater at this time and renew their cherished college day associations.

Alpha Phi Omega is an organization whose purpose is to assemble men in the fellowship of the Scout Oath and Law, and to provide a means by which college men might continue to carry on in the traditions of the Boy Scouts of America. Every year it is the custom of Gamma Upsilon, the Tulane chapter of APO, to render service to the community, the university, and the student body, through a program of planned activities. The chapter this year assisted in Freshman Orientation Week, ushered at various university functions, held Paul Tulane Day, and staged the annual Kampus Karnival, which netted just under $500 for charity. The local group also played host to the State Conclave of the fraternity. On the lighter side, Alpha Phi Omega put on the hilarious Ugly Mug contest, through which the ugliest man on the Tulane campus is selected!

It is easy to see that APO is not an organization for those who desire personal recognition; rather, the group tends to play up the value of teamwork and stresses the fact that true personal satisfaction can be had by helping others.

The Pan-American Society is a campus wide organization dedicated to the promotion of Pan-American understanding and fellowship among the students of Tulane. Under the sponsorship of the Society a series of social, cultural, and educational activities are held during the year with the purpose of familiarizing the students with the culture of the Americas. Outstanding among these activities is the celebration of Pan-American Week in April. The PAS plays an important part in the orientation of foreign students and in the Latin-American relations of Tulane University and the City of New Orleans. Membership in the Society is open to all bona-fide students of Tulane and faculty members.

Lagniappes gave the students more dances and shenanigans in the past year than have been enjoyed on this campus in many moons. The Freshman Dance, which started the year, packed the gym. Here many friendships received their start and many little black books received additional phone numbers.

At the Homecoming Dance all of us enjoyed the music of Hal McIntyre. His sweet danceable music coupled with the presentation of a lovely court made it an enjoyable evening. In addition, Lagniappes sponsored a large Spring Dance, a square dance in the gym, and student shenanigans which were held every other Friday.

It is the hope of the members of this organization that these dances will provide a medium by which students may become better acquainted, this tending to form a more closely knit and better spirited student body.

Realizing the importance of a knowledge of our country's international affairs, and feeling a need of a systematic study of the problems which are constantly confronting the American people, the Tulane International Relations Club was formed for the purpose of studying and discussing those national and international events and issues which are daily transpiring within and without our national borders and which vitally concern our American life. It is the intention of the club to deal with all questions and topics in an impartial manner, always endeavoring to search out and appreciate the truth of each situation under investigation. It is the IRC's ambition to maintain a broad-mindedness and a fair judgment in discussing our national and international problems, and thus better fit ourselves, as college men and women, to take an intelligent and effective part in forwarding the interests of our country and our several communities.

In order to carry out these intentions to the fullest extent and in the most expeditious manner, the IRC this year has sponsored a number of nationally and internationally known speakers who have spoken on such timely topics as France and Indo-China, New Orleans and World Trade, British Socialism, The United Nations, and Spain Under Franco. Also, some very excellent movies were shown and the biggest highlight of the year was the United Nations Day Banquet.

That's a snazzy coat you have on, Tony

INTERNATIONAL RELATIONS CLUB

Adelson is an interfraternity fraternity, founded at Tulane University in 1949 to promote interfraternity relations and spirit, to further cooperation between the University and the Greek Letter organizations and to serve the school.

By its very nature it accomplishes the first of these objects, since it is composed of members of the social fraternities elected by the Adelsons. In this group they work and relax together creating a bond and a unity of nineteen fraternities which are rivals in almost every other field. Meetings are held in roundrobin fashion in the fraternity houses on the campus, affording an opportunity to each fraternity to meet and make new friends among the others.

The Adelsons have represented the fraternity world in such school functions as University Conventions. At Christmas it served as a coordinating body when many of the Greeks sought through the purchase of presents and clothes to bring Christmas into the homes of many needy families. At present the Adelsons are sponsoring a move to publish an interfraternity handbook to be sent out to all incoming freshmen. This is an effort to promote and publicize the objects and values of fraternities at Tulane and by providing information to give a better understanding of their worth.

In the line of social functions probably the most outstanding was the picnic given at Vince Massimini’s house in St. Ives. It was there that most of the members acquired their first suntans of the year while swimming and playing softball.

Publications
The staff has tried to present this 1951 JAMBALAYA in a different manner than its predecessors with several changes from the standard run of JAMBALAYA.

Recognizing the fact that the individual student is interested primarily in his or her particular school the class sections have been arranged according to the separate Universities and Colleges comprising Tulane University. In these separate sections have also been placed the various organizations which are mainly participated in by the students of that particular College. This has enabled us to eliminate a large and sometimes dull organizations section.

With the belief that the full value of a college annual is not realized until some time after the student’s graduation we have made an attempt to give the hometown addresses of all students whose names appear in this book. We believe that this may be of value to a student in later life.

T. LEACH    E. FRANCISCO    R. BRINKMANN
who wishes to contact an old classmate but who has lost that classmate's address. At least the home address as given in this book will give the student a starting point for correspondence with old classmates.

Another point of interest in this book is the different sections devoted to various activities such as Dramatics and Music, Religion, Dorm life, etc. We feel that all these activities play a very great part in any student's college life and therefore should be remembered through his college annual.

Also in this book we have tried to give credit where credit is due. Those students who have achieved outstanding success on the campus have been duly recognized but at no time have we allowed just plain old Joe College to be lost among the B.M.O.C.'s, favorites, wheels and what have you. This book is designed for the average man in the classrooms and not for the boys in the extra-curriculum fields.

The 1951 Jamb Business Staff, because of everyone's excellent cooperation, had the most successful year known in the history of JAMBALAYA business operations. Everyone on the staff gladly took on their responsibilities and pulled their share of the load to a successful conclusion.

Congratulations to all the staff members and the many others who helped out at registration and at other times for a job well done.

Dick hard at work
The "Hullabaloo" managed to break many records this year. Principle among them were printing three editions on one day and also having more issues burned than in any previous year.

Conrad "Red" Smith was the power that was with Bert Shrine holding forth over the business staff. Chief assistants were Dick Hart, Elise Mitchell, Mary Krebs, Joe Crossley, and Bob Zeleny. George Rigby, Don Carson, and Mary Myers rounded out the ad and business staff.

All American Shep Pleasants led the sports department uncapably assisted by Scoop Cohen, John Winn, and anyone else who could be rooked into writing some sort of sports story. Especially one about soccer.

Also prominent in the "Hulla" office were the two columnists, Jack Anderson, who always pleased the advertisers, and Bob Leidenheimer, the red blooded American boy. Usually hiding in a corner until ten minutes before their columns were due, they would crawl out and bang frantically away at a typewriter for a few seconds. The result was generally just short of being libelous.

Still the "Hulla" staff continued its winning ways with its stupendous editorial page. The athletic office set up an office in the gym; the cafeteria started using hot water, and the engineers and lawyers wrote nasty letters.

Another feature was the hole in the head which resulted from the Gorgeous Gertrude vs. Canada Don. Gorgeous Gertrude put up a terrific struggle but Don was too much for him.

But week after week the "Hullabaloo" marched on, or perhaps a step back once in a while.
Carnival represents an answer to the long felt need for a literary magazine at Tulane. It is published four times yearly by the students of the University, and is a recognized member of the University Publications Board. Its selections consist of short stories, poems, and critical articles submitted by members of the student body. Although, only in its second full year as a publication, Carnival has received the active support of both the students and the university administration.

June's half asleep again

Religion
EASTER SUNRISE SERVICE

This year's annual Easter Sunrise Service was held at 7:00 A.M., on the Newcomb quadrangle. Delivering the main address at the Service was Dr. Albert S. Hurley, pastor of the Napoleon Ave. Methodist Church, with a talk entitled "After Sunset, the Dawn."

The Service was planned by Herman Falbaum and Jane Lee Luft, and a 30 voice Tulane-Newcomb Glee Club choir provided music.

EFFIE PERKINS ................ Secretary-Treasurer
MARGARET ANN TURFITT ....... Curr., Secretary

MEMBERS

The Interfaith Council serves as an integrating body for the ten student religious groups on the Tulane-Newcomb campus. It provides an opportunity for combined projects and the sharing of activities. The council's major project of the year is sponsoring a religious emphasis week. Through work with various campus organizations and university-wide meetings with outstanding leaders it helps focus student attention on the place of religion on the college campus.

In working toward better relations and understanding between the various faiths represented in the university a series of lectures on comparative religion is offered by the council. The differentiated groups also join in each other's programs of service, study, and worship.
**BAPTIST STUDENT UNION**

"A campus home-away-from-home." That's what the Baptist Student Center on Perrett Street is to the out-of-town Baptist students coming to local campuses. The Tulane-Newcomb-Loyola group is one of five Baptist Student Union organizations in the Crescent City. The B.S.U. itself is world-wide in scope, and has as its main purpose the establishment of away-from-home Baptist students in the local church of their choice.

The Executive Council, under the leadership of City-wide B.S.U. Director Mary Lee Vines, plans and directs the many-sided program.

The Executive Council of Tulane-Newcomb B.S.U.: President, Hildred Runyan; Vice Presidents, Cliff Corsewell; Harry Binglehert, Laura Cadle; Secretary, Shirley Gardner; Treasurer, Gordon LeBaron; Director, Mary Lee Vines.

The Executive Council of Medical B.S.U.: President, Charles Turner; Vice Presidents, Edwin Morris, Ray McEwen, Charles Bass, Bill Carlisle, Henry Carter; Editor, Joe Frank Hamilton; Director, Mary Lee Vines.

First in importance of Canterbury activities of the past year was the acquisition of Canterbury House at 1727 Broadway where Chaplain John Maury Allin and his family reside and which is the official home of this club for Episcopal students on the campus. Through these added facilities Canterbury Club can now enjoy a balanced program of worship, fellowship, and study. Besides the established Wednesday morning celebration of Holy Communion and the Thursday night meeting, the club now has a celebration of Holy Communion each Sunday morning and an informal Tuesday tea. This program is to be extended in the coming year to include activities for special interest groups and for the students of the Medical and Law Schools.

High points in the past year's program include a Christmas party for the children's ward at Flint-Goodrich Hospital, a Lenten series of talks on "Anglicism" by distinguished guest speakers, and a visit from Dom Gregory Dix, Benedictine Order, Ashdown Abbey, England.

Christian Science Organization at the Tulane University of Louisiana was organized in December 1943 and is authorized by the Manual of The Mother Church, the First Church of Christ Scientist in Boston, Massachusetts. Regular weekly meetings are held on the campus. Students, faculty members, and friends are invited to attend.

The purposes of this organization are to unite the Christian Scientists within the University in closer bonds of Christian fellowship, to welcome Christian Scientists entering the University, and to afford to the entire University the opportunity to study the Bible and to learn the truth about Christian Science as taught in the Christian Science textbook, Science and Health with Key to the Scriptures, by Mary Baker Eddy, the Discoverer and Founder of Christian Science.

GAMMA DELTA

OFFICERS

D. JAMES DANIELS, JR. . . . . . . . . . . . . President
DANNY WILDER . . . . . . . . . . . . . . . . . . Vice-President
LOUIS ORTH . . . . . . . . . . . . . . . . . . . Recording Secretary
ALBERTA KEIF . . . . . . . . . . . . . . . . . Corresponding Secretary
ARTHUR DAUER . . . . . . . . . . . . . . . . . . Treasurer
REV. PAUL G. BRETSCHER . . . . . . . . . Pastoral Advisor

Gamma Delta, the International Association of Lutheran Students, has two main objectives: the promotion of Christian knowledge and the promotion of Christian service among Lutheran youth.

To further these objectives, Alpha Upsilon, the Tulane and Newcomb chapter, holds semi-monthly meetings, at which the pastoral advisor presents religious topics and conducts discussions of Christian doctrine and manners as found in the Bible.

At least once a month Alpha Upsilon has a social function. During the past year the chapter sponsored two city-wide square dances, in addition to winter roasts, and a "progressive party" for new students. Chapter traditions include a Founder's Day Banquet and chapter attendance of the Reformation Day service held by the New Orleans' Lutheran Churches. Last year more than half of the chapter drove to the Magnolia Region of Gamma Delta's convention, which was held at the University of Alabama. The group is looking forward to attending the convention to be held in Texas this spring.
Seventy-five Tulane and Newcomb freshmen received their first sample of Jewish Community campus life at Hillel's annual open house which inaugurated our fourth and biggest year on this campus. The year was filled with varied activities including cultural, religious, community service, and other social affairs. One of the headliners was a lecture series dealing with the problems of the individual, presented by Professors Fogle and Lee of Newcomb and Silvert of Tulane. Another highlight was the Passover Seder which supplemented the weekly Friday night services. Several of the heartier souls braved the elements for a fun-packed Thanksgiving trip to Fontainebleau State Park. In line with our community welfare program we participated in the Campus Carnival for the University Chest Drive and sparked a student campaign for Jewish charities.

Next year, General Hershey permitting, we'll all be back looking forward for greater strides by Hillel, the Jewish Community on the Tulane and Newcomb Campus.
WESTMINSTER FELLOWSHIP

The Westminster Fellowship is a group composed of the Presbyterian students on the Tulane and Newcomb campuses. Under leadership of its President, Dave Pope, who has been assisted by Langston Sutter, Vice-President, Marcia Davis, Secretary, and Ed Lindsey, Treasurer, the organization has greatly increased its membership and has made many fine improvements during the past year.

Meetings are held every Sunday afternoon at five o'clock in the recently erected Student Building of the St. Charles Avenue Presbyterian Church. At this time the group either participates in discussions, forums, song services or is privileged to hear the message of a guest speaker.

The Fall Retreat at Fontainebleau State Park was among the outstanding activities of the year. Westminster also sponsored a Student-Faculty Banquet, and enjoyed numerous informal get-togethers and parties.

It is to Reverend Robert Cogswell, Assistant Pastor of St. Charles Avenue Presbyterian Church, that is owed much of the success of Westminster Fellowship. It has been his untiring efforts, his advice, and inspiration which has added so much to its growth and continued success.

Officers are: Dave Pope, President; Langston Sutter, Vice-President; Marcia Davis, Secretary; Ed Lindsey, Treasurer.

NEWMAN CLUB

OFFICERS

RICHARD RUCKSTUHL  President
WILLIAM OBERHELMAN  Vice-President
CLEMENTINE BOSKEY  Secretary
INELL MANNING  Treasurer
GEORGE PALMER  Marshal
REVEREND JAMES F. BENEDICT  Chaplain

The Newman Club—so named after the great English churchman and scholar, John Henry Cardinal Newman—is the officially designated organization appointed by the Church for Catholic students on the Tulane and Newcomb campuses.

The fourfold program of the Newman Club includes the religious, cultural, intellectual and social phases of activity.

The religious program emphasizes frequent attendance at Mass and reception of the Sacraments, daily recitation of the Rosary, days of recollection and retreats.

The Newman Club features education through the medium of classes twice weekly in both Theology and Scholastic Philosophy. Culturally, the Club features guest speakers, forums, discussions and debates. The social program includes picnics, dances and parties for members as well as their guests.

In early November the Newman Club sponsored a Province Convention which nearly a hundred delegates of Newman Clubs from Alabama, Louisiana, Mississippi and Tennessee attended.

First in the A.P.O. carnival, the Newman Club, as an indication of its readiness to promote general campus activities, raised $118.00 for the Community Chest.

Librarian. greatest tour Dr. many take-off two-day week choral of s-i'all Lafayette. greatsat lot the concert director activities Christmas successful the hard Gulf campus the Tulane for school Yes, it this very hard Thomas bert year. Bunthorne. patience," cooperation poets of nights. Along this classwork find the Tulane Glee Club a means of combining pleasure and skillful instruction in choral work. Under the direction of Dr. McPeek, this group boasted a successful year with participation in the Newcomb Christmas Memorial Service, its annual Spring Concert, and a two-day tour of Mississippi.

**TULANE GLEE CLUB**

Officers are: Thomas Leach, President; Robert Levine, Vice-President; Herbert Rospe, Secretary; Jimmy Gouex, Treasurer; Walter Lee, Librarian, Thomas Cain, Librarian.

This year found the Tulane Glee Club making its greatest stride toward a very bright future. When Dr. McPeek took over the position of director of this group, the future looked mighty dim. The club was disorganized and small. But with a lot of hard work, the group has made this their banner year. With their membership numbering in the eighties, the Glee Club found it possible to make the first club trip since 1926. Setting out early in the school year, they spent the weekend entertaining the women at Gulf Park College with a small concert. By the middle of April, the club was off again on a tour of Louisiana. They presented concerts in Lafayette, Opelousas, Lake Charles, and Alexandria. The last stop was their campus, Tulane.

Along with giving a concert at the Alumni dinner during Homecoming, the club furnished the male leads and chorus for the yearly operetta and sang for a Christmas party in the cafeteria. This long list of activities does not include, of course, innumerable impromptu serenades at the Newcomb dorms. Yes, this was a great year for Tulane's Glee Club, and from here on there will be many, many more.

**NEWCOMB GLEE CLUB**

Officers are: Emily Xanten, President; Betty Neville, Vice-President; Mildred Lahasky, Secretary; Christine West, Publicity Manager; Ray Zemmer, Business Manager.

Female students of the University who enjoy singing as a diversion from classwork find the Newcomb Glee Club a means of combining pleasure and skillful instruction in choral work. Under the direction of Dr. McPeek, this group boasted a successful year with participation in the Newcomb Christmas Memorial Service, its annual Spring Concert, and a two-day tour of Mississippi.

**OPERETTA**

This year's Gilbert and Sullivan production was the satire, "Patience," a take-off on the aestheticism of Oscar Wilde and other poets of 19th century England. The members of the Tulane and Newcomb Glee Clubs cooperated to play for enthusiastic audiences both nights. Polly Jean Phelps was Patience and Warren Gardpaille was Bunthorne.

Under the expert direction of Dr. McPeek and the fine enthusiastic cooperation of the cast, this year's production turned out to be one of the funniest, most successful operettas given at Tulane.

**THE UKELANIANS**

Officers are: Buddy Reape, Major; Janet Scharff, Minor; Emily Griffith, Diminished; Minna Pearce, 7th; Mr. Einer Pedersen, Augmented; Arthur Godfrey, Colossel Uke and Honorary Member.

The "Ukelani," the Tulane ukulele club, was formed this year under the lively motto "Fun for all and all for fun." Its members frollicked, musically speaking, regularly once a week and, like jolly good fellows, took an enlivening part in many a campus activity throughout the year.

Among the events at which their lilting discords were heard were the Faculty Homecoming Dance and the Campus night show. In addition they played, reputedly by request, over several Radio Tulane programs.

Marching to the tune of its theme song "Way Down Yonder," the Tulane Band began another successful season when it showed Alabama's "Million Dollar Band" our version of coordinated marching and playing at the first football game of the school year. Compared with the bands of Notre Dame, Vanderbilt, and LSU, the Band demonstrated unusual ability to put on an effective half-time show with a minimum of practice time. Yes, the band members use their valuable study time in order to come together three hours every week to play or to prepare formations for Saturday's game. The Band, as contrasted with most other activities, is really a fraternity—the members showing their school spirit in the best way they know.

The Band, of course, is centered around its capable director, John J. Morrissey, without whose inspiration the Tulane Band would not exist. Mr. Morrissey's national reputation as a composer is well known. At its spring concert every year, the Concert Band gives a first performance of one of his compositions, recent compositions by Mr. Morrissey include the "French Quarter Suite," "Carnival Day in New Orleans," and "American Week End." This year, much to the delight of the student body, he wrote a new spirit song, "Hullabaloo." After its introduction at the Vandy game, everyone was humming or whistling this catchy tune.

Members of the marching band are men students of the university. At the close of the football season when the efforts of the Band are directed toward concert music, membership is also open to women students of Tulane and Newcomb. In the past years, participation in the Band brought no reward other than the pride in being a part of this group, but now each member receives a sweater or key at the end of the season.

The spring concert, presented by the Band during the first week in May, is an annual event. This year the concert was given on three consecutive nights to accommodate the large and enthusiastic audiences. In addition, a spring concert tour is a yearly planned activity of the Band.

**THE PEP BAND**

The Tulane University Pep Band is composed of members of the Tulane University Band, but it is an entirely separate organization. This spirit and pep group plays at all of the pep rallies and shirt-tail parades throughout the football season during which the Tulane University Band does not participate.

All the school songs are played by this spirit group at these rallies as well as at marches and some old-time Dixieland jazz. It has been only during the past few years that this organization has become active at the school pep rallies, but they have become a permanent and looked-for spirit group.

TULANE AIR FORCE ROTC

The Air Force Reserve Officers Training Corps was established at Tulane University, New Orleans, Louisiana, in 1947, with Lt. Col. Frank L. Wood as Assistant PMS&T for Air. For two years the unit operated under the joint direction of the Army and Air Force. The enrollment during that time was 164 Cadets. In 1949, the unit was separated from the Army and placed under full Air Force control. Colonel Byron S. Webb replaced Colonel Wood in August 1950 and is presently the Professor of Air Science.

The permanent party personnel assigned to this unit has increased this year from four officers and four airmen, as of the beginning of the school year, to seven officers, one warrant officer, and four airmen. At the beginning of this school year Colonel Byron B. Webb was assigned to this unit as PMS&T to replace Colonel Frank L. Wood, Jr., who completed his AF ROTC tour of duty with this unit at the close of the 1949-1950 school year. Major James G. Jones was assigned to this unit as an instructor in Administration and Logistics. Captain Walter E. Scott was assigned to this unit as an instructor, in Communications; Captain Jack W. Lyan was assigned to this unit as a Communications instructor; S/Sgt. Theodore F. Morosko, clerk-typist; M/Sgt. Roy M. Barlow, Warrant Officer Junior Grade, is instructor, General Training.

The AF ROTC training at Tulane University is divided into two phases, the first being Administration and Logistics. Air Science IV offers training in General Administration giving special emphasis on Air Force Management, Food Service Supervision, Purpose and Basic Functions of the Staff, Administration of Personnel, and Comptroller-ship. Air Science III deals more with Forms and Reports along with Logistics. Air Science II deals with specific Air Force subjects such as Navigation, Meteorology, Aerodynamics and Propulsion, and Allied Air Power. Air Science I deals with general military subjects.

The second phase in AF ROTC training is Communications. This course is to indoctrinate the officer candidate in the fundamental principles of Air Force Communications, rather than to present a detailed course of the entire complex field. Some of the highlights of the course are Command and Administration, Inspection and Training as related to Communications Personnel; Communications Centers, and Message Handling; Functional Communications Systems; and finally Communications organizations.

During the year three joint parades were held with the Army and Navy ROTC units. Among the dignitaries attending the reviews were Dr. Harris, Colonel Marais, Commanding Officer of the Louisiana Military District, and Admiral William K. Phillips, Commandant of the Eighth Naval District.
ARAVY ROTC

The Army Reserve Officer's Training Corps Unit at Tulane University has been the most rapidly expanding department of the University this year. The Army Unit was founded only three years ago, with an initial enrollment of 135 in the Transportation Corps Battalion on the main campus and 105 in the Medical Service Unit located at the Tulane School of Medicine downtown. Now the Transportation Corps Battalion boasts 304 cadets which make up the four companies, the Drill Platoon known as the "Rebel Rifles," and the joint Drum and Bugle Corps. The Medical Service Unit has been increased to a total present enrollment of 154; accordingly, the Professor of Military Science and Tactics' staff has been increased to maintain the high standard of instruction.

Colonel Lowell A. Yost, the Professor of Military Science and Tactics, ably assisted by Major Irwin Jordan, Assistant PMS&T for the Medical Service Unit, Major Warren H. Kerstadt, and the competent staff of instructors has built up one of the highest rated ROTC Units in the Fourth Army Area.

NAVAL ROTC

The U. S. Naval ROTC Unit is in its thirteenth year at Tulane University. The Unit has 203 members and of these, 37 will graduate and receive commissions in the Navy and Marine Corps this summer.

The Unit has grown steadily since the end of World War II, and will have an enrollment of about 275 Midshipmen during the 1951-52 school year. The enrollment is limited, admission being based on an annual quota. Because of this, the requirements for admission are relatively high.

The Navy Unit was commanded by Captain E. T. Eves, USN, during the 1950-51 school year, assisted by Commander T. C. Edington, USN, the executive officer. The military staff in addition, consisted of one marine officer, four naval officers and seven navy and marine petty officers. Midshipman John Milandin commanded the Midshipman Battalion with Midshipman Louis C. Leonard as sub-commander, and Midshipman William L. Crull, III, John E. Jackson, Jr., and Frank S. Cannon as company commanders.

The academic year activities of the Unit were brought to a finale this year by a Parade for Presentation of Awards and the President's Review, at which the traditional presentation of colors to the company winning the annual competition took place. This was followed by the Annual Ball held at the Naval Station in Algiers, La.

On the completion of the activities for the year, the midshipmen left for training cruises and vacation periods lasting until the start of the 1951-52 academic year.

SCABBARD AND BLADE

OFFICERS

GENE SCHAEFFER . . . . . . . President
CLYDE T. TURNER . . . . . . . Vice-President
HARDY DAVIS . . . . . . . . Secretary
HENRY WARD . . . . . . . . Treasurer

Scabbard and Blade, as a national honorary and professional Military Society, came into its own this year on the Tulane campus. Membership in this organization is limited to the top cadet officers in the senior classes of the Army, Navy, and Air Force ROTC units, and election to its membership signifies superior ability in Military Science, both in the classroom and on the drill field.

This year Scabbard and Blade sponsored the highly successful Military Ball of the Joint Army, Navy, and Air Force units, which promises to be a yearly tradition in the future.

"Little Colonels" of Scabbard and Blade this year were Miss Terry De Jaime, escorted by Cadet Major Robert Peyroux. At intermission time at the Military Ball a special ceremony was held to present the "Little Colonels," and the officers and members of Scabbard and Blade.

MEMBERS

The Taffrail Naval Society this year has reached a high point of campus activity since the war, the 4th classmen, who are, in the words of the society's name, "men of the sea," have displayed an outstanding interest in the organization and its activities.

The 4th classmen have been particularly successful in the area of academic work, and their efforts have been rewarded with recognition by the college administration.

The Taffrail Naval Society has also been active in extracurricular activities, including participation in the college's annual Whirlwind Party and the annual Shipwreck Party. The society has also sponsored the annual NROTC's outstanding football and soccer teams.

The society has also been active in supporting the armed forces through various service projects, such as collecting supplies for troops overseas.

The Taffrail Naval Society continues to be an active and important part of the Tulane campus community, and its members continue to be recognized for their contributions to both the college and the nation.
SPIRIT
ORGANIZATIONS

TUSK

OFFICERS

THOMAS H. LEACH . . . . . . . . . . . . . . . . . . President
REGINALD R. BRINKMANN, JR. . . . . . . Vice-President
JOYCE GILTHORPE . . . . . . . . . . . . . . . . . Recording Secretary
MARGARET ANN TURFIT . . . . Corresponding Secretary
LANGSTON SUTTER . . . . . . . . . . . . . . . . . Treasurer

This year TUSK is proud that it had a hand in developing a new high in school spirit on the Tulane campus. The spirit reached an all time peak for the Tulane-Notre Dame game. The mock funeral, the shirt-tail parade, the procession, bonfire, and finally the all-out effort of the students, the team and the other organizations is something which will be remembered for a long time.

A TUSK member is interested in fostering school spirit and helping both his fellow student and his school. Since 1950 the distinctive Blue jacket with the green and blue "T" and a white tusk superimposed on it has become a familiar object around the campus circle. We hope to keep the spirit growing and in the future surpass this year's activities.

All sporting their new jackets
This year marked a culmination of the general rise of school spirit on the Tulane campus. The Pelicans endeavored to stimulate and augment this process through the many varied activities on the campus undertaken by the club.

Of course, the care and training of "Pete the Pelican" was of primary importance for the group. During the past year we have all become accustomed to Pete wearing his green "T" sweater as a symbol of Tulane on and around the campus. He is enjoying increasing and widening recognition and has been hailed as one of the most novel mascots in the country.

In other fields "Meet the Team," square dances, general publicity and many other varied activities have made the Pelicans one of the leading spirit groups at Tulane.

**CHEERLEADERS**

Spirit in the 1950-51 season reached its highest peak in many years. The increase in enthusiasm was shown by spontaneous weekday pep-rallies and car caravans downtown and by the traditional Friday night pep-rallies at the Athletic Dormitory.

The Cheerleaders, led by Tinky Thibaut and Jackie Vizzini, head and assistant head Cheerleaders, couldn't have asked for more spirit from the students and the teams. Everyone wanted to cheer when the teams were winning and had ample opportunity to do so.

Aside from their usual capacities, the Cheerleaders joined the band in halftime ceremonies at the football games and helped to introduce new cheers and songs. Pete McDonnell and Vic Chesni kept the crowds continually awed by their thrilling while George Wain took over, doing a fine job of announcing the yellis. Simplex Joe Hastings and ever-active Pete Column, freshman Cheerleaders, added much in the way of pep and popularity to the group.

To say the least, Cheerleading was more enjoyable and self-satisfying this year because of the tremendous cooperation and never-say-die spirit of the students, alumni and school officials.

  - Sergeant-at-Arms

Greenbackers, honorary organization for the promotion of school spirit, take great pride in whatever part it has played in the visible increase in Tulane spirit during the past year.

Among Greenbacker activities are the sponsorship of pep-rallies, bonfires, shirt-tail parades and other events before football games. Football slogan stickers for cars were distributed before games. Signs are painted weekly publishing school activities. Among memorable events were the Notre Dame, Virginia, and L.S.U. pep-rallies and parades and a "dawn" send-off for the Auburn game. A card display was successfully executed by members of the Army, Navy and Air Corps R.O.T.C. units, and the seating of the 850 men in a "T" was organized. Greenbackers assist in the seating of the freshman seating section.

Although its functions are most noticeable during the gridiron season, Greenbackers carries on its activities during the entire year. It helps with Freshman Orientation, sells Greenie Beans, sponsors the Sorority Songfest, gave a street dance by McAlister. The group helps in all functions pertaining to school improvement, student body participation in extra-curricular activity.

The year was also brighter by closer cooperation with TUSK.

HALL OF FAME
Fraternities
The Tulane Pan-Hellenic Council functions as the governing and mediating body for the social fraternities on the campus. Aside from keeping the Greek letter organizations in line they provide and supervise inter-fraternity competition in different fields, from football, handball and swimming to skit night, song fest and Homecoming. Those which win or place in these events receive proportional numbers of points. Trophies are awarded to the winner of each event. The frater-
nity with the highest score at the close of all competition is given the Pan-Hellenic Cup for the year.

This year for the first time the Council sponsored a Greek Week program which was composed of a series of events tending to bring to the pledges of every fraternity the full meaning of brotherhood, the value of a fraternity, the relation of the fraternities to the school and the methods and duties of the Council. Group discussions, a talk by a fraternity alumnus on "Why Be a Fraternity Man," and a party for all members and pledges comprised this Greek Week which was successful in every way.

One of the outstanding events of the year is the Spring Formal which is open to all fraternity men on the campus. This year it was held at the Tulane room and was highlighted by the presentation of the members of the Jambalaya Beauty Court of 1951.

The Waltz of the Fairies

I only want a buddy—not a sweetheart

Beta Epsilon chapter of the Alpha Tau Omega Fraternity has enjoyed one of its most outstanding seasons in recent years.

A.T.O. started things in September with a highly successful rush week, climaxing by the pledging of twenty-two rushees. The chapter showed a great deal of school spirit during the football season, attending en masse the Notre Dame pep rally in a truck bedecked with green and blue and numerous spirit slogans and signs.

This year A.T.O. at Tulane elected a sweetheart for the first time in the chapter’s history. Elected upon the basis of her active A.T.O. spirit and loyalty, Miss Barton de la Houssaye was presented as sweetheart at the annual formal held at the New Orleans Country Club on February 9.

The newest member of A.T.O. on the Tulane campus is Dr. Hans B. Jonassen, who was welcomed into the fraternity in a long anticipated initiation ceremony on April 2.

The high point of the year was the announcement that the chapter had won the Alpha Tau Omega High Council award for the highest scholastic improvement record over the preceding year. This award, won in competition with one hundred and eight other chapters in the nation, consists of a thirty volume set of the Encyclopedia Americana and the High Council Plaque.

Even Fallon got a date

After a rather slow start in Intramural Competition, the Hungry Greeks, winners of last year's Intramural trophy and Bruno Cup for Outstanding fraternity on the Tulane Campus, took stock of themselves and slowed down just a little bit more. Despite police protection, the Betas are still highly discriminated against by their neighbors who don't seem to enjoy the melodious entertainment on Saturday night as also the Beta Band any day of the week, anytime.

The Blue and White Formal this year marked the initial occasion that the brothers decided on a Sweetheart Court. Even though the band was contracted for the wrong night and wrong hours, quick action prevented the Beta Girl from strutting to local band talent.

Athletics, scholarship, campus activity, and social life all came in for a big share of attention this year at the Henry Clay Avenue mansion. Highlight of the year was the Deke National Convention held in New Orleans during the Christmas holidays, when the brothers from all over joined for a round of parties and incidental business. Wins in football and track, and other places kept the Dekes in the thick of the Pan-Hellenic cup competition, Charlie Wilson's election to Phi Beta Kappa, the third Deke in three years, highlighted the chapter's sterling scholastic effort. Election of Jack Weinmann as student body president, various class presidents, Greenbackers and Lagniappes president, and members of Tau Beta Pi and ODK kept the Dekes busy around school.

The usual noisy Saturday nights kept the neighbors awake, as did the noisy meeting for the house-boys. Other favorite habits included shouting their "Phi Marching Song," the annual picnic at Favrot's in Covington, and the dance at the St. Charles. New efforts included a repainting of the chapter house and the literary work, "West on Poker.

Whose heart's showing?

Delta Sigma Phi was founded, with the 20th century, at the College of the City of New York December 10, 1899. Chi chapter was chartered on the campus of Tulane University March 11, 1916. The fraternity colors are nile green and white, and the official flower is the white carnation.

Guiding the destinies of the fraternity this year are Stan Muller, President, and his colleagues, Bob Collins in charge of fun and parties, Jerry (The Whip) Honeycutt in charge of the pledges. The gentleman who never makes a mistake with the minutes during the meetings is Steve Kandra. The money changers for the Klan were Ben Mauthe and Bob Arrington. The house and the garage have undergone many changes this year. The garage was turned into a ping pong room (did you say ping pong room?) and the house turned into a home for honest, hard working, clean cut American boys. Joe Stevenson, Bob Breger, Ben Mauthe and many others were responsible for the changes around here.

The Delta Sig Bayou Brawl is something of a fixture around Tulane and never fails to excite gay spirits, but this year our shipwreck party gave the Brawl some keen competition. This year the Delta Sigs are having a monthly dinner (it's all we can afford) at one of the swank cafes in town. They have proven a great success in keeping the gang together. All we can say about the Winter Formal is it was GREAT. The Young Alumni have formed a Club and we believe they will be of great assistance to the active chapter in the coming years.

Founded at Bethany College in 1858, the Delta Tau Delta Fraternity came to Tulane's campus in 1889. Its colors are purple, white and gold and its official flower, the iris.

The social calendar of Beta Xi chapter was given a good start with the Beta Xiclone party which celebrated a successful rush week in which Delt pledged more new members than any other fraternity on the campus. Other notable events were the Halloween party, the annual Orphan Benefit party at Christmas and the New Year's party at the Shelter at which both Kentucky and Oklahoma Delts celebrated the Sugar Bowl weekend.

Always active in campus affairs, Delt again showed interest in almost all phases of student life, especially the Military, Choral activities, and Homecoming in which it again placed in the display competition.

True Southern gentleman and their belles

Old Robert E. Lee looks down from the blue
On Psi Chapter in New Orleans;
And after seeing what the boys went through,
He turns to Saint Peter and beams.

"Them boys ain’t the brightest in the land,
As the records plainly show;
But they’re natural—they ain’t plans—
And after skit night, that we know."

"They ain’t the most athletical bunch
I’ve seen in my born days;
But after watching I got me a hunch
That second bestest pays."

"Their cultured side, though, she is fine,
They go for women and they go for wine;
And when they gave their Confederete Ball,
Mint they had a time then—one and all."

Ya know, St. Pete, if I could get back
That group looks right appealin’,
I’d sit and have fun and mix with them boys,
And get that Southern regal feel’n."

Sigma Chapter of Kappa Nu Fraternity was founded at Tulane in 1922. Its official colors are purple and white and the representing flowers are the orchid and gardenia. The chapter was ruled by President Ronald Sturtz assisted by Veep Ed Zalta, while Aaron Buchbaum tried to collect money and Alex Newman wrote the minutes. "Mother" Monroe Marsh ably managed the house.

Every member of Kappa Nu still remembers vividly their 29th annual Spring Formal held at the Grand Ballroom of the Roosevelt Hotel, since it was one of the best formals that Sigma ever had. Awards and the new officers were presented at the preceding cocktail party held in the Gold Room.

"Kayen" received prominence in the newspaper world due to its excellent monthly, the "Sigma Signals" capably written by Harold Breslow. The "Purple Wave" participated in all sports with spirit and hope, with their full share of victory. The year was marked with numerous "drink-full" house parties.
Whose spade?

For sixty-two years the crescent and the star has adorned the Tulane campus. And this year the seniors of Kappa Sigma may look back over a year of achievement, activity, and fun. The fall formal, the first of the year, being on the night before Christmas holidays, promised no inhibitions to the gala time everyone experienced. The year also saw the annual Christmas party with their sister Chi O’s, a beer party blowout with the Phi Kaps, and April’s "Pirate Party" with Jim’s Plaza Club offering standing room only to an over capacity crowd.

In activities and spirit groups Kappa Sigma was tops, having a large Tusk membership, representatives in Greenbackers’, Omega Delta Kappa, Lagunappes, Phi Beta Kappa, Scabberd and Blade, and on the JAMBA-LAYA Staff. Athletics found the Kappa Sigs as chief contenders in football, basketball, softball, and tennis.

The officers are: Gladden Walters, President; Ed Lindsey, Vice-President; James Conover, Grand Master of Ceremonies; Cliff Carswell, Secretary; Harry Schmidt, Treasurer.

Ryan behind the B ball

Things really seemed to rock around the Phi Delt house this year. Led by Bobby Zetzmann, who vainly pounded the gavel in an attempt to bring order out of the chaos in the chapter meetings and Sam Maclin who became famous for his "We just can't afford it; you guys," a full year of parties and other activities crowded the Phi calendar.

The year got off to a roaring start with the sleepy-time party which climaxed rush week. Only trouble was, nobody was sleepy! Around Christmas, the Phi's staged a party for some of the city's orphans. It was hard to tell who had the most fun: the orphans or the Phi's and their dates.

Spring came and found the Phi's哲学ining at the annual formal. The year was closed out with the SOUTH SEA ISLAND party, where everybody played like natives... sarongs, Hawaiian music, pineapple juice, etc., etc., etc.

Big wheels around the house, besides the two above, included Bob (this IS good food) Shader, the house manager; Walter Ward, who tried to record the antics in the chapter room; Ev Noetzel, who vainly (and vainly) tried to keep EVERYBODY from yelling at once; and Lowell Westerman, whose job it was to keep National HQ happy and occasionally filled in in Zetz's absence...
Five bucks if you'll cut in

Under the able dictatorship of Jack "the old sentimentalist" Lohman and the bloody hatchet of Don "Morgantheau" Jackson, Minister of Finance, the Skull House has successfully weathered the ravages of alcoholism and late hours of "study." The house men, however, have made some rather dire threats concerning the meals and one "Mother" Tanner, the House Manager.

After celebrating their one hundredth anniversary with the annual dinner and formal in January, the Phi Kaps are looking forward to another year at the "salt mines" and more hilarious frolics in the future. It might also be mentioned that although the cries of Dr. Karlem Riss could be heard for miles around (even at the Deke House), the Plainsman Party and Bowery Party went off with the usual police raids.

As its lions roared their approval, Sigma Alpha Epsilon looked back on the year 1950-51 as the best one in the fifty-three years that the Louisiana Tau Upsilon Chapter has been established on the Tulane Campus.

The round of activities began with a rousing rush week followed closely by a series of gala memorable parties and social events. Of special note was the Arabian party complete with three tons of sand and a questionable "Casbah." After the Tulane-Notre Dame game, the chapter was host to the team, band, and student body of Notre Dame. The traditional Christmas serenade of the Newcomb dormitories was followed by a brief holiday rest.

Second semester activities were resumed with Greek Week and pledge initiation on February 17 with a banquet and a party at the Roosevelt's Blue Room. During the year, the fraternity was host to the Pan-Hellenic Council meetings. March 10 saw the Annual Founder's Day Banquet at the Country Club and on April 21 the chapter's Formal Dance was held. Events continued throughout the semester with entertainment provided by the SAE Band.

This is dancing?

The Sammies have chalked up another successful year under the leadership of Prior Leonard Bagelman. The "Bag" and his boys began the year by taking first place in the Homecoming decorations with our tin-foil covered house. We also learned that we had won the Pan-hellenic Scholarship Cup for the preceding year with the help of Phi Beta Kappa's Orkin and Yoffee. Our take-off on the "Pied Piper of Hamelin" tied for second place in Skit Night. Sammie athletic teams competed actively in all Pan-Hellenic sports and we won the volleyball championship. Our social season was marked by the annual Orchid Formal in February, at which Sweetheart Betty Rubins was introduced, the "Hawaiian Hangover" party in April, and our year-end banquet in May.
Sigma Chi had its biggest season in many years during the 1950-51 school term. In scholarship, the chapter moved up nearly 40 places on the list of all Sig chapters.

The Sigs picked up greatly in Pan-Hellenic sports, also, taking the Pan-Hell trophy in basketball and furnishing big competition in track, in which they placed third. Sigma Chi was a top contender for the Pan-Hell Softball trophy.

The first annual Sigma Chi Derby Day was a great success last May, and the second event promises to be even bigger, with enthusiastic support from all Newcomb sororities.

Highlight of the social season, the March 10 Sweetheart Ball was as great a success this year as it has been in the past with Kappa beauty Sara Woods as the 1951 Sweetheart of Sigma Chi.

The new officers, elected in February, are: Consul, Tom Reising; pro-Consul, Roy Rawls; Annotator, Bill Blackstone; Magister, Bob Simmons; and Quaestor, Max McGinnis.
This has been a gala year for the members of Sigma chapter of ZBT. The social calendar has been filled with numerous fine parties, such as our annual Purple Passion Party which has now become famous for its charity irrigation project. Although our Homecoming display was a thing of beauty, it did not place, and the brothers had to console themselves with a consolation prize; beer. The annual Woman Hater's Week was one of much joy for the Zebes, but much sorrow for the Newcomites, as they persisted in jeering at our house, even though they were not being spoken to. All offenders were sentenced to the lagoon. ZBT's first annual Big Weekend was on Easter Weekend and consisted of a series of fine parties, followed by a banquet and formal honoring our nineteen newly initiated brothers. The boys at 1006 Broadway were in their best year on the Tulane Campus.

May I take this to my room mate?

During the past year Omicron chapter has been under the able leadership of Sage Patrick Bryer. He has been greatly assisted by Veep John Lopez, minute man Don Rayner, and money man Dave Clary. The men with the iron hands at meetings are S. T. Christina at the active and Dan Hurley at the pledge meetings.

After a wild and woolly rush season the brothers settled down to the business of having bigger and better parties. Outstanding of these was the monster Halloween party on the west bank of the Mississippi.

The members and alumni joined together and gave a blow out Christmas party in the Old French Quarter.

March was the date of the annual Formal considered to be the best of all Sigma Pi’s events.

Campus wheels are Dave Clary, president of Commerce student body; Pat Bryer, president of E.T.A. (Engineering spirit club); and S. T. Christina, president of Geology Fraternity.

Beta Phi fraternity is a new local fraternity aimed at reviving the dormant Sigma Nu Chapter at Tulane. The group was formed in September of 1950 and is composed of members of Sigma Nu national fraternity and other Tulanians. Social activities of Beta Phi have included rush parties, truck rides and house parties. Beta Phi and its guests attend the annual White Rose Formal of the LSU chapter of Sigma Nu early in the Spring. The men of Beta Phi come from all parts of the country, some were Sigma Nus at other colleges and some have always attended Tulane. They are enrolled in every college and participate in all phases of student affairs.

Under the guidance of a capable set of officers headed by Hans Feibelmann, at president, the fraternity has been gearing itself towards a broader and a brighter future.
The Panhellenic Council of Newcomb College is part of the National Panhellenic Council, which is the highest authority among women's Greek-letter organizations.

The Newcomb Panhellenic serves to further cooperation among the sororities on the campus and to make rules governing rushing, pledging, initiation, and other activities. Two actives and one alumna representative from each sorority comprise the membership of the Council.

As part of its contribution to college life, Panhellenic sponsors a Sorority Skit Night. Members of the university and the public are invited to watch the Newcomb girls perform. This year Panhellenic has also decided to give the sororities a second chance to compete against each other in a Song Fest.

Other activities of Panhellenic Council include an annual Scholarship Banquet given to honor the pledge and the active with the highest average in each sorority. Also, as in the past, Panhellenic will donate a substantial sum of money to the foreign student program.

This year the ADPi's spent a great deal of time talking about plans for the Centennial in Macon, Georgia, celebrating the hundredth anniversary of the founding of Alpha Delta Pi. They had a lot of fun in the meanwhile, too. The annual formal on November 11 brought everyone out in winter formals for the first time of the season. Christmas, ADPi's alums gave a party, as did the pledges. When Easter vacation came around, all the ADPi's spent the weekend at Biloxi, everyone having a wonderful time, and came back, naturally, with a beautiful sunburn.

Amid all this play, the ADPi's were quite active on the campus. Their wheels include: Marilyn Woodward, who was president of the music school; Jackie Zizinni, who was cheerleader for the third straight year; Jo Von Ehren and Trudy Meangollora, whom all devotees of the theatre know because of their outstanding performances.

George, 'ole boy, haven't seen you in a long time.

Those could be argyles, or something else?

Alpha Epsilon Phi began one of her most successful years with a "Rhapsody in Blue" formal early in November in honor of her pledges. Highlighting the dance was the leadout of the members and their dates through a tremendous piece of silver and blue sheet music. The girls gave a number of parties throughout the year and then climaxed their social calendar with activities with a Senior Banquet.

The AEPHI's are represented on the Jambalaya, Hillabaloo, and Carnival staffs, and are active in such campus organizations as Greenbacks, TUT, swimming club, La Tertulia, Glue Club, and Campus Night. Isabel Peal, vice-president of the Newcomb Student Body, is president of the Sociology Club, past secretary of the Junior Class, and editor of the Newcomb handbook. Alice Koch, president of Assets, is also vice-president of the Sophomore Class, and chairman of Kangaroo Court. Alice had the leading role in the TUT play last year and was one of the Jam "Favorites." Epsilon chapter is proud of her pledge, Joan Kiel, who was chosen to be in the Urchin Beauty Court.

The sorority officers are: Betty Lee Seff, president; Isabel Peal, vice-president; Betty Kiralfy, recording secretary; Renee Mendlovitz, corresponding secretary; Gerry Ginsburg, treasurer; Jane Burkenroad, rush chairman; and Janet Scherff, assistant rush chairman.

Fifth Row: Fellen, Petchesky, Reingaum, Rosen, Rubel, Scherff.
Alpha Omicron Pi was founded at Barnard College, January 2, 1897, and Pi chapter at Newcomb was established September 8, 1898. The pin is composed of the letters "AOPI" superimposed; the color is cardinal; the jewel is the ruby; the flower is the Jacquminot Rose.

Pi chapter has continued its activity on the campus with members in all organizations—honor, social, and religious. AOPI is especially proud of Morris Middleton, who is president of the Senior Class, secretary of the Tulane Student Council, and a member of Who's Who in American Colleges and Universities. Cookie Patton and Lucie Crane are officers of the Junior and Sophomore Classes, respectively. For the second consecutive year the Urchin Pledge Pin-Up is an AOPI; Bobbie Webb took the honors this year. Barbara Cherry, a Jambelays beauty, was in the Homecoming Court.

The social program began with the Pledge Banquet. The annual fall house party was in Covington. Founder's Day and Senior Banquets were followed by the Spring Formal in March to complete the program.

This year the chapter emphasized philanthropic work for the Kentucky Mountain children with magazine and clothing drives. At Thanksgiving and Christmas, Pi helped two needy and deserving families.

One big happy family

Founded nationally on December 12, 1888, Beta Sigma Omicron established Alpha Sigma chapter at Newcomb in 1929.

This year began with a busy Rush Week, followed by parties given by and for our pledges. Monthly joint meetings and parties were enjoyed throughout the year, as were the banquets and our formal in March, the main event of the year.

We are proud of our campus leaders: Marion Romaine, Treasurer of the Junior Class; Janey Levy, Second Vice-President of the Student Government; Catherine Naef, President of Warren House; and Jane Lee Luft, maid in the Homecoming Court. The last three of whom were selected to "Who's Who."

Our colors are ruby and pink, our flowers, the Killarney and Richmond roses.

Those B.S.O. cookies were really swell

The following is a list of the Beta Sigma Omicron members:

**Members**

Fifth Row: Romaine, Ruckstuhl, Sepp, Spring, Verlander, West.
Rho chapter of Chi Omega was founded at Newcomb in 1900. We are very proud of our record since then, and feel that this year we have certainly continued to keep it very outstanding.

We are well represented in various campus organizations and activities with several members in Tusk, Lagniappes, Greenbacks, the religious organizations, Campus Night, Operetta, Glee Club, Swimming Club, and others. We are especially proud of our representation in Newcomb’s Student Council with Margee Gandolfo as President and in the honor board with Claire Lewis as President and several other members.

"Who’s Who" and Alpha Sigma Sigma claim some of our members, while several others have been elected to the Urchin and Jamb Beauty Courts and the Homecoming Court.

Among our sorority activities this year have been bi-monthly suppers in our room, a Christmas party for orphans, a winter formal, a spring houseparty, and several informal parties.

Who are they trying to fool with the books?

"Dear Johns," en masse

Founded at Miami University in Oxford, Ohio on October 24, 1902, Delta Zeta "just grew and grew like Topsy." The Newcomb chapter, founded as a chapter of Beta Phi Alpha, became Beta Upsilon of Delta Zeta when the two sororities merged in 1941.

The colors are rose and green, and the girls keep the diamond and the pearls in their Roman lamp gleaming.

Bi-monthly suppers and weekly luncheons at the rooms, truck rides for the members and their dates, and the annual Rose Formal were high on the social calendar with the Founder's Day Banquet leading.

The Kats

Founded nationally at Indiana Asbury College (DePauw University) in 1870, Kappa Alpha Theta came to Newcomb in 1914 as the Alpha Phi Chapter.

The usual snags and difficulties of rush week and the beginning of the year seemed to iron themselves out with amazing alacrity. Success continued to work in our favor and we pledged an exceptionally wonderful group of girls.

Our rush week was followed by a hilarious house party on the gulf coast. Time moved unusually fast and soon it was time to send Thanksgiving baskets. Also in November the pledges gave the annual Katsup Party for the Actives. This year the theme was "that new miracle drug, Mr. Kat's miracle juice." Time whirled on through the Christmas holidays, Mardi Gras, and was climax ed finally by the Spring formal.

Alpha Phi is proud of the enthusiasm shown by its members in campus activities and organizations. Such names as Francis Aleman, "Red" Watson, Nancy Burdett, and "Babs" Bartlett are familiar to all Newcomb students.

KAPPA KAPPA GAMMA

OFFICERS

OLGA TURNER ............... President
NINNETTE PERRILLIAT .......... Vice-President
ELEANOR FRANCISCO .......... Secretary
PAT WILLIAMS ................ Treasurer
JOAN MORRISON ............ Pledge Captain

This year marks the 47th anniversary of the founding of Beta Omicron chapter of Kappa Kappa Gamma on the Newcomb campus in 1904. Our new school year started with the usual Orientation and Rush Week, which resulted in our pledging a wonderful group of girls.

The Kappas enjoyed luncheons served every Wednesday by the Mothers' Club and at least twice a month we got together at our rooms and had coffee or supper with our pledges. The social calendar was filled for the year by the Founder's Day Banquet in October, open house for our alum, pledges and Mothers' Clubs in November, a Christmas party in December, Alum dinner in March, and the highlight of the year, the Kappa formal April 7. We are especially happy that we could make Christmas a better time of the year for a few unfortunate families of New Orleans.

We are proud of the many Kappas who take an active part in campus activities and clubs. We are well-represented in the Dormitory Council, Glee Club, swimming club, Honor Board, and many others.

Our colors are the two blues, light and dark; the pin is the golden key. The officers are: Olga Turner, president; Ninette Perilli, vice-president; Eleanor Francisco, secretary; Pat Williams, treasurer; and Joan Morrison, pledge captain.

IN PANEL

Second Row: De Pass, Emerson, Estabrook, Fossier, Francisco, Gessner, Hall.
Fourth Row: Miller, Miranda, Morris, Morrison.
Fifth Row: Noettel, Parker, Perilli, Pharr.
Sixth Row: Quinn, Rainold, Reiss, Richeson, S. Paul, Shell, Smith.
Phi Mu sorority was founded in 1852 at Wesleyan College in Macon, Georgia. Delta chapter of Phi Mu has its rooms at 919 Broadway, and as anyone who lives within ten blocks of the rooms can tell you, there isn't a dull moment.

Officers Joyce Mathes, President; Merle Maumus, Vice-President; Jane Annis, Secretary, and Esther Gilbert, Treasurer, rule the actives and pledges with an iron hand. But in spite of this tyranny, the Phi Mu's manage to have wonderful times at such outstanding events as our Dinner Dance at the Country Club, the annual formal, in March this year, and also at our jam-packed houseparties at the Waveland home of our President. In spite of all these activities, Phi Mu ranked first on the campus scholastically for the last semester of the 1949-50 session, proving that fun and study are entirely compatible.
Pi Beta Phi

OFFICERS
ELIZABETH COOK . . . . . . . . . . . President
LELIA FLOURNOY . . . . . . . . . . . Vice-President
VIRGINIA DAY . . . . . . . . . . . Recording Secretary
KATHLEEN COLEMAN . . . . . . . . . Corresponding Secretary
MARIE ROUSSEL . . . . . . . . . . . Treasurer

Pi Beta Phi was founded at Monmouth College and dates back to 1867. Louisiana Alpha came to Newcomb in 1891, sixty short years ago. The flower is the wine carnation and the colors of Pi Phi are wine and silver blue.

We are proud of the enthusiasm that the Pi Phi's have shown in every campus activity. Many offices and honors are held by members such as: Elizabeth Cook, president of the Resident Student Body, and president of Alpha Sigma Sigma; Sara French, Queen of Homecoming and Jamb beauty; Virginia Day, president of Swimming Club, and Miss Tulane; Mary Jane Dillard, maid of Homecoming and Jamb beauty; and Kathleen Coleman, president of the Art Club.

Rush season was very successful, and the annual banquet at Arnaud's given after pledging, proved to be a delightful display of talent by the pledges. The social calendar was filled for the year by a picnic at a plantation home near Baton Rouge, a rip-roaring house party, the Founders Day Banquet, and the climaxing dance given in the spring.

The officers are: Elizabeth Cook, president; Lelia Flournoy, vice-president; Virginia Ann Day, recording secretary; Kathleen Coleman, corresponding secretary, and Marie Roussel, treasurer.

IN PANEL
First Row: Anderson, Ansley, Baird, Baker, Bennett, Brogan, Burke.

Now eat your cream of wheat, baby
Zeta Tau Alpha was founded at Virginia State Normal College, Farmville, Virginia on October 15, 1898, the first women's fraternity to be chartered by a special act of the legislature. Beta Kappa was established at Newcomb College in 1927. Since that time BK members have been active in many campus activities.

After a busy rush season our social calendar started off with a party for the pledges. Next came a Christmas party, our Founder's Day Banquet, the spring formal, and our monthly suppers at the rooms. Zeta Tau Alpha's colors are turquoise blue and steel gray; our flower is the white violet.

The officers are: President, Marianna Springle; Vice-President, Maxine Kidd; Secretary, Adele Edwards; and Treasurer, Hildrid Runyan.

^::^
A new and finer team and school spirit was born at Tulane this year. From the Notre Dame game onward the Greenies played with a spirit unequaled in many a year. The team continually displayed marvelous courage and fine team play.

The coaching this year was magnificent. Coach Frnka and his assistants produced one of the finest teams in Tulane history. Action and thrills were abundant throughout the year.

Tulane’s line was sixth in the nation on defense. The Greenies' overall defensive record also ranked in the top ten.

The freshman team also displayed lots of courage and fine team play throughout its brief season. The fine coaching job turned in by Coach MacElreath will prove to be an invaluable aid to future Green Wave teams.

Yes, this was truly a fine football year at Tulane.
Tulane’s Green Wave opened its football season against a hard-fighting Alabama team. The Wave was hindered by numerous fumbles and a psychological disadvantage as well as a good pass offense possessed by the Tide.

During the first period Alabama’s Crimson Tide marched down to the Tulane 3-yard line but end Ferdie Kibodeaux saved the Wave from immediate tragedy by throwing Bama’s Avinger for an 11-yard loss. After an exchange of punts, Alabama recovered a Greenie fumble on the Wave 35-yard line. The Tide marched to the 3 and big Ed Salem plowed over for the first touchdown.

In the second quarter the Greenies threw the Tidesmen for considerable losses but another Wave fumble on its own 26 gave the ball to Alabama. Salem dropped back to pass and connected with Long in the end zone and the half ended with Bama leading 13-0.

The Greenies valiantly fought off a hard-rushing Tide in the 3rd quarter but it was Long who scored again on a pass from Salem. The Wave began to gain amazing speed with the kick-off return. Kinek broke loose for a 32-yard sprint, and soon after Harold Waggoner raced around left end for 35 yards that put the ball on Alabama’s 5-yard line. Kinek crashed through for the first Tulane score and Comeaux converted.

Alabama’s passing attack was not to be stopped and they struck back with another pass from Salem to Long and ‘Bama led 26-7.

The Greenies fought back with a 33-yard punt return by Kinek and an 18-yard pass from Bonar to Kirkpatrick, Tulane again found itself knocking at Bama’s door, Kinek scored the second Greenie TD.

That was all the scoring to be done and the remainder of the game was a see-saw battle with the final score 26-14 in Alabama’s favor.
Tulane’s Greenies crushed Louisiana College 64-0, scoring nine touchdowns with eight conversions and a safety. These scores came about by good offensive play, led by Kent, Kingery, and Waggoner. The passing of Bonar, Ernst, and Dempsey was also outstanding.

The first touchdown came one minute and fifty seconds after the opening kickoff, as Kinek circled his right end for eight yards and a score.

One of the best runs of the day came early in the second half when “Tiger” Waggoner skillfully knifed through his right guard and raced forty-two yards for a touchdown.

With a good lead built up during the third quarter, Coach Frnka was able to use many of his reserves. Then with Tulane’s sophomore quarterback, Fred Dempsey, doing the passing, Tulane opened an air attack which came to a climax as Tulane scored its ninth touchdown.

Tulane’s defensive teams displayed new vitality as they held the Louisiana College offense throughout the game. The opponents’ single threat came in the final quarter as White intercepted a pass from Joe Ernst and ran to the Wave’s fifteen-yard line. Shortly afterwards Homer Dedeaux intercepted a pass from Dyer, thus ending the threat.
The Notre Dame game featured spirit on Tulane's part unequalled in many a season. Although outscored by only four points, Tulane gained a moral victory felt both by the students and the team.

Tulane threatened All-American Bob Williams' home grounds throughout the game, making passing difficult and running almost impossible.

Coach Frnka changed his strategy from last year and elected to receive. Fine running by Waggoner and Kinek and superb passing on the part of Ernst put Tulane in the scoring column with only two minutes of the first quarter gone. But Notre Dame was not to be denied, for within seven plays after the Tulane score a 54-yard pass and run from Williams to John Petifdon tied the game.

A seesaw battle ensued with the strong Tulane line holding the edge. Tulane, three times in the first half, was within the Notre Dame 25-yard line, but could not put the ball over.

The second Notre Dame score came late in the second period with a 10-yard jaunt by Gander. Tulane stormed back but could only attain the Notre Dame 5-yard line when the half ended.

The second half resulted in a defensive battle, most of it being played in Notre Dame's end of the field. The superb defensive play of Don Joyce and Mike McLean resulted in catching the great Bob Williams behind his own goal for a two point score for the Wave.

* The high spirit of the whole Greenie team and the presence of the "twelfth man," a thrilled and spirited student body, enabled the Wave to soundly outplay a once great Notre Dame.
He's giving you his blessings, Joe

OLE MISS GAME

The Wave, showing little preference to any one method of point production, hit pay dirt twice through the air and twice on the ground in downing a listless Ole Miss team 27-20. The seven-point difference provided a poor measure of the two teams as the game was all Tulane, except the last five minutes in which the Rebels scored twice over Greenie reserves.

Early in the second quarter Mike McLean recovered an Ole Miss fumble on the Rebel 39. Three plays later the Greenies cashed in when Joe Ernst planted a pass in the glue-like fingers of George Kinek standing in the end zone. Tommy Comeaux failed the conversion and the Wave led 6-0.

Later in the second period Brinson pounced on a Rebel fumble on the Ole Miss 24. Ernst passed to Shinn to put the ball on the seven; Boner replaced Ernst and immediately hit Kinek in the end zone for the T.D. Comeaux's kick was good and the half ended Tulane 13, Ole Miss 0.

Tulane received the opening kick-off of the second half, but fumbled on the second play on its own 19. The Rebels took quick advantage and with the aid of big John Dottley moved to the Tulane one in four plays. Wilson Dillard banged over for the score but the extra point try was blocked.

The Greenies, however, were not to be stopped and they struck back with lightning swiftness after Waggoner had returned the kick-off 61 yards to the Rebel 37. It took just two plays to score with the sterling soph, Ronnie Kent, breaking through for 22 yards and the tally. Comeaux exercised his able toe and the Wave led 20-6.

A duel of punts then ensued but the Greenies got to rolling again and soon was on the Rebel one, this drive being sparked by Kingery, Kent, and Waggoner. From the one Ernst went over on a quarterback sneak. Comeaux converted.

The Greenie reserves played the rest of the game and allowed two Ole Miss tallies, both passes thrown by Rocky Byrd but sparked by hard-charging John Dottley who had been stopped cold all day by the magnificent work of Don Joyce and Jerome Hellium.

I think he wants your shirt, Ellsworth
George is on the go again

**Auburn Game**

Tulane's surging Green Wave started slow but grew steadily fiercer in sweeping Auburn's Tigers to their sixth loss in a row.

The Greenies, led by the flashy 170-pound fullback Harold Waggoner and left halfback George Kinek, took advantage of two Auburn fumbles early in the second quarter and punched over the first of their four touchdowns.

They added two more in the third period and another in the fourth.

Auburn back Bill Tucker gave the Greenies their first scoring chance when his pitch-out intended for Bill Davis misfired and dropped to the ground on the Tigers' five-yard line.

Kinek plunged over in three tries and Tommy Comeaux made the conversion good, the first of four perfect placements for him.

Taking the ball on its own 10, at the start of the third quarter, Tulane drove 90 yards downfield for another six-pointer. Waggoner crossing the line after a 19-yard sprint behind superb blocking.

The Tigers tried three running plays after the kick-off but had to punt; and again the Greenies started a touchdown march that traveled 63 yards. End Kibodeaux went over on a four-yard pass from back Bill Bonner.

Tiger quarterback Allen Parks dropped the ball in the fourth period to give the Green Wave its final scoring opportunity. Recovering the ball on Auburn's 40, Tulane drove right down field, halfback Van Meter going over from the three.

Tulane's line play against Auburn was superb. Auburn gained only one yard net in rushing and 34 yards on passes in contrast to 240 for the Greenies on ground plays and 102 in the air.

Joe Harper

Look! Joe's running
Tulane traveled to Baltimore to whitewash the Navy 27-0. Even the cold wintry weather did not stop 20,000 fans from witnessing the improveable Wave line and the long direct passes of Joe Erst sink the Navy’s midshipmen.

The Greenies struck hard and fast with Ernst opening up with deadly passes to Kinek and Kent and Waggoner striking on the ground. Three minutes after the first period opened Tulane had the ball on the Navy three. Waggoner sprinted left end and Comeaux converted.

The second quarter saw the Wave on the move again with much of the yardage being eaten up by passes from Ernst. A 40-yard pass to Waggoner and an 11-yard pass to Shinn put the ball on the Mid-14 but a fumble was recovered by Steele of the Navy. Tulane returned the play by taking a fumble from the Navy on the Navy 19. Again, on the ground, the Greenies moved to the three and Waggoner put it over. Comeaux’s conversion was good.

The Wave filled the air with footballs again in the third period and it wasn’t long until it paid off again with the third Greenie T.D. The Middies came to life in the fourth quarter and began to show some real fight. Navy’s great quarterback, Bob Zastrow, began to connect with some desperate last minute passes. The Navy was on the move until Tulane’s Bobby Jones got hold of a Zastrow pass on his own 18 and raced 82 yards for the Wave’s fourth score.

In the waning minutes the Middles recovered a fumble on the Greenie 25 and Zastrow began to pass again. One of his passes went to the end zone but Greenie Kingery was on the receiving end and he brought it back to the 20. This was the only time that the Navy really threatened the Wave. Final score, Tulane 27 and Navy 0.

It was later stated by the Navy head coach that Tulane showed them a much better team than did the Army this year.
The dazzling passes of Greenie quarterback, Joe Ernst, set a Homecoming crowd of some 30,000 fans into a wild frenzy, and the Cavaliers from Virginia into complete bewilderment last November 18. Ernst completed 14 out of 16 passes and 10 of them consecutively, just one shy of the conference record.

Tulane opened the scoring with a safety, The Virginia safety man bobbled a punt on his own five. The next play John Papih took a flat pass in his own end zone but defensive halfback Elsworth Kingery was there to nail him in his tracks and Tulane led 2-0. Still in the first quarter the Wave took a Virginia punt on the Cavalier 49 and after a series of plays Kingery, from five yards out, shot through right guard and the first Tulane touchdown. A fumble by Virginia on its own 30 gave the Greenies the ball in enemy territory again, Mixing running with passing, the Wave surged to the Cavalier 5 and from there Ernst hit Kingery in the end zone.

The second period saw the Greenies run from their own 30 to the Virginia goal line. In this series, everyone was startled by a beautiful pass from "Tiger" Waggoner to reserve end McElhannon who carried the ball to the Virginia 4. Ernst then hit McElhannon on the goal line for the score. The Cavaliers broke into the scoring column in their second period. After the kickoff they moved, with the aid of two penalties, to the Wave 6. Quarterback Barkely hit end Brasell with a pass in the end zone. But Tulane was not to be denied, and on 4 plays from their own 20, the Greenies moved for their 4th touchdown on a 28-yard pass from Ernst to Waggoner.

In the third quarter, Tulane scored again, this time on a 36-yard jaunt by speedster Harold Waggoner. He broke off right tackle and sprinted untouched for the score. It was also in this quarter that Snider of the Cavaliers intercepted an Ernst pass and ran 80 yards only to be caught short of the goal line by the passer, Ernst. But they went on to score on a pass again from Barkely to Brasell.

Coach Frick had a chance to see some of his reserves in action in the 4th period. The battle was a bitter chase, but the Greenies added another T.D. on a two-yard buck by Kingery. Two minutes before the end of the game, Virginia moved from their own 24 to a score against Greenie substitutes. First crashed the last five yards.

But this scoring was of little avail, as Tulane sent a Homecoming crowd home happy with a score of 42-18.

He didn't quite make it
If he only knew what was behind him

VANDY GAME

A mighty Green Wave trampled Vanderbilt’s Commodores 35-6 before a 30,000 Thanksgiving crowd. Tulane completely outclassing the boys from Nashville opening the first period with an 80-yard drive deep into Vandy territory only to be stopped before reaching pay dirt. Then with an exchange of punts “Tiger” Waggoner raced 48 yards for the first Wave score. Comeaux converted and Tulane led 7-0 nine minutes deep in the first quarter.

About midway of the second period Kinek intercepted a pass and returned it to the Commodore 39 before being stopped. Ernst began to open up with passes one of which Kinek took on the Vandy 13 and twisting and turning from several would-be tacklers went over for the second Tulane T.D. The conversion was good and Tulane led 14-0.

In the same period an Ernst to Kinek pass chalked up 35 yards and put the ball on Vandy’s three-yard line. Waggoner plunged through the line for the score. The half ended with Tulane on the long end of a 21-0 count.

The Commodores threatened in the third quarter but their hopes were short-lived, for Kinek made his third interception of a pass and ran it back to the Vandy 13. The next play Kent went for the T.D. Comeaux again converted.

Soon after Kinek ran a punt back to the Vandy 37. Kibodeaux took a short 10-yard pass and then scored the Wave’s fifth T.D. on a pass from Ernst. The “golden toe” of Comeaux put the ball through the uprights.

Vanderbilt’s score finally came in the last minute of the game against the Tulane reserves.

Ernst passed to set up four of the five touchdowns and during the game he completed 16 of 29 attempts which far outshone Vandy’s celebrated Bill Wade.
A game and fighting L.S.U. team battled the favored Green Wave to a scoreless standstill for two quarters and then the fireworks began. A crowd of 74,000, keyed to a high pitch by a tiger-napping episode, saw the Tulane team come from behind and tie the underdogs 14-14.

The first half was a see-saw battle and punting duel between the two traditional rivals. Tulane’s Bill Bonar saved the Greenies several times from disaster by a beautiful exhibition of kicking. His average for the day was some 41 yards per boot.

Tulane opened the scoring in the third quarter when they seemed to catch fire and powered their way 61 yards to a T.D. Ronnie Kent did the chore with a line buck from the 1-yard line. Tommy Comeaux added the extra point. The Wave seemed to have the Tigers mastered until the latter part of the quarter. They were given the ball on the Wave 40 as a result of an illegal 4th down pass by Bonar. Nine yards was all L.S.U. could pick up on four plays but on the next play a fake sent Billy Baggett around end for 31 yards and six points. Konz tied it up with the conversion.

This event seemed to fire the L.S.U. team and they turned in a second rapid-fire touchdown. Jim Barton tallied on a one-yard plunge and the Tigers led 14-7 following the conversion. The Greenies were not to be denied however, and with slightly more than one minute remaining, started rolling. In three plays they moved 67 yards. Bonar hit Joe Shinn with a beautiful pass that covered 38 yards. Harold Waggoner, on probably the most spectacular bit of running during the entire game, picked up 21 yards smack through the middle. Ronnie Kent then carried it eight yards to the one, and Bonar sneaked over. Tommy Comeaux’s “golden toe” added the tying point. It was a game that neither team lost face in—a battle befitting the L.S.U.-Tulane tradition.
The Baby Billows got off to a rough start in the 1950 season. The Wave Frosh after a very limited practice played an early September opener with the McNeese Cowboys who won the game 27-20.

However, this game showed some very promising prospects for next year's Wave in Max McGee, Les Kennedy and Pete Clement.

After another six weeks' practice, the Greenies met Florida and won easily by 41-21.

Tulane took the kickoff. After three quick plays, Weidenbacher cut through the middle and ran 67 yards to score.

Later in the first period, Wall intercepted one of Florida's passes, and McGee soon hit pay dirt.

In the opening minutes of the second quarter, Florida sparked back with a score. Soon the Billows drove on for 52 yards, and with a pass from Clement to Price, scored the third touchdown.

Again in the second period, Florida scored. The half ended, Wave 21, Florida 14.

A 67 yard march and 25-yard pass chalked up the fourth touchdown for the Greenies in the third quarter. Shortly thereafter, Weidenbacher again went through the line for another touchdown.

Florida, in the fourth quarter, made their last score, McGee followed with another romp to Tulane's sixth and last score, and the game ended, Wave 41, Florida 21.

On Thanksgiving Day, the annual freshman Tulane-L.S.U. game was played. The teams fought to a 27-27 deadlock.

The Baby Bengals got off to a fast start in first half and led the Billow by 20 points. However, the Baby Wave began to roll late in the second period.

Our first touchdown came when Max McGee and Jim Partridge carried alternately for 77 yards and then McGee crashed across from the 1-yard line.

Pete Clement threw two touchdown passes to Kennedy and Weidenbacher in the third period to tie the score at 20-20.

In the fourth quarter, Kennedy recovered an L.S.U. fumble on their 40-yard line. The Greenies marched to another score and pulled ahead 27-20. The Bengals came back in the last minutes, however, to tie the score 27-27.

Trainers Dick and Porche try to cool Joe off
In spite of the fact that the Greenie basketball team had a not too impressive 12 won 12 lost record, much credit must be given to this year’s team. Never before since Coach Wells came to Tulane has the Wave had such a good schedule or a tougher one. None of the previous teams coached by Cliff Wells have had to play three of the nation’s top ranking teams in one season’s schedule, teams such as Kentucky, the nation’s number one team; North Carolina State, ranked in the top ten of the nation; and Columbia, acclaimed as one of the nation’s best. Yes, the Greenies had their work cut out for them, and considering the schedule and the fact that they are one of the youngest and most inexperienced teams to play under Coach Wells, they did a fine job.

Much credit must be given to the captain of this year’s team, Mel Payton. Not only did Mel do a superb job of leading the team to a rather successful season but he also became the recipient of several personal honors. During the season he became a member of the 1,000 point club, a mark that very few attain. He was second only to Kentucky’s Bill Spivey in S.E.C., scoring and sixth in the nation in number of rebounds for the season. For the third straight year one of the Wellsmen have been selected to an All-S.E.C. first team. It was Payton who received this honor. Also for the third year in a row a Tulane man has been named to play in the East-West All-Star game in Madison Square Garden and it’s Payton who is to go. Mel also was named on the All-Tournament second team at the S.E.C. tournament in Louisville, Kentucky. Mel is going to be missed next year by the Greenies but all good men must go sometime.

Now to look back on the season. Tulane opened its season early in December with a romping 74-55 score over visiting Birmingham Southern. It was the 100th game that a Tulane Wells coached team has won and it also kept the tradition of never being beaten in the opening game. Mr. Payton got off to a nice start with 29 points. The Greenies then journeyed to Houston and dropped a 70-66 one to the Owls from Rice Institute, Payton kept up his pace, netting 24 points. Big Don Holt also began to find the basket.

Then came the Christmas holidays but the Wave basketeers went right on playing. The period from December 15 to January 5 saw the Greenies play eight games, of which they won four. Still in mid-December the Wave en-
countered Ole Miss and Mississippi State, winning both contests 72-62 and 74-52. Columbia, one of the nation’s top teams, moved into New Orleans and Tulane Gym. The boys from New York were a little too much for the Wave and the Greenies dropped two 51-63 and 56-62. Northwestern then moved in for a one game appearance and were taken by the Wave 67-49.

After a quick trip home for Christmas the team left for the Dixie Tournament in Raleigh, North Carolina. It was here in the first rounds that the Wave again encountered one of the nation’s best, North Carolina State, and State rode the Wave by a score of 89-75. In the consolation rounds the Greenies showed much promise by taking the measure of one of the list’s “better” teams, Rhode Island State, 81-62. The Wave met Duke for the consolation championship and after building up a 56-27 half time had the roof fall in and the Wave fell before Duke 74-72. Regardless of these losses everyone got to see a lot of action and Coach Wells was able to determine his best men.

January 5 saw Conference play begin for the Wave, as they again took Mississippi State 71-64, Georgia Tech and
Tennessee were Tulane's next victims by 49-45 and 71-60 scores. It was in the Tennessee game that Mel Payton hit his 1,000th point. Tulane then journeyed to Athens, Ga., for a game with Georgia that proved to be one of the year's most thrilling games. With the score tied 70-70 and the clock running out Georgia's Jordan sank a set shot from far out that put the Greenies under 72-70.

A hot Kentucky team, the nation's number one, moved in to the Greenie camp and dealt the Wave a stunning 104-68 blow. Four records fell that night: the most points scored by one S.E.C. team against another, the most field goals made by two S.E.C. teams together. Also this was the most number of points that any team scored against Kentucky all year.

The Wave went on the road again, this time meeting Auburn and Florida and again they were defeated. This made four losses in a row for the Tulane team. Upon return the Greenies met the Bayou Bengals from Baton Rouge and took out their vengeance by whipping L.S.U. 69-54. Again the Wave went on the road and again they lost, this time to Alabama 66-57. But the next game was at home...
55. Ole Miss then moved to New Orleans and the Greenies led by a much improved Don Holt beat the Rebs 64-50. But in the last game the old story of the road repeated itself and Tulane fell before L.S.U. in Baton Rouge 51-46. It was the first time in 4 years that the Tigers had won.

Probably the most thrilling games of the whole season were played by the Greenies in the S.E.C. tournament. In the first round Tulane ran against Florida who had beaten the Greenies in regular play. The game was too close for comfort but Tulane won 66-62. The second game was even closer with Georgia Tech doing to the Wave what the Wave had done to the Gators. In an over-time period Georgia Tech won 63-61.

Thus the 1950-51 basketball season was complete. Tulane won only half her games but she was up against really stiff competition. The season saw Don Holt blossom into a pol-

and a different story. The second place Vanderbilt Commodores invaded the Greenie court but they couldn't get started and the Wave basketeers played the best game of the season. Payton with 24 points and Ralph Pederson with 22 points led the Wave as they sank the Commodores 90-

Bob Hullenger
ished player with a deadly hook shot, Bob Reed gained much experience as did several others. The only losses from the team will be Mel Payton and George Kinek so here's to the team of 51-52.

Reed takes aim

Wick goes in for a lay-up

DALE HUBBARD
BASEBALL

The baseball team opened its season against the Wildcats of Northwestern in a doubleheader played on McAllister green. The team began its workouts on February 19th and were able to get in some good practice sessions while the weather was good. Coach Read thought that the boys were in better shape at the opening this year than they were last year because of fairly good weather.

The Wave lost seven men from last year's team. The candidates for this year's team include eleven lettermen and a large group of hopefuls. The returning lettermen are:

"KNUCK" NORRIS

He pitches a football, catches a baseball
pitchers—Dick Norris, Tommy Comeaux, Robert Matty, Pat Harrington; catcher—Dewey Keen; third baseman and catcher—Bill Boner; second baseman—John McCormick; first baseman and outfielder—George Kinek; outfielders—Mel Payton, John Ward, Phil Fato.

With this many prospects the competition was tough for all positions; however, it was believed that a better team than last year’s could be fielded. Several of last year’s men were much improved according to Coach Read. He said the teams to beat this year were Alabama, L.S.U., and Mississippi State. Alabama won the conference title last year.
Throw that ball, Jim!

TRACK

SCHEDULE OF MEETS ENTERED
March 16, 17—Southwestern Recreational Meet at Fort Worth, Texas
March 31—Texas Relays at Austin

The thinly-clad
He flies through the air.

April 6-7—Southern Relays at Birmingham
April 21—S.L.I. Relays at Lafayette
May 5—Alabama at Tuscaloosa
May 12—L.S.U. at Baton Rouge
May 17-19—S.E.C. meet at Birmingham
May 24-26—Southern vs. S.E.C. meet at Atlanta
The Central Collegiate meet was also entered, at Milwaukee, Wis.

With an early printing of the JAMB this year full results of the Wave thinclads could not be reported. We can report that shot putter Jim Billon placed second in the Southwestern Recreation track and field meet in Fort Worth, March 17. Jim's distance was 41’ 10”.

Two freshmen also competed in the meet in special freshmen events: Big Art Alderson, last year's Texas school boy shot put champ, won the meet event with a toss of 46’ 3¾”. Mark McCoy, a two mile prospect, with a high school record of 9:47 for the distance, entered the half mile and one mile races in order to get in some good competition.

Coaches Oelkers and Oakes had only six returning lettermen, but there were some other good prospects this year. Those lettermen returning included Tom Hudson, a 220 and 440 man who was a conference finalist in the 440 last year. His best time was 48.8 to date, Bill Geary is a miler and the conference 880 champ with times of 4:19.9 and 1:54.7 respectively, Jim Foss is the conference broad jump champ. His best leap is 23 ft, 4½ in. Jim was also a low hurdle man.

Jim Billon, who has already been mentioned, helped greatly with his shot put efforts. Walker Spangenberg placed in the conference meet in the pole vault last year with a leap of 12 ft. 8 in. Jim Daigle rounds out the list of lettermen as a javelin thrower with a toss of 190 feet.

From the squad men several stood out as good prospects. Lennie Franchin did well in the 880 and mile as a freshman last year. George Cummins is a promising weight man. He broke the freshman shot record last year with a 48’ ft. 10” toss. Other prospects are Hal Waggoner, Bob Rogers, and Arlen Nihart in the sprints; Harry Howard in the 220 and 440; Bob Wiven in 880 and mile; Ernie Sandlin in 440; Ray Weidenbacher in the hurdles; and Nihart in the broad jump.

BILL GEARY

Sprint for the finish!
The loss of two outstanding netmen, Jack Tuero and Dick Mouledous hit the Greenie tennis team hard this year. Only two lettermen returned, Walker Harris, this year’s captain, and Ellery Carver. As the season rolled along two sophomores carried the bulk of the responsibility—Don Merritt and Alan Wickersham. They held down the number 1 and 2 spots respectively. Horacio Amengual and Bobby Hoffman rounded out the six man
squad. Merritt and Wickersham played excellently with due consideration to their lack of collegiate experience. A red-headed lad from Memphis, Merritt was an ace in high school, as was Wickersham, from Sylacauga, Ala. Both won numerous schoolboy titles. This year’s squad was somewhat of an experiment with two sophomores leading the way. With the promising freshmen now under Coach Fare’s guidance fine tennis teams are assured for the Wave in the future.

The Doubles Team, Merritt and Wickersham

CAPTAIN WALKER HARRIS

ELLERY CARVER
The opening of golf season found Tulane's Greenies with only three returning letterman, Fritz Franz, Herb Abraham, and Harry Burglass. This year's team was captained by one of last year's co-captains, Fritz Franz. Fritz, an able golfer, played this year in the Gulf Coast Invitational Tournament at Gulfport, in which he won third place in medalist competition. Last year, Franz was also in the semi-finals of the Louisiana State Amateur Tournament and together with co-captain Dick Chasse scored 39 out of a possible 45 points for the season's play.

The team minus the twosome in the next picture

Make it a “birdie” Fritz

What a follow-through!!!
Herb Abraham last year was in the semi-finals of the City Pro and Amateur Tournament of the city and this year won his flight in the New Orleans Country Club Invitational Tourney. Harold Lambert, one of the promising freshman golfers, also played in the N.O.C.C. tourney.

Transfer student Bob Blanek was one of the most promising members of the '51 squad, according to Coach Innes Millar. It was thought as the season got well under way that Blanek probably would take over the number 2 spot on the team.

Other members of the Wave team included John Manuele, Everett Noetgagel and Harold Galloway.

The Greenies played several duel and single matches. The season was climaxed by the Southern Intercollegiate Tournament at Athens, Georgia.
TULANE INTRAMURAL COUNCIL

Jerome Hellium ........................ Allen Cole

The Tulane Intramural Council is composed of representative men from the various colleges of the university. It is responsible to all the students of the university for the administration of all intramural activities; including inter-class sports, sport clubs, such as the soccer and tennis clubs, and entertainment organizations such as the bridge and chess clubs.

One of the most important working parts of the council are the class Unit Managers who help carry out the mission of the council at the class level.

Great strides have been made in intramural activity at Tulane in the past few years, and, by working closely with the Student Council, the Pan-Hellenic Council, and the Director of Student Life, this year's council has done its best to continue this advancement.

intramurals

Where's the ball?

Trapped!!!
The Commerce Juniors came out as the University champions in the 1950-51 Intramural touch football contest, by defeating the sophomore Engineers, who had been victorious over several other teams. This game was an easily won contest with the Commerce boys running and passing to an easy 25-0 victory over the engineers. The Commerce Juniors then met the Law Seniors for the championship crown and with good luck and fine playing defeated them 18-2.

In the Pan-Hel Conference, Sigma Alpha Epsilon started out in a big rush by downing Kappa Sigma 10-6 and Delta Tau Delta 13-0. However, they dropped from first place and bowed to the three top contenders for the finals, Kappa Alpha, Phi Delta Theta and Delta Kappa Epsilon. The Kappa Alphas and Phi Delta Thetas met four times. Twice they fought to a tie, once Kappa Alpha won but the game was
protested. Finally Kappa Alpha won the fourth game by a 2-0 score. The Dekes and KA’s then vie for the championship. The Dekes fought KA to a 7-0 victory for the 1950 Pan-Hel touch football championship.

A notable mention should be made that this year the Sophomore-Freshman game was re-established with the freshmen defeating the sophomores 21-20.

Following the football season Pan-Hel bowling took place. The first and second place went to Sigma Alpha Mu and Kappa Sig, respectively.
Well, just stand there!!

It's just a basketball, Joe . . .

Ping Pong succeeded bowling with Zeta Beta Tau, Delta Sigma Phi, and Alpha Tau Omega winning first, second and third place!

Sigma Chi defeated Kappa Alpha for the Pan-Hel basketball contest by a score of 32-28. Both the KA's and Sigma Chi's went into the finals with a 3-0 record.

In Pan-Hel track the Delta Kappa Epsilon's were victorious again. They rolled up 57 points to Kappa Alpha's 24 and Sigma Chi's 20.

A fantasy in basketball or—the photographer had a beer too many

Fifteen rahs!!!

- WILLIAM F. YODER, 327 Hemlock St., Jackson, Mississippi; Lambda Chi Alpha; President Law, ’51; Phi Delta Phi; Who’s Who; Louisiana Society of the Drott Civil; “Law Review.”
Phi Delta Phi is the oldest professional fraternity in America—Phi Delta Phi, that means Portias Definitely Prohibited. This international legal fraternity has as its aims "the promotion of legal training and ethics," which even lawyers seemingly believe need promotion. Projects include a lending library for low students in need of text-books, the award of a legal text to the law student whose scholastic average has improved most from his freshman to his junior year, and the promotion of an annual joint meeting with the LSU chapter. Talks by notable members of the bench and bar are sponsored by the fraternity.

All waiting for an ambulance to chase
Phi Alpha Delta is a national secret Greek letter law fraternity founded in 1896 by a group of law students in Chicago, Illinois. Its activities have since spread to seventy campuses throughout the nation. In 1924, Martin Chapter was established at Tulane. Its purpose is to develop higher ideals among its members who will enter the legal profession and to instigate projects which will be beneficial to the fraternity, the school, and the profession.

The Chapter’s activities are presided over by Justice Prim Smith, ably assisted by Vice Justice Leslie Inman, recorded by Clerk Kenneth Gorman, and reluctantly paid for by Treasurer Wilson Shoughrue.

Chapter delegates attended Phi Alpha Delta’s twenty-eighth biennial convention this year at French Lick, Indiana.

In its second year of renewed activity Martin Chapter has had a successful rushing period in which a variety of social functions were given. Its main project for this year is membership participation in legal aid work for indigent persons who are in need of legal aid; a project to afford members some practical knowledge of the problems of law practice before they are admitted to the bar. The Chapter will also establish a legal placement bureau for its members and alumni.

Future young men of the bar
La Société du Droit Civil was formed at Tulane a baker's dozen years ago by a group of law students interested in extra-curricular research and discussion of the civil law systems of France and Louisiana. The interests of the Society have broadened since and, at the dinner meetings of the Society now, leading members of the bench and bar are invited to speak on various phases of the law. (That's bar in the legal sense.) Discussion groups and special lectures, concerned with subjects of general interest to law students, are also sponsored by the Society.

Faculty advisors for La Societe this year were Ferdinand F. Stone and Clarence J. Morrow.
The Moot Court system is the College of Law is especially designed to train students in the presentation and argument of cases. It is this practical aspect of the practice of law toward which the efforts of the annual competition are directed. Technical training in research, brief writing, and oral argument of cases before a court from the foundation of the Moot Court work.

The Judges of the Moot Court are chosen from the junior and senior classes on a scholastic basis. It is their function to draft fact situations involving moot points of law, to perform the administrative duties of the Court, and to sit as Justices of the Supreme Court of the State of Louisiana. The Moot Court competition, which extends through the junior and senior years, has its climax in the final case which is argued before the full bench of the Orleans Parish Court of Appeal. In accordance with the tradition of the college, the names of these winners are yearly engraved on a marble plaque in the law school library.

This year a program was established in conjunction with the geology department whereby several oil and gas cases involving the use of expert witnesses were staged, and similar arrangements are being planned with the medical school. Also for the first time, this year, Tulane participated in the national Moot Court competition sponsored by the Committee on Junior Bar Activities of the Bar Association of the City of New York.

The Tulane Law Review is a quarterly periodical devoted to the study of civil and comparative law. Its particular emphasis is the study of codification and statutory interpretation and the most recent recommendations made in these fields.

The Review is edited, under faculty supervision, by a student board, membership on which is regarded as one of the highest honors to be won in the law school. Its editors are the loyal of Tilton Hall and they can be heard roaring "most any time."
LAW CLASS OFFICERS

SENIOR CLASS

HENRY E. YODER Left to Right President
GERARD CALL Secretary-Treasurer

FRESHMAN CLASS

BILL DRAZYNAK Left to Right President
LYNN JACKSON Secretary-Treasurer
JACK BROUSARD Vice-President
First Row:
- LORIN EUGENE AINGER, 1401 8th Ave., San Francisco, California.
- JOSEPH LAX AKERMAN, 97 Cherry Place, Orlando, Florida; Kappa Alpha; Kappa Delta Phi.
- BYRON SEDRIC ALLEN, JR., 1438 Peniston, New Orleans, Louisiana.
- JAMES ERNE ALTIGELT, 107 W. Mistletoe, San Antonio, Texas; Nu Sigma Nu.
- HELEN MARIE AHNAMM, 124 S.E. 7th St., Gainesville, Florida; Alpha Epsilon Iota; Alpha Omega Alpha; Beta Beta Beta.
- RAUL ANTONIO ARMSTRONG, 31 Sol St., Ponce, Puerto Rico; Phi Rho Sigma.

• CORBIN A. YOUNG, 1826 Cadco, Commerce, Texas.
The History of Medicine Society was established at Tulane in 1933 for students interested in this particular facet of medicine which is not included in the regular curriculum. Meeting once or twice a month, the Society hears original papers on various phases of medical history presented by students or guest speakers. The papers this year were largely concerned with Tulane's contribution to medicine, and the speakers were such well-known local physicians as Dr. C. Jeff Miller, Dr. J. T. Nix, and Dr. Bennett Dowler.

At the annual banquet each spring three awards are given for the best student papers: the B. B. Weinstein award for the paper representing the most original work; the I. I. Lehman award for the best discussion or presentation; and the Rudolf Matas award for the paper most suitable for publication.

- Marion Pearce, Ralph Earl Tiller, Wilbur
- Gordon Walker.

Alpha Omega Alpha is an honorary society of medical undergraduates, both men and women, who have shown promise of becoming leaders in their field. The society elects to honorary membership physicians who have attained distinction in any field of specialized endeavor and other persons, physicians or not, who have gained unusual recognition in fields related to medicine. Prerequisites for undergraduate membership are broad scholastic accomplishment, together with character, independence, and originality.

The Tulane chapter sponsors an annual lecture program which this year was given by Dewitt Steffen, Jr., M.D., Ph.D., of New York City. His subject, (and this has been carefully checked) was "Uric Acid Metabolism in the Normal and Gouty Human Subject.'

The Owl Club is a medical organization founded at Tulane University in 1921. It is composed of twenty-four seniors and three juniors in the School of Medicine; who are elected yearly by the club on the basis of character, personality, and scholastic interest.

The purpose of this organization is to promote student-faculty relationships through constructive criticism in order to improve scholarship, teaching, and standards of ethics. Also, the club is active in such projects as obtaining internship information for the benefit of the medical students, sponsoring the Tulane Student Research Fund, and conducting a survey of medical graduates of the past five years to obtain suggestions and criticism relevant to medical education.

They don't all look like owls
The Council's work is directed toward coordination of interfraternity scholastic, athletic, and social life. The harmony of a satisfactory and well-managed fraternity "rush-week" is achieved through the efforts of the Council. It is also the aim of the Council that each new medical student be welcomed to the medical school and into the medical school life in a friendly and hospitable manner.
Phi Delta Epsilon medical fraternity began at Cornell University in 1904 and has been at Tulane since 1918. The year’s program started in a big way with an evening swimming party given by the New Orleans Graduate Club. The chapter continued the policy of joint meetings with the LSU chapter. A number of informative lectures on medical topics were given at these functions. Several Saturday night socials appeared on the agenda as well.

The fraternity was led this year by Gerald Posner, president; Bert Myers, vice-president; Ronny Mann, secretary-treasurer.

"Big Wheels" included Bert Myers as president of AOA and Gerald Posner who headed the Owl Club.

Such a cozy little gathering

Alpha Epsilon Iota was founded at the University of Michigan in 1890 and was established at Tulane in 1919. It is the only women's medical fraternity at Tulane. The colors are black, white and green and the flower is the white carnation.

The year's activities were many and varied. On the professional side, there were the Sunday afternoon meetings with speakers from the faculty of Tulane and the practicing physicians of the city. Social highlights included the Senior Luncheon and the much anticipated Powder Puff Ball.

Alpha Kappa Kappa Fraternity was founded at Dartmouth College in 1888. Alpha Beta Chapter was established at Tulane in 1903 as the first medical fraternity on the campus.

In 1947, the chapter was completely reorganized and established in a new house located on St. Charles Avenue, midway between the two campuses.

The chapter emphasizes close social and professional fellowship with the prominent physicians who make up its large Alumni Association, in addition to numerous stimulating activities restricted to members alone.

The chapter is aided and assisted in its plans and projects not only by its alumni but also by a Ladies Auxiliary composed of the wives and the mothers of the active members and alumni.

First Row: Cagle, Ferreri, Ferris, Gaddy, Jackson, McElroy, McKinney.
Nu Sigma Nu was founded at the University of Michigan in 1882, and the Beta Iota Chapter was established at Tulane in 1910. Nu Sigma Nu is the oldest undergraduate medical fraternity in America.

At the beginning of its fiftieth year on the Tulane Campus this fall, the chapter pledged twenty-two freshmen. Under the direction of President Foster McCaleb, Jr., and House Manager George Olive the interior of the chapter house was redecorated with the creation of a dazzling gold and green living room among the more radical changes. The chapter house, located on St. Charles Avenue, is typical of the massive structure of early New Orleans homes. It was built in the year 1903 by Emile A. Allgeyer for his family and contains twenty-five large rooms.

Other highlights of the year were the Annual Rudolph Matas Lecture which is presented to the campus each year by this chapter in honor of its famed alumnus. This year Dr. Frank H. Lehey of the Lehey Clinic of Boston presented a lecture on neck tumors. Also it has been this chapter’s privilege to take an active part in the establishment and installation of a new Nu Sigma Nu chapter at Louisiana State University.

Why so formal?
PHI CHI

OFFICERS

THEODORE P. VOTTELER .............. Presiding Senior
GERALD WOODRUFI, JR. .............. Presiding Junior
JOHN EDWARDS ...................... Secretary
JAMES COKER ....................... Treasurer

Take a cup and drink it up—

The Phi Chi mansion, better known as "The ROCK," witnessed a very successful year under the guiding hand of Presiding Senior Ted Vottele. Topping the list of social activities were the Christmas Formal, held at the house, and the Founders' Day Banquet at which several of the original founders of Omicron Chapter were present.

The C. Jeff Miller Memorial Library, one of the most complete private medical libraries in New Orleans, contributed greatly to the Wednesday Night Journal Club organized and presided over by Larry McGee.

Leaving the Fraternity this year are several outstanding leaders, such as Dobney Ewin, President of the Tulane Student Body, and Charles Selah, President of the Medical School Student Body, but replacing them are a bevy of potential big wheels including Glenn Ruffin, Walter Till, Charles Brown, Charles Tyler, and the amiable Pete Hollis.

Isn't that an odd way to dance

Theta Kappa Psi, the oldest of Medical Fraternities, was founded in New Haven, Connecticut, in 1879. Pi chapter has been active in the Greek world since 1904.

The more serious efforts of the chapter during the 1950-51 season have been directed toward the revision of Zieman's Surgery Syllabus and keeping the excellent Foster John's library up-to-date with bound and current medical periodicals.

Among the social highlights of the past year was the annual Cadaver Ball given by the Theta Kep freshmen for the rest of the medical school. Also worthy of note were the Christmas and Halloween parties and, of course, the Spring Formal. At this latter function Kit Carson was announced as the "Outstanding Senior of the Year." In addition to his active role in fraternity life, Kit is president of the senior class. Runners-up were Joe Moss, Vice-President of the medical student body, and Bob Boese President of Medical Pan-Hellenic.

IN PANEL
First Row: Baldone, Bane, Bennett, Boese, Brown, Campbell.
Second Row: Carson, Dame, Davis, Deshautreau, Fairchild, Firnberg.
Third Row: Gaddy, Gallo, Goodlad, Irvine.
Fourth Row: Jones, Kellum, Lagergren, Lindley.
Fifth Row: Luttrell, McCarthy, Morgan, Moss, Pasos, Pearce.
Sixth Row: Pratt, Robberson, Rolfe, Swartout, Temple, Ullom, Withrow.
The newly elected officers of Phi Lambda Kappa for the coming year are Jerome Tucker, president; Gilbert Walker, vice-president; Stuart Farber, scribe; Herbert Bell, correspondent; Samuel Witten, treasurer; and David Kasner, sergeant-at-arms. Dr. Bernard B. Weinstein, gynecologist, New Orleans, has been voted as faculty advisor for the Tulane chapter. The chapter plans a lecture series for the 1951-'52 school year on both medical subjects and unallied general items of interest, to be delivered by experts in their respective fields. To complete the current program we shall have the last in a series of talks by Dr. Sidney Jacobs, and will then bid our seniors a fond farewell at our annual fraternity senior banquet.

"Dimples" Gandolfo steals the show again

ALPHA SIGMA SIGMA

OFFICER
ELIZABETH COOK . . . President

MEMBERS
Claire Lewis, Lynn Hock, Margee Gandolfo

Alpha Sigma Sigma, the senior honorary society, was founded at Newcomb in 1915 to promote leadership, scholarship, and loyal service to the school. On Alpha Sigma Sigma Day the names of those girls elected are announced to the student body. The following fall these members conduct a three day Freshman Orientation Program. The president of the club presides at Freshman Class meetings until the freshmen officers are elected.

The Assets have been on the Newcomb campus since 1938. This group is composed of the outstanding girls of the Freshman Class. They are chosen on the basis of school spirit, scholarship, leadership, and contribution. The members are chosen by the previous year’s members and are announced at the last Student Body meeting of the year. During the year after their election into the club they take an active part in Freshman Orientation. They are "Big Sisters" to the new freshmen, and plan the Sophomore Kangaroo Court at which the freshmen are on trial for their crimes.

Please smile, Betty

The Barracuda Swimming Club is an organization which promotes form swimming and pageant planning. At the beginning of each year, those who are interested in synchronized swimming are chosen on the basis of their swimming ability and the perfection of their strokes. The club meets every Wednesday of the month. The main event staged by the club is the annual water ballet which takes place in the Newcomb Pool in March. Every member participates in the pageant either in a group or as an individual number. A central theme is decided upon and is carried out during the entire performance.

Aside from the water ballet the Swimming Club also sponsors the National Telegraphic Meet, and the Newcomb Intramural Swimming Meet.

Give me the one on the right.

President: Chris West
Vice-President: Joe Simon
Secretary: Shirley Haddock
Treasurer: Thomas Carmichael

Members:

Tulane Newcomb students who want to learn more of conversational French and French culture comprise this recently reorganized club. These are meet every other week, at which interesting French films are shown and traditional French games are played. The main object of the club is to help students speak more fluently and understand the language. Under the guidance of Chris West, president, and the executive council, the spirit and enthusiasm has made every meeting a very successful party!

---

In the beginning of each semester try-outs for new members are held. The new members are put into the caryophyll group until they prove themselves worthy of election into the ballerina group. Election is based on ability plus service and interest toward the club.

A recital held in the spring climaxes the year's activities. This year's recital included Degas Pictures, the Pied Piper, and Diversments.

Composed of representatives from all of the dormitories, the Newcomb Dormitory Council provides the resident student government for students living in the dormitories. It carries out the regulations, tries offenders, and serves with executive, legislative and judicial powers.

The Council also provides for entertainments by and for its members, working with all dormitory students for an effective system of self-government in matters relating to the conduct of its members both as individuals and as a social group.

**NEWCOMB HONOR BOARD**

**OFFICERS**

CLAIREE LEWIS . . . . President
FLORA TALMAGE . . . . Vice-President

Newcomb College is proud of its honor system which is conducted by the students themselves. Honor Board acts as a jury for any violations against the honor system and also witnesses the honor pledge which each student must make upon enrollment at the College.

Honor Board has jurisdiction over examinations, classwork, smoking rules, and moral questions.

Honor Board's greatest job is that of impressing the importance of the honor system upon each member of the Newcomb Student Government Association, so that each girl feels it to be her duty to abide by the rules and to see that others do the same. The cooperation between Honor Board and the students is a close one.
The function of this association is to form a basis for co-operation between the faculty and the students. The piloting unit is the Student Council which is composed of the officers of the association.

Any needed change in Newcomb's constitution is proposed by the Council; all charters for organizations on campus are granted; and at all times, the actions of the Student Council strive to embody the active work of an association of able and adult individuals. The aim of the Council is an effective and representative self-government, as far as possible, integrating all campus activities into one cooperative and harmonious whole.
The Y.W.C.A. at Newcomb was organized in 1901, as a functioning part of the National Student Y.W.C.A., in order to promote a spirit of friendship and religious education on the campus and to encourage the growth of community and group spirit among the Newcomb students. The organization has grown and developed along with the college, keeping step with the students; the "Y" is a vital organization. Its membership is open to all Newcomb students.

This year the Y.W.C.A. sponsored a picnic supper for the freshmen during orientation, gave Thanksgiving baskets to the poor, sponsored Valentine and Easter parties for orphans, held the Senior Baby Contest, and as usual, took a part in the planning of the Easter Sunrise Service.

The Beta Lambda chapter of Beta Beta Beta, National Honorary Biological Fraternity, chooses its new members each year on a basis of interest in a science and a high scholastic record in a scientific subject. The activities through each year include field trips and lectures on a variety of subjects pertaining to science. February 13 was the initiation date for 1950-'51. Three active members and eight provisional members were initiated at that time.

Oreades is an honorary club for Newcomb students who are studying the Latin and Greek Classics. Each year at the beginning of the second semester new members are initiated into the organization on the basis of scholarship and interest.

This year Oreades entertained at a tea in honor of the new students in the classics department. Then, of course in December the members and new students took part in the annual Saturnalia party, which follows the old Roman Christmas celebration. Other social functions were held during the year, and discussions and lectures on classical subjects were presented at the meetings.

NEWCOMB ATHLETIC COUNCIL

OFFICERS
LYNN HOCK . . . . . Chairman
EFFIE STOCKTON . . . Secretary-Treasurer

MEMBERS
Ann Bridges, Virginia Bay, Margaret Field, Leila Flournoy, Emily Gess, Lynn Hock, Mildred Luhstey, Gayle Mckinney, Ellen Morris, Emily Nott, Emily Palmer, Gloria Patron, Cookie Patton, Effie Stockton, Anne Williams, Joel Wolfe.

The Newcomb Athletic Association, of which all students are members, is governed by the Athletic Council. This year, for the first time in over ten years, the Association is divided into four leagues by classes through "Round Robin" tournaments in volleyball, basketball, and softball, each class competing with the others. This competition is also followed through in the individual sports of ping-pong, badminton, tennis, and swimming.

The Athletic Council is made up of representatives of the four classes, league heads, presidents of the Swimming, Archery, and Dance Clubs, chairs of the team and individual sports, secretary, and chairman. This council supervises extracurricular sports, intramurals, and recreation nights.

Team awards are given on the basis of skill while individual awards are given to the most enthusiastic students who take part in many of the activities. Cups are awarded the winning teams, and gold keys are awarded to the victors in individual tournaments. Students who earn a sufficient number of points through participation receive felt "N's," blazers, or silver "N" pins.

Scootie's still winking at everyone

Alpha Chi Sigma is a professional fraternity for chemistry students. The activities of the Tulane chapter include an annual freshman essay contest and a newly instituted high school essay contest—both, of course, restricted to some aspect of chemistry. Aside from these disinterested projects, the fraternity endeavors to promote safety in the chemistry laboratory, which nobody will contend is entirely altruistic. It is understood that Alpha Chi’s are proud, if littery, over their low casualty rate.

The fraternity meets once a week for lunch and, among other things, bubbles, gurgles, phizzes, and slow heats over the topics of latest interest to chemistry devotees.

Called by some visionaries, by others realists, the Tulane United World Federalists are part of a world-wide organization whose objective is to bring about an effective federal union of the nations while there are still some left to federate. In furthering this objective UWF’s endeavor to marshal public opinion behind the necessity and urgency of federal world government, and through this informed and organized support, to bring forceful political pressure on the Congress and the government for changing the country’s foreign policy. UWF, while backing the United Nations, believe it inherently too weak to preserve world peace.

The chapter’s monthly meetings are devoted to the study of current developments affecting the world government movement. Formed only last year, the chapter is known to hope that it will be the shortest-lived organization on campus—provided only that it dies happily.

Sigma Gamma Epsilon was founded in 1915 at the University of Kansas. Its purpose is to honor students who show themselves to be personable and outstanding in scholarship in the Earth Sciences. Since its founding, almost fifty chapters have been established at recognized schools offering undergraduate and graduate studies in geology.

Beta Eta Chapter of Sigma Gamma Epsilon was chartered by the Grand Council in May 1950 and installed in November of the same year. The chapter has as one of its goals the bringing to the campus of distinguished members in the geological profession as speakers before its monthly open meetings. The local chapter also present annually to the outstanding graduating senior in geology a coveted award of merit.

The German Club is a band of German sympathizers; they sympathize with the German language and with German culture, not with the Third Reich. Non-club students, aware of the complexities of German syntax, sympathize with the sympathizers.

The Club has been in operation five years. It brings together both Tulane and Newcomb students (fraternization, you know) in informal gatherings. To quote its president, "The Club has made available to students as close a picture of German life as one might expect to find on a college campus." The closing qualification, it is corroborated, was made with a certain geographic consideration in mind, namely, that Bohemia comprises the greater part of southern Germany.
The Mathematics Club unites undergraduates, graduates, and faculty in an informal enjoyment of mathematics. Membership is limited to those who have taken, or are taking, a course in calculus, but discussions at the monthly meetings are usually non-technical—or so the claim goes. There have never been any laymen present to refute the claim. The Club's purposes are both social and intellectual. The intellectual, but somehow "non-technical," facet is promoted through the reading of papers. The Observatory is the setting for these "non-technical" papers and on clear nights the members are privileged to peer through the astronomy department's telescope, retaining, of course, a "non-technical" disposition.
The Tulane Amateur Radio Club is a campus organization of "radio amateurs" who spend odd hours in the radio room tucked away in the attic of the Physics Building, conversing with fellow "amateurs" in every country in the world. Several members use the Club's transmitters to contact amateurs in their home towns and so talk directly to families and friends. The amateur's radio equipment is in a state of constant change and many members spend off hours building and rebuilding existing equipment as well as experimenting with new techniques and apparatus. The Club's most active interest this year is to improve its emergency communication preparedness program to provide communications for relief organizations and personal messages in times of natural and man-made disasters. Everyone at Tulane is eligible for membership in the Club with only one prerequisite, an interest in maintaining and advancing the service and development of radio communication.

Pi Sigma Alpha is a national political science honorary society for students and faculty. Membership is not restricted to political science majors (but you've sure got to be a "my-political-science-grades-aren't-better-than-yours" snob to get in).

The Tulane chapter sponsors or co-sponsors the appearance on campus of governmental VIP's (Very Important Persons) and invites speakers of interest to political science students, from New Orleans and foreign countries, to give public lectures. Mayor Morrison was one of the year's early attractions.

The Psychology Major Club is an organization which fosters friendliness and brotherhood among those who have a common interest in psychology. It is comprised of those who select psychology as the major subject in their curriculum. The organization functions to promote more activities pertaining to psychology, to furnish the student with a little more than is usually acquired in normal classroom work.

The organization is newly founded and has held several lectures and demonstrations during the past year. Plans are being formulated for discussions, field trips, and social functions.
The Pre-Medical Society serves two functions: it provides a means for whetting the medical appetite of would-be cadaver cutters and it offers a sympathetic atmosphere in which the chances of getting a cadaver to cut can be plausibly calculated.

A closer fellowship among medically-minded students is promoted through educational and social activities. The society assembles to hear visiting lecturers; it promotes discussion on topics interesting to pre-med students; it organizes group tours to different hospitals, holds an annual banquet in May, publishes each year a journal that is distributed to all pre-med students.

Under the faculty guidance of Drs. Edward S. Hathaway, William B. Wendell, and Richard Taylor, the society has been host to eminent medical authorities, including the deans of the various medical schools.

The objects of the American Institute of Architects are to organize and unite in fellowship the Architects of the United States of America; to combine their efforts so as to promote the aesthetic, scientific, and practical efficiency of the profession; to advance the science and art of planning and building by advancing the standards of architecture education, training and practice; to coordinate the building industry and the profession of architecture; to insure the advancement of the standard of living of our people through their environment; and to make the profession an ever increasing service to our society.

The Tulane Chapter of the A.I.A. was founded in January, 1947. Many articles by members of this chapter are submitted and published in the nation-wide A.I.A. journals.

### MEMBERS

Only recently chartered, last year in fact, the Society for the Advancement of Management has been quietly advancing management in an unchartered way, for several decades. Its efforts are in the direction of broadening the approach to the management problem and strengthening the understanding of it on the part of the executives. The "management problem" is a summary term for all the skills and tools of production, distribution, administration, industrial relations, and finance. The latter includes taxation. There is an especial need for executives to approach that more broadly.

The activities of the Society include luncheon and dinner meetings with the senior chapter in New Orleans, monthly lectures and discussions at the Roosevelt Hotel with outstanding business leaders as speakers, field trips to industries in the New Orleans area, campus meetings, and occasional social gatherings.

### SOCIETY FOR ADVANCEMENT OF MANAGEMENT

Industrial leaders of tomorrow
First Row:
- Malcolm J. Armbruster, 6508 Laurel St., New Orleans, Louisiana; A.S.M.E.
- Alan André Aswad, 1104 Peidmont St., New Orleans, Louisiana; Alpha Chi Omega; A.I. of Ch. E.

AMERICAN INSTITUTE OF CHEMICAL ENGINEERS

OFFICERS

EARL BELLANGER  . . . . President
CLAUDE J. KELLY  . . . . Vice-President
LAWRENCE G. BODET  . . . Secretary-Treasurer
WALTER E. BLESSY  . . . . Faculty Advisor

MEMBERS

Founded in 1933, the student Chapter of the American Society of Civil Engineers has as its ultimate goal the breaking of the gulf between the student engineer and his college education and the existing conditions in the practical field.

The group strives to advance knowledge of theory and practice by the presentation of student papers and by contact with the faculty and with practicing engineers in the world today. Foremost among the projects undertaken by the A.S.C.E. is the recent investigation of the soil and settlement conditions in and around New Orleans. An outstanding event in the Student Chapter's activities is the annual field trip to the U. S. Waterways Experimental Station at Vicksburg, Mississippi.

Although primarily technical in nature, the activities of the organization are not confined to purely professional ones. Social functions consist of dances, luncheons, field trips, and beer parties.

AMERICAN SOCIETY OF CIVIL ENGINEERS

284
OFFICERS
ARTHUR SMITH . Chairman
DONALD BOWEN . Vice-Chairman
FRANK MAGARO . AIEE Secretary
LLOYD CHASSON . IRE Secretary
NEIL PETERS . Treasurer

MEMBERS

The Tulane University Joint Student Branch of the American Institute of Electrical Engineers and the Institute of Radio Engineers was formed in November, 1949, in order to provide a single, active, and interested group, rather than separate competing AIEE and IRE Student Branches. This joint branch provides the broadest possible exposure to the electrical engineering field during the period of basic training and affords an opportunity for the development of many qualities needed by the engineer but not always developed in the classroom or laboratory.

In addition to the regular meetings of the branch, students have attended the interesting meetings of the New Orleans Section of the AIEE. Among them, the meeting at WDSU-TV and program on Electronic Calculators were of exceptional interest.

The group holds social functions from time to time throughout the year in order that the members may become better acquainted.

AMERICAN INSTITUTE OF ELECTRICAL ENGINEERS

OFFICERS
VINCENT K. VAN ALLEN . President
GEORGE D. MOATE . Vice-President
PATRICK BRYER . Secretary
JULES G. ROUQUETTE . Treasurer

MEMBERS

The American Society of Mechanical Engineers, student branch, exists to develop leadership, initiative, and public speaking ability in its members, to give them an opportunity to acquire social address and facility, and to appreciate the activities of organizations among engineers. Through joint meetings and conventions, a monthly technical magazine, and adult speakers, the ASME student branch is closely linked with the Senior Chapter. There are no blueprints for the organization, though.

In constructing the year's program, the MTE employ technical talks, papers, and discussions, field trips to industrial and manufacturing plants, conventions, a banquet and other social gatherings.

AMERICAN SOCIETY OF MECHANICAL ENGINEERS
ENGINEER'S TECHNOLOGICAL ATELIER

Sponsoring the Engineers' Dance, St. Patrick, Claude J. Kelly, St. Patricie, Miss Jean Keil, and their Court, Miss Phyllis Emling, escorted by Fred J. Baehr, Jr., Miss Mary Edmond, escorted by Allen A. Aswad, and Miss Sue Francis, escorted by John Milandin, Jr., is the Engineers' Technological Atelier which presents itself as a spirit organization.

Founded in 1936, the Engineers' Technological Atelier is an honorary society which endeavors to unite the various engineering societies. It probes into the field of education by sponsoring the forum which gives the students an opportunity to present technical papers, and into the field of entertainment by producing the Engineers' Smoker and Engineers' Day skit at the Vanderbilt Game.

The commerce boys messed up the Blarney Stone that way
SENIORS

What would Jambalaya be without rice?

To jambalaya and gumbo, shrimp Creole and good honest beans, rice is indeed essential. The rice business itself is a great and satisfying one. Growing and milling, marketing and merchandising—these offer a constant challenge to those of us who live with, by and for the rice of Louisiana. Growers work to improve the varieties. Scientists develop new uses for rice. Our own company made marketing history this year by introducing a package design new to the industry. Every enterprise affords such new and ever-interesting possibilities.

As a graduate of Tulane University, you have the advantage of a fine start. It is our hope that your future "building years"—whether they be in industry or science or a profession—will also be good years, yielding many challenges and rich rewards.

GERMAINE CAZENAVE

Owner and manager of Arnaud's Restaurant, daughter of the late Count Arnaud, founder of the restaurant that bears his name, as well as creator of many famous Creole and French dishes famed throughout the world.

Few are the people who set foot on the sidewalk of New Orleans who do not seek to learn the location of Arnaud's and forthwith journey there to enjoy this famous cuisine. After partaking of a notable meal, guests frequently ask the derivation of a particular dish: "Is it French?" "Is it Spanish?"

The answer is that it is a combination of the wizardry of the French with the art of Spanish to make Arnaud's masterpieces.
