Dr. French has the unusual distinction of having bridged the gap between the University and the business world. Particularly because of this accomplishment, he has ably served the student, the University, the community and the nation.
The student sees him as an efficient and energetic Dean of the School of Business Administration with a genuine interest in their problems and as a capable professor of economics and business. To many others he is known as Vice President of the University in charge of the newly created Development Office which has already provided invaluable services in the financing and future development of Tulane. Dr. French, as former executive-director of the Public Affairs Research Council of Louisiana, has aided the community in its quest for better government. The nation has benefited by the assistance he has given as chairman of the Committee of the Southwest Economy, to which he was appointed by the President's Council of Economic Advisors, and as chairman of the Committee on Federal Aid to Welfare.
Thus to Dr. Robert W. French we are honored to dedicate the 1955 JAMBALAYA.

A Message from the President...

With the completion of the men's residence halls and the new Warren House, the University has developed an on-campus community of real and serious proportions. The recent construction of these residence halls has expanded the entire student life program. With the establishment of student councils in each of the houses, more students are now engaged in the educational experience of self-government. Gatherings with members of the faculty or distinguished visitors to the campus as guests have increased, owing particularly to the facilities offered in the lounges of the new houses. Plans for the provision of other facilities needed in cultural and recreational programs are now in progress. The JAMBALAYA will record the progress which we are making in the development of an integrated campus community, to go hand in hand with distinguished academic achievement.

A new group of outstanding men and women are bringing their experience to bear on Tulane's problems through the recently-activated Board of Visitors. The 30-member Board includes nationally known figures in education, science, industry, and other fields. A special committee has been formed to assist the Administrators' Committee on University Development, and another to concentrate on the needs of the School of Medicine.

"Our thesis," declared Joseph M. Jones, President of the Administrators, "is that this area needs an educational institution that will rank with the best in the nation, that New Orleans is a proper location for such an institution, that Tulane is the institution that ought to be further developed to attain this role, and that this is the time to go forward with such a plan. We believe that in bringing about these results the Board of Visitors will be of inestimable help."
Speaking very generally the Division of Student Life has the responsibility for the out-of-the-classroom student life both on and off the campus. These responsibilities for the most part fall into the categories of student conduct, student housing, services to students, and recreation. We feel that life outside the classroom at Tulane is full of opportunities. Practical education is available through holding responsible positions in student government and directing the work of student organizations and student publications. Wholesome recreation is provided through a broad program of activities which embrace motion pictures, dances, music, and theatrical performances. Some of the basic policies of the Division of Student Life are these:

(1) The general problem of the Division of Student Life is how the University may serve as a more effective place for students to develop as complete individuals. Owing to the tremendous increase in population since the last war, there has been a tendency in many large schools to treat the student merely as a unit in a group. We are trying very hard at Tulane to emphasize attention to the student as an individual. We feel that this is one of the very special values offered by the private educational institution.

(2) It is our duty of the Division of Student Life to accent, in so far as possible, educational usefulness in the student activities program and to organize faculty advisers and other resources of the University in this direction.

(3) We think these efforts in the area of services to the student on the part of the University should exhibit the same quality and thoroughness insisted upon in the classroom.

(4) In spite of the fact that there has been a lot of nonsense stated about students getting far more out of the student activities program than out of their classroom work, we believe that the student life program is of tremendous importance. We feel that the community life of our students during the hours when they are not in the classroom should not be regarded as something merely incidental. We believe that our great ideals of freedom and responsibility and the ideal of democracy can be nurtured in the proving ground which we speak of as the extra-curricular program.
A Peek in the Hand is Worth Two Finesses

OF STUDENT LIFE

First Row: Einar Pedersen, Assistant to the Dean; Mrs. Buchner Chipley, Student Center Hostess; J. E. Branch, Placement Officer; Randall Brahan, Guidance Officer.
Second Row: Andres Horcasitas, Foreign Student Advisor; Mrs. Myra Culbertson, Housing Secretary; Gerry Newman, Secretary to the Dean; Caroline Sharp, Secretary to the Dean.
In September of 1834 our medical school, as the medical college of Louisiana, was founded as the first medical school in the South.

The usual four-year program leading to the degree of Doctor of Medicine is offered by the medical school. The school also offers many graduate courses leading to the degrees of Master of Medical Science, Master of Public Health, and other degrees in public health. A number of short courses are offered in different specialties.

The College of Law has as its primary objective the training of students for the practice of law in Louisiana, but this is not its only aim. This college must be able to train students for the practice of law in other parts of the country, as well as for Latin American countries. The unique legal history of Louisiana, along with the geographical position and Latin culture of New Orleans, makes it particularly appropriate that the college serve a varied group of student with a diversity of legal programs.
The Graduate School offers courses of study leading to the degrees of Master of Arts, Master of Science, Master of Fine Arts, and Doctor of Philosophy. Graduate courses of professional type are offered by the School of Business Administration, the Law School, the Medical School, and the School of Social Work.

The privilege of going to the Graduate School is extended to properly qualified students holding Bachelor's degrees.

Newcomb College was founded in 1836 by Mrs. Josephine Louise Newcomb as a memorial to her only daughter. This was the first women's college to function within the framework of a university. On the campus there is a full curriculum of Liberal Arts, Music, Fine Arts, and now Newcomb offers the one-year abroad study plan. As it is within the culture of New Orleans, Newcomb is thus traditionally rich in its capacity to offer a liberal education.

The purpose of this college is to assure every student an opportunity to receive a sound general education, as well as a good base for specialization in future activities. Some of the students will prepare themselves for entrance into graduate or professional schools, while others will terminate their formal education with the bachelor degree. In any case, the college offers its students preparation for positions of leadership and trust in their communities.

And so friends, as we stand upon the threshold . . .

Column Right . . . March!

And man! You should have seen the one that got away!
ACADEMIC DEANS OF THE UNIVERSITY

SCHOOL OF ARCHITECTURE

DEAN JOHN E. DINWIDDIE

The School of Architecture is primarily concerned with and dedicated to the development of a living and vigorous native architecture for the southern region.

Through the five-year program, the school strives to integrate the architect as a social human being, a good citizen of his environment large or small. Though first aims are for the South we feel that the student should be equipped to adapt their work to any region.

COLLEGE OF BUSINESS ADMINISTRATION

DEAN ROBERT FRENCH

This college provides for its men and women substantial professional training for business careers. It seeks to enroll students of intellectual competence, good character, and leadership potential. The School of Business Administration strives to provide the business community with graduates who command a working knowledge of business management, and who can be counted upon to serve the community and the nation.

COLLEGE OF ENGINEERING

DEAN LEE JOHNSON

The College of Engineering offers a standard four-year course leading to the Bachelor's degree in Chemical, Civil, Electrical, and Mechanical Engineering. The courses are designed to provide a sound basis for professional careers of any kind in these fields with opportunity for study of Gulf Coast problems. The faculty also participates in offering graduate work leading to a Master's degree in four types of Engineering.

The winners and the winning design for the Beaux Arts Ball.

Time out for lunch at the Commerce Lounge.

The engineer in his natural surroundings.
The School of Social Work is a professional school offering graduate work in preparation for positions in private and public welfare organizations.

The university has been offering graduate degrees in Social Work since 1935. The school has been a member of the American Association of Schools of Social Work since 1937.

The University College or evening school got its name from the fact that it offers courses from all the various schools in the University. Students may also enroll in the regular day courses. The faculty is made up of full-time teachers and recognized lecturers in various fields.

Summer school may be attended by students enrolled in any College of Tulane University or any other university. The courses offered are used toward undergraduate degrees, and also are applied toward degrees in Graduate Schools. Summer School offers an opportunity to schedule work which could not conveniently be fitted into regular programs, to supplement programs with courses of particular interest, to make up deficiencies or prerequisites; and to reduce the length of time required to qualify for a degree.
The Student Council is the highest governing body of the Associated Students of Tulane University. It is composed of the presidents of the student bodies of the nine colleges of the University, and the three officers, President, Vice-President, and Secretary, who are chosen by a university-wide election. It is the voice of the Tulane students in university matters and is charged...
with the responsibility of governing and supervising them.

The Student Council of the 1954-1955 session worked for the betterment of Tulane through a stronger student-faculty relationship and a trend toward a more powerful form of student government.

By the use of joint student-administration committees, plans were made for improving the cafeteria, book store, and dormitory government. Parking, long a problem at Tulane, was studied and positive plans adopted for its improvement.

The general duties of the council consist of the administration of the University Student Fund, which is the budgeting of money to all recognized student organizations which need it; the general supervision of all university-wide elections such as Homecoming Queen, cheerleaders, and student body officers; and the approving of all student organizations before they can become official activities on the campus.

We are thankful for the cooperation that we have received from the students, from our university newspaper, the Hullabaloo, from the President of the University, and from the Dean of Students. Without any one of these, the functions of such a group would have been impossible.
The Newcomb Student Council is the piloting unit of a self-governing student body. It is composed of the officers of the Newcomb Student Government Association and the presidents of the Honor Board, Resident Student Government Association, Pan-Hellenic Council, Art School, Athletic Council, Music School, and the four classes.

It has the power to initiate legislation, consider any proposed amendment to, or revision of, the constitution, and to approve the holding of any election on Newcomb Campus. It strives to maintain the ideals and preserve the strength of the college by encouraging a close student-faculty relationship and by embodying in its actions the active and creative spirit of an association of able and adult individuals.
NEWCOMB
HONOR BOARD

OFFICERS

MAUDE SAUNDERS . . . . . . . . . . . . President
MARY ANNA KENDALL . . . . . . . . . . Vice-President
JIMMY MACKENROTH . . . . . . . . . . Secretary

Newcomb students take pride in their system of honor which holds the integrity of each student above all else. Under the Honor System each student is accountable on her honor for her conduct. Violations which endanger the system and thus the personal honor of every member are dealt with by the Honor Board which is composed of representatives elected by the Newcomb student-body.

ELIZABETH ALLEGRE . . . . . . . . . . . President
              West Wing of Josephine Louise House

The Newcomb Dormitory Council, composed of representatives from all of the dormitories, is the governing body of the Resident Student Government Association possessing the executive, judicial, and legislative power of the body. Its primary aim is to promote self-government and the responsibility of upholding the standards and regulations of the dormitories in order to insure an enriched college life.
The Tulane Alumni Association was organized in 1898 and is devoted to the broad principles of service to Tulane University. Since then Tulane alumni have taken an active part in the progress of one of the South's oldest and greatest educational institutions. Through the Alumni Association the University maintains contacts with graduates and former students. The TULANIAN, alumni magazine, is sent free of charge to all alumni.

Active Tulane alumni clubs exist in many parts of the world. Each year the Association sponsors Homecoming, a celebration which brings graduates back to the campus for reunions and other activities.

The Tulane Alumni Fund, organized eight years ago by the alumni themselves, is conducted by Class Agents, Area Representatives, and other alumni. The Fund has increased each year both in numbers of contributors and money contributed. It has become a strong financial support of the University and has been another means of nurturing alumni interest.

The Tulane Conferences are in their second year and are projects of the Tulane Alumni Association, designed to cooperate with and encourage alumni clubs of the University. This year seminar-type programs were presented through the Conferences in Alexandria, Shreveport, Monroe, Lake Charles and Lafayette, Louisiana, Jackson, Mississippi and Mobile, Alabama.
The headquarters of the Association are located at 6319 Willow Street in the Alumni House, which is constantly used as a gathering place for alumni and other University groups.
NEWCOMB ALUMNI ASSOCIATION

The Newcomb Alumnae Association, composed of all graduates and former students, is a means of channeling loyalties to Newcomb. Its office is housed in the Tulane Alumni House where files and pertinent information are kept. Made up of a national group of officers and clubs located in leading cities in the United States, its activities include thousands of women and cover a wide range of interests.

Its two national meetings yearly are held, one at Homecoming and the other at Commencement time. Its purpose is to fill college needs when they arise, to foster alumnae activities, and to serve as a tie between future, present, and past students and the college faculty and administrators.

THE COLLEGE OF MEDICINE

Hippety-hoppin' down the Bunny Trail
Anyone Got a Pocketknife?

The Stars and Bars Chapter of Alpha Omega Alpha Honorary Medical Fraternity entered its 41st year at Tulane. Being the only national medical scholastic organization of its kind, it plays a major role in awarding academic honors to the top graduates of the medical school, and to men who have been in practice at least ten years and who have made outstanding contributions to the field of medical science. The high-lights of the year's activities of the organization included the AOA guest lectureship at which prominent men of medicine were invited to speak to the faculty, medical students and guests. The annual banquet and election of two junior students as officers for the following year terminated the activities for the 1954-1955 academic year.
HISTORY OF MEDICINE SOCIETY

OFFICERS

GERALD P. FALLETTA . . . . . . President
ELI SEDLIN . . . . . . . . Vice-President
KENNETH PIERCE . . . . . . Secretary
JOHN SMITH . . . . . . . . Treasurer
DR. B. BERNARD WEINSTEIN . . . . . . Advisor

The purpose of this society is to afford students an opportunity to discuss and study the history of medicine and to hold frequent meetings at which students and faculty, having done individual research, present original papers on topics of medical historical interest.

THE OWL CLUB

OFFICERS

EUGENE R. CELANO . . . . . . President
ROBERT E. THOMPSON . . . . Vice-President
MAC PEWITT . . . . . . . Secretary-Treasurer

The Owl Club is an honor organization which is composed of twenty-four members who are selected on the basis of scholarship, leadership, and character. The members act as student representatives for the various departments in the medical school.

The purpose of the club is to promote and maintain better student-faculty relationships so that both parties may benefit by constructive criticism, in order to advance scholarship, teaching, and ethics in medical school.

And furthermore, Your Honor...
Phi Delta Phi is an international legal fraternity founded in 1869 at the University of Michigan and established at Tulane in 1911. Its purpose is to promote a higher standard of professional ethics and culture in the law schools and in the profession at large.

The national chapter maintains an endowment fund for legal scholarships.

Members are selected on the basis of scholarship and ethics.

The Fraternity maintains a legal lending library and presents a legal text to the student with the most improved grades in his second year. The fraternity has also sponsored lectures by members of the law faculty and bar.

It is the oldest professional fraternity in America.
What's this word here, Judge?

Phis Alpha Delta "The World's Foremost Law Fraternity," is the outgrowth of the banding together of a group of law students in 1898, who successfully achieved equitable qualifications for admission to the Illinois Bar.

Among the first colleges to install chapters of PAD were the Universities of Illinois, Northwestern, and Chicago. Today the extended role of law schools with strong and active PAD chapters includes Columbia, Cornell, Emory, Georgetown, Stanford, Texas, Vanderbilt, and Yale, to name but a few. Thus there are very few "class-A" law schools in America without a chapter of PAD and almost every large city has active alumni chapters. PAD has more chapters than any other law fraternity in the world.

On December 13, 1924, Phi Alpha Delta was chartered at Tulane University. From this date until "PAD went to War," the chapter had dedicated itself to projects of considerable worth and benefit to the law school student body as well as its members. The session of hostilities soon brought the chapter's reactivation and the fraternity once again pledged itself to serve the law school and the student body.
Founded as the Southern Law Quarterly in 1911, the "Tulane Law Review" is the oldest legal journal in Louisiana, and enjoys a respected position among members of the legal profession. The "Review," published quarterly, is devoted to the study of Civil Law, Comparative Law, and Codification. This year Richard G. Huber replaces Eugene A. Nabors, who retired after eight years as faculty advisor.

The Moot Court is an important organ of the law school, designed to supplement knowledge gained by experience in the classroom and the library by practical experience in the analysis, preparation, and argument of the cases. The judges of the Moot Court are chosen in equal number from the Junior and Senior class on a scholastic basis. It is the function of the Court to draft fact situations involving moot points of law, perform the administrative duties of the court, and sit as Justices of the Supreme Court of Tulane.

La Societe du Droit Civil is an extracurricular society supervised by the faculty and dedicated to the promotion of scholarly interest in the civil law. Student members of the Society are enabled to delve much more thoroughly than regular curricular time permits into the origins, history, development and method of the civil law, with particular attention to the Louisiana scene.

limelight
At the annual Pan-Hellenic Formal the sixth JAMBALAYA Beauty Court was in the limelight, and the well-kept secret of Ann Pleasant's election by the student body as Miss Pauline Tulane was announced. Early in November the JAMBALAYA editors had the enjoyable but difficult task of choosing 15 girls, whose pictures appear on the left of this page, out of nearly 100 to compete in the university-wide election. This year's court can certainly be considered one of the most attractive of all college annuals.

Also in the limelight for 1955 were 14 Newcomb Favorites and 14 Tulanians in the Hall of Fame. These students were chosen by the JAMBALAYA editors on the basis of their energetic participation in the various extra-curricular activities at Tulane. As is customary those who appeared in past Favorites and Hall of Fame sections were not eligible for selection.

Special mention must be made that for the first time in JAMBALAYA history the snapshot section was completely designed, laid out, pasted and drawn up by Jamb staff members. Many thanks and congratulations go to Jerry Cohen who held the responsibility for the entire 34 pages of snaps and to Eugene Brandt for the cartooning.

Kappa Delta Phi is the oldest honorary leadership fraternity at Tulane for men who have accomplished the most for Tulane.
The Alpha of Louisiana Chapter of the Beta Gamma Sigma fraternity was established in this school in June, 1926. The purpose of this fraternity is to encourage and reward scholarship and accomplishment in all phases of business among the students and graduates of the school, to promote the advancement of education in the science of business, and to foster principles of honesty and integrity in business practices. Members of the junior and senior classes are eligible for election. The attainment of high scholarship and promise of marked ability are prime requisites governing election. Undergraduate members are chosen by the faculty and student members of the fraternity.

The national architecture honorary fraternity selects men on a basis of scholarship, leadership, and character. Nominees undergo a pledge period in which the winning sketch of the traditional gargoyle competition is selected.

The Louisiana Beta Chapter of Tau Beta Pi, a national honorary engineering society, was established at Tulane University in 1936. Since its founding at Lehigh University in 1885, Tau Beta Pi has initiated more than 80,000 of the nation's top engineers into its ranks. The aim of Tau Beta Pi is to foster a liberal education in the engineering colleges of America. Primary qualifications for membership in this association are scholarship, leadership, character, and integrity.

WHO'S WHO
IN AMERICAN COLLEGES AND UNIVERSITIES

The students recognized in Who’s Who each year are nominated from approximately 600 colleges and universities. Campus nominating committees are instructed, in making their decisions, to consider the student’s scholarship; his co-operation and leadership in academic and extracurricular activities; his service and citizenship to the school; and his promise of future usefulness. Recognition by Who’s Who means that the student was first officially recommended from the university or college he attends and then accepted by the organization.
Phi Eta Sigma is a national honor society for recognition of superior scholarship among freshman men. This fraternity which is long established on many campuses throughout the nation, began at Tulane in the fall of 1954. Forty sophomores who had obtained a B+ average during their freshman year and nine faculty members were initiated into the society.

Theta Nu is the professional journalism fraternity of the Tulane University Department of Journalism. Its primary purpose is to promote, stimulate and guide undergraduate participation in the practical field of journalism. It was founded on the Tulane campus in the 1926-27 session by four students in the department. Each year the Theta Nu cup is awarded to a member who has been outstanding in the reporting of campus news. The "Hullabaloo and Jambalaya" are of special interest to the fraternity, and undergraduate participation in the work of these publications is encouraged.
Alpha Sigma Sigma, senior honorary society, was founded at Newcomb in 1916 to promote leadership, scholarship, and loyal service to the school. On Alpha Sigma Sigma Day the names of those girls elected are announced to the student body. The following fall these members conduct a three-day freshman orientation program. The president of Alpha Sigma Sigma presides at freshman class meetings until the freshman officers are elected.

Assets is an honorary society based on leadership, scholarship, service, and school spirit. Each spring, freshmen, outstanding in these qualities, are elected to become members of the organization by the Assets active at the time. The names of the girls chosen are announced at the last Newcomb Student Body meeting of the year.

The newly elected Assets begin their activities in their sophomore year by acting as "Big Sisters" to the new students during the Orientation program. Throughout the remainder of the year they take part in Kangaroo Court held for the freshmen and serve as ushers for various campus activities.

The Publications Board supervises the official campus publications and elects their editors and business managers. It acts as an advisory body on matters of policy concerning the publications. One of the most important matters discussed in Publications Board meetings this year resulted in the Board’s approval of the “Hullabaloo’s” proposal in regard to salary raises and a semi-weekly newspaper. The Board consists of the following members: Editor and Business Manager of the JAMBALAYA, Editor and Business Manager of the “Hullabaloo,” Vice-President of the Student Council, elected member of the Student Council, and two senior class officers from any of the colleges. The Vice-President of the Student Council acts as Chairman of the Board.

Don't Read It, Just Sign It!

The '55 JAMBALAYA, not wishing to be tied down to any specific theme, adopted a more modern "free verse" style. In order to carry out this style and still maintain unity and continuity, a highly logical, categorical, and narrative format was used. Such things as simplicity of design, varied styles of photography, originalized artwork, and different methods of printing and engraving were used to institute changes and innovations, though not all will be visible to the casual reader.

On the mechanical side, in our small green garret, we have attempted to solve the multitudinous problems which arise in the publishing of a college annual. Under the capable and orderly leadership of our editor, the staff has spent countless hours in typing copy, filing pictures, and writing captions. Without the exceptional cooperation of the people whose names appear on this page, it would not have been possible to bring you the '55 JAMB.
The Hullabaloo changed a little bit this year. It grew a larger staff.

It came out twice a week instead of only once as before. And it sprouted pictures all over the place—it became a true tabloid in more than just size. Editorially and featurewise, the Hullabaloo grew even more. It picked up a political columnist (reactionary Russ Dietrich), and sprouted a twice-a-week Social Lights column, written first semester by Courtney Faringo and second semester by Joan Borkerdinger.

Feature Editor Marilyn Levy (aided and abetted by accomplice Martha Gay) kept the prose flowing with stories on diversified subjects as "Stoilette" (not a stool for females—it’s a game which has become the roulette of the Engineering School), notes on the cafeteria bulletin board (including an interesting ad by a young lady), and a well-thought-out series of articles on the University’s many research projects.

Paul Atkinson’s prognostications from his sports page Glimpses were almost invariably wrong—but they did make good reading anyway.

And whatever his troubles with the future tense, Atkinson’s reporting of past athletic events and his handling of such on-campus features as Pan-Hel and IM activities (with the help of “Little John” Young and “Shakespeare” Handelmann) was consistently top-flight. All three Hullabaloo Managing Editors this year were outstanding in their capacity for hard work—and maybe that is why the Hullabaloo was on its third Managing Editor by Mardi Gras vacation.

The first Managing Editor, Russ Dietrich, left to devote full-time to her column and her contest—and rumors around the office had it she was also leaving schoolwork interfere with her Hullabaloo work.

The second Managing Editor, Hall-of-Famer, Who’s Whoer, and veteran reporter Argyll Campbell decided he’d like to graduate.

He let school work interfere with his Hullabaloo work too, but not without lining up the best set of pictures through the fall that the Hullabaloo had had in years. His bridging of unfounded gaps, his helping out in all departments, were what made a semi-weekly Hullabaloo possible.

The third Managing Editor, Maury Midda, had to learn everything from scratch at mid-year. He did, though. Watch him next year.

Guarding the Hullabaloo and its little Hullabalooites from lawsuits and libel charges, correcting common errors and idiotic spelling, and writing headlines for the first semester fell to Bob Rovand and his all-girl copy staff. He became famous with that immortal line, "Look, it’s right here on page 10 in the stylebook!"

But alas, he graduated in February and took his stylebook with him. The office, and his copy staff, hasn’t been the same since.

Rushing in to fill the breach—and perhaps to divvy up his mammoth $2.25 an issue salary—were Lucille Harris (the shy one), Margaret Colli (the quiet one), and Don Meyer (say, how’d she get in there)?

Also counting headlines in their sleep were Ann Flynn (the one with the striped shirt), Sue Hartman (better known as "Don, count this one for me Hartman"), Betty Balock, Ruth Will (who went on to better things as the Spirit of Mardi Gras), Kathleen Livingston (of "Billboard" and "At the Free Rick" fame), and many others.

And then of course there was Bulletin Board Editor Myron Rosenberg. While doubling first as Associate Sports Editor, and then as Associate Managing Editor, Myron managed to devote most of his time to keeping the bulletin board clear of the ridiculous (stern notes to reporters, warnings by the Business Manager, educational and cultural propaganda) and full of all that was vital, all that was necessary. Included were the latest reports on campus panty-raids around the nation (Tulane had one too), beauty queens (or any...
other kind, it was all the same to Myron, flying saucer reports, and personalized cartoons (with a Rabalaisian personality).

Aiding in the mirth were cartoonists Rony Kraemer (his cartoons were fabulous), Ann Cushing (hers were terrific), and Marilyn Moore (hers were of the same quality as Ann's).

With all these "personalities" or perhaps in spite of them, the Hullabaloo had a mildly eventful year. Editor Scott Bruns was told in a letter that he "ought to be run out of town or forced to transfer to Xavier or Dillard." He was asked if the Hullabaloo were a front organization for the NAACP. He said no.

These comments came after the Hullabaloo had recommended that the University go along with the graduate faculty's suggestion that Negroes be admitted to the Graduate School.

The Hullabaloo received the Student Council's endorsement of a pool on the segregation situation and the campus Democratic organization asked to take it.

The Hullabaloo asked permission to cover University Senate meetings and Senate Committee on Student Affairs meetings. The first was refused, the second granted.

The Hullabaloo received unanimous endorsement by both the Publications Board and the Student Council of its request for a University subsidy high enough to cover salaries for all its Editors. But the University refused to raise the approximately 7½ cents per copy subsidy.

Later on, the hearts of Hullabaloo Business Manager Walter "Farin" Ward and his staff were gladdened by another unanimous Student Council decision to allow the Hullabaloo to make up the difference by charging 5 cents for each Hullabaloo distributed on campus.

Meanwhile, the Hullabaloo had instituted a classified advertising section for the first time in its history under the directorship of Classified Ad Manager Herbie Hughes—and it sold a record amount of advertising for its 50th Anniversary issue in March.

It was a 50th Anniversary year that had seen a more frequently published Hullabaloo with more advertising and more news per week than any year in the paper's recent history. The Hullabaloo's 50th year saw better cooperation between both the Student Council and Administration than staffers had seen in years. And the threat of censorship, so long a bugbear in college journalism—and a nuisance as late as last year—was finally ended.

The Tulane-Newcomb A Cappella Choir was featured this year in new robes presented by the Tulane Alumni Association. The choir performed many times during the year and was enthusiastically received each time.

The members performed for the public initially at the Alumni House on Homecoming Day. They then sang in the Christmas Candlelight Concert and provided the chorus for the opera, "Amahl and the Night Visitors." During a busy spring semester the choir gave two television shows; made a three-state tour singing in Montgomery, Birmingham, and Atlanta; presented a spring concert; and sang at various civic functions.

Cardon Burnham, choir director, along with the choir members have worked successfully to coordinate enthusiasm and school spirit with fine singing and musicianship.

The Tulane Glee Club completed a successful and enjoyable year of choral work under the direction of Garden V. Burnham. This very popular group has performed at various civic functions, and also presented a half-hour television program early in the year. The members of the Glee Club joined the other singing groups on campus in the Christmas Candlelight Concert, the spring Festival of Song, and the spring oratorio presentations. Mr. Burnham has organized the Glee Club into a very spirited, enthusiastic group. The members of the club have worked well together. They are known for their fine rendition of classical as well as popular music. A smaller Barbershop Quartet has provided a lively sidelight with mellow harmonies of old favorites.

PHYLLIS WARD .................................................... Librarian

The Newcomb Glee Club enjoyed a year of fine performances and unusually wide participation. In December the Glee Club provided the music for the Newcomb Memorial Service and later combined with the other Tulane choral groups in presenting the Christmas Candlelight Concert, followed by carolling on the campus.

In the spring the group was again heard in the Festival of Song. The Club was also invited to perform at various civic functions and participated in the spring oratorio combining with the voices of the A Capella Choir and the Tulane Glee Club.

Under the direction of Mr. Garden V. Burnham the Glee Club proved to be a well-functioning unit rendering both classical and modern music. This year the group achieved closer social integration with the other choral groups by being joint sponsor with them of a campus dance held at the Tulane cafeteria.
The Opera Workshop began in the spring of 1953 to provide students with an opportunity to perform in various phases of opera and light musical presentations. The initial performance this year was "An Evening of Scenes from Opera" including scenes from the "Marriage of Figaro," "Carmen," "Rigoletto," "The Rape of Lucretia," and "La Tosca." In December Charbrier's "The Incomplete Education" and Menotti's "Amahl and the Night Visitors" were presented very successfully.

For the opera scenes basic sets and costumes along with accented lighting are used. The acting areas are set off by neutral screens suggesting windows, and

Below: As Amahl and visitors doze, Amahl's mother attempts to steal the treasure.

Bottom: Tipsy tutor advises newly-wed couple in Charbrier's "The Incomplete Education."

space rather than the realistic or stylistic settings used for the longer productions. The members of the Workshop are from all departments of the University. They are introduced to the many and varied phases of backstage work such as making and setting up scenery, lighting, and designing costumes.

The Workshop is directed by Cardon Burnham, Director of Choral Activities. All productions take place in Dixon Hall on Newcomb Campus.
The Tulane University Band draws its membership, during the football season, from the male students of the University. During the concert season membership is open to women as well. The Band performs at all home football games and is noted for its intricate and interesting "Half-time Shows." Its theme song, "Way Down Yonder," is a forerunner for much of the popular swing music played at each game—both in the stands and on the field.

The Band, of course, is centered around its capable director, John J. Morrissey, without whose inspiration the
Tulane Band would not exist. Mr. Morrissey's national reputation as a composer is well known.

The Spring Concert, presented by the Band the first week in May, is an annual event. In addition, a Spring Concert Tour is a yearly planned activity which this year included Little Rock, Hot Springs, Texarkana, Shreveport, and Alexandria. As a concert band the "Chief's boys" have few peers among universities throughout the country, presenting annually perhaps the most eagerly awaited show of the year on the campus.

Now Hit that "G," Gang!
The 1954-55 season of the Tulane University Theater included four major productions: "The Crucible" by Arthur Miller; "Liliom" by Ferenc Molner; "Blithe Spirit" by Noel Coward; and a double feature of "Helena's Husband," a one-act farce by Philip Moeller, and "Electra" by Sophocles. The directors were Mr. Hostetler and Mr. Hendrickson of the Tulane faculty and Mr. Uttal of the graduate students department. Mr. Burnham, Tulane Choral director, created the background music for "Electra." Members of the Tulane University Theater comprised the stage crews.

TUT is open to anyone connected with Tulane University: students, faculty, and
Anyone working in one production is invited to probationary membership. He is entitled to full membership after working in a second show, and he retains membership by working in two shows each season. TUT is proud to have members from nearly every college of the university and from the faculty. The strength of the organization depends upon the university-wide support both in participation in productions and attendance at performances. The theater playhouse has a workshop and fine sound and lighting equipment.

The Baptist Student Union represents, includes, and unifies all of the Baptist student activities on the campus. It seeks to preserve the relationship of the student with his church, and to continue the religious education which his home church has begun. Thus, it acts as a connecting link between the college and the church.

The Baptist Student Center at 7107 Freret Street, is headquarters for the organization.

CANTERBURY CLUB

OFFICERS

A. DEAN CALCOTE .... Senior Warden
ALEXANDER MCCOY .... Secretary
WILLIAM D. HORAN .... Treasurer
ROBERT A. GEORGE ... Sacristan
THE REV. THOMAS C. AYCOCK, JR. .. Chaplain

Canterbury Club serves the mission of Christianity in higher education by fostering among university students a more mature understanding of the faith and practices of the Episcopal Church and loyalty to its corporate life.

Canterbury Club centers its activities at Canterbury House, the Episcopal University Center. Activities include weekly Tuesday night discussion forums led by prominent clergy of the Church, which consider a variety of topics related to the total needs of the college community in the light of the Christian faith.
The Christian Science Organization of Tulane University was formed in December, 1943, and is authorized by the Manual of the Mother Church, The First Church of Christian Scientists in Boston, Mass. The organization holds weekly testimonial meetings on campus and sponsors a lecture each year by a member of the Board of Lecturship of the Mother Church to which students, faculty members, and friends are invited.

Gamma Delta is the International Association of Lutheran Students. The Alpha Upsilon Chapter on Tulane campus has as its aim the promotion of spiritual and social fellowship among Lutheran Students. Luncheon meetings are held every Friday in the south meeting room of McAllister Auditorium. This year the activities of the organization have included square dances, picnics, and religious topic discussions. The Chapter will play host to the 1955 Regional Convention of Gamma Delta.
Disciples Student Fellowship is a national organization sponsored locally by The St. Charles Avenue Church for young people attending college, nurses' training, or business students in New Orleans. Its purpose is to provide religious training as well as to offer social and recreational opportunities.

Some of the group's activities include a church school class at 9:45 A.M. each Sunday, the Sunday morning worship service, the church choir, weekly Sunday evening supper meetings, and a basketball and softball game.

Newman Club

The Newman Club of Tulane University is a religious organization open to all Catholics on campus. Established eight years ago to provide Catholics with additional spiritual, intellectual, and social outlets, the club endeavors to fulfill its aims by holding weekly meetings and monthly Communion breakfasts and socials.

This year the Newman Club acquired their own house, Newman Hall, where all gatherings are held. A full program of recreation is planned each year, featuring fun and fellowship.
The Wesley Foundation is the Methodist Student Movement on the Tulane campus. Our main objectives are to integrate the students and the church into university life; to provide an opportunity for intellectual stimulation, wholesome recreation, and spiritual growth; to restate the gospel in contemporary terms; and to aid the student in the realization that college is a vocation in itself. Student-led devotions are given Monday through Friday, and the main program meetings are on Thursdays at five. Many interesting and inspirational people come to 1030 Audubon Street regularly. . . . How about you?

Westminster Fellowship offers spiritual guidance and comradeship to all of the Presbyterian students of Tulane. Supper meetings are held every Sunday night at 6:00, followed by programs of speakers, readings, discussions, or films. The group also holds noonday chapel services in conjunction with the Wesley Foundation, maintains a study group which meets during the week, publishes a newspaper every two weeks, and plans a fall and spring retreat in connection with the other Westminster Fellowship groups in the state.
The year 1954 was a most successful one for the Tulane Cheerleaders. The squad traveled to every out-of-town game except one, supporting the Greenies. Several comments from the opposing fans stated that if the cheerleaders reflected in any way the school spirit, Tulane really must have it. All the members of the squad agree that the overall spirit of the university has increased since the last season. Those students acting as cheerleaders were Julia Cherry, Shreveport, La., Jeron La Fargue, Head Cheerleader from Sulphur, La., Charlie Mitchell of Greenville, Miss., Connie Stewart from Jacksonville, Fla., Ann Ulmer, Columbia, Miss. Freshmen on the squad were Lavinia Brock, Belasco, Texas, and Stephen Andry of New Orleans.
The Tulane University Spirit Klub is an honorary organization for the promotion of school spirit. It is composed of members of every social fraternity and sorority as well as independents who have shown their ability and desire to foster better spirit at Tulane.

Their activities include participation at football games in taking charge of the decoration of the goal posts, sponsoring card displays, and helping with the seating of students in the student section. A TUSK member is distinguished by his blue jacket with the green and blue "T" and a white tusk superimposed on it. TUSK compose a special cheering section at basketball games and awards senior members of the team with plaques at the end of the playing season.

This year TUSK has worked with the other spirit groups on campus toward an increasing spirit of cooperation and enthusiasm at Tulane. Bon fires, dances and campus Carnival are highlights of its year-round program.
Man-of-the-Month?

Greenbackers is the oldest spirit organization on the Tulane Campus, made up of members chosen by a majority vote of the entire membership on the basis of their interest and their desire to work in furthering the activities of Tulane. Greenbackers sponsors Sorority Skit Night, sale of greenie beanies, pep rallies, and co-sponsors cafeteria dances. Other activities include decoration of the University Christmas Tree, distribution of slogan stickers, and the painting and hanging of signs publicizing spirit and other functions. Greenbackers aids in Orientation, by participating in the "Meet the Team" Program.
LAGNIAPPES

OFFICERS

Lagniappes, the University Student Dance Organization, was successful in bringing together the students of Tulane and Newcomb at university-wide dances. Beginning the year with a big welcoming dance in honor of all the freshmen, Lagniappes continued its fall activities with "Student Stomps" held almost every Friday night during football season. Highlighting the season was the annual Homecoming Dance, held this year in the Tulane Room. Besides presenting the university Christmas Dance just before the holidays, Lagniappes gave for the students one of the most gala Spring Formals ever held at Tulane.

Alpha Phi Omega is a National Service Fraternity which is on our campus to do any service it can to help promote campus activities. Some of this year's activities were: campus carnival, ugly mug contest, selling concert tickets, ushering for basketball games, decorating the Christmas tree on the center of the campus, helping at the Alumni House during Homecoming and maintaining the lost and found department in the student center.
White Caps is an organization of Newcomb College for the promotion of spirit on campus. All regular students including freshmen who are interested in taking part in numerous student activities, are invited to join.

Among the many activities of the year were the participation of the members in cheering at the football and basketball games, the promotion of the Freshman-Sophomore football game, and the sponsorship of a number of spirit dances.

The Order of Adelphons was originated at Tulane in 1949 to act as a service group to the University, to promote mutual understanding and cooperation among fraternities, and to establish better relations between the fraternity men and Tulane. It is an inter-fraternity organization composed of not more than three representatives from each fraternity. Principal activities include ushering at Commencement exercises and Convocation. The group holds several social events throughout the school year.
ORGANIZATIONS - '55
The Leadership Council is composed of the presidents or the representatives of all the clubs and organizations in the University. The purposes of the Council are to coordinate the various university-wide activities, to promote interest and spirit, and to sponsor special university functions. The governing and functioning body of the Council is the Executive Board, which is comprised of 18 Council members representing varied fields of interest, such as scholarship, music, social, and professional groups. Activities sponsored by the Leadership Council are a Christmas party for children of students and families of Tulane, the Christmas Dance, musical and caroling programs, Campus Carnival, and University Honors Night.
GLENDY BURKE

ARTHUR HASTINGS ........................................ Speaker

MARILYN LEVY ............................................ Vice-Speaker

EMILE DIETRICH ........................................ Secretary-Treasurer

The oldest Tulane organization, as well as one of the most active, the Glendy Burke Literary and Debating Society sponsors Tulane debating and forensic activities and publishes "Carnival" magazine.

This year the Society members made trips to debate and speech tournaments over the South and Mid West and received excellent ratings. In addition, Glendy Burke members held highly successful high school and collegiate speech tournaments on the Tulane campus.

The Glendy Burke Oratory Contest was revived by the Society. The contest was founded in 1848 and formed the basis for the Glendy Burke Society.

Also included in the plans of the group were the sponsoring of discussions and debates with visiting schools.
The Tulane International Relations Club exists to provide a place on the campus for discussion and consideration of world affairs by the student. Its main activities are the celebrations of United Nations Day and Pan-American Day, and semi-monthly meetings at which speakers from off-campus are brought before the students and discussions and debates are held. Some of the members attended the national convention of the Association of International Relations Clubs. Additional activities include distribution to members of publications in the field of foreign affairs. A measure of the success of the local club might be that the past president, Miss Julie Douglass, was elected secretary of the National organization of some six hundred local clubs.

The Greeks had a word for it and so did all those who saw Campus Nite's original musical comedy "Greek to Me" on March 11 and 12. This year's show was based—very broadly—on Aristophanes' comedy, "Lysistrata," and had more talent than ever before presented to the Campus Nite audience.

A special performance of the show was given for Parents' Day on April 23. In addition to the big show the Campus Nites entertained at the New Orleans Country Club's annual Pigskin Party, at the fall Commerce Dance, and at other university and civic functions.
"It's Greek to me"

Nile Train

The Folies were never like this
The purpose of the Newcomb Barracuda Club is to promote interest in swimming, particularly synchronized swimming. New members are chosen by competitive tryouts in which each applicant is graded on her rhythm, form, and coordination in the basic strokes, a synchronized stroke to music, two stunts, and a standing front dive. The newly accepted members are known as Baby Barracudas and are trained in synchronized swimming at the weekly Wednesday meetings for the spring pageant, after which they are full Barracudas. The theme of the 1955 pageant was "Mother Goose"; numbers included were Old King Cole, Jack Sprat, Humpty Dumpty, Jack Be Nimble (a diving act), Three Blind Mice, Mary, Mary, Quite Contrary, Twinkle, Twinkle, Little Bo Peep, Three Little Kittens, Woman Who Lived in a Shoe, and others. Among the other activities of the year the Barracuda Club presented a program for the freshmen during orientation and sponsored the Newcomb Intramural Swimming Meet.
The Newcomb Dance Club was founded in 1940. Its purpose is to promote interest in all types of ballet and to furnish dances for campus productions and other campus and civic activities. The teaching and direction of Miss Frances Bush, Newcomb faculty member, has helped make the club a success.

Try-outs are held for new members at the beginning of each semester. The new members are known as Coryphies until they have proven themselves worthy of being elected into the ballerina group. Elections are based upon service as well as the ability and interest of each girl. Meetings are held on Monday and Wednesday each week at the Newcomb gymnasium. A dance recital is given by the club in the spring to climax the year's activities.
OREADES

OFFICERS

MARY LEHMAN .............. President
LYNN MacMURDO .............. Secretary
BETH SAWSON .............. Treasurer

Oreades is the honorary organization designed to create and stimulate an appreciation of the classics. It is open to those students at Newcomb who show an interest in the acquisition of classical knowledge and desire to relate this information to everyday life. This is a departmental organization, but its members do not necessarily have to major in classics. The group meets on the third Tuesday of every month and includes in its yearly activities the following events: a Saturnalia festival in imitation of the Roman holiday celebrated in December, discussions, and lectures.

LA TERTULIA

OFFICERS

SYLVIA BLEDsoe .............. President
BARBARA FLEISCHMAN .............. Vice-President
MATILDE BONILLA .............. Secretary
ISABEL ANGLADE .............. Treasurer

La Tertulia, founded in 1939, is the honorary Spanish Club at Newcomb College. The purposes of La Tertulia are to establish and maintain a vivid interest in Spanish among the students, to practice the language, to promote goodwill and understanding among our people and those of Latin American countries, and to become familiar with Spanish customs, literature, and art.
The Beta Lambda Chapter of Beta Beta Beta is the national honorary biological fraternity at Newcomb. Its main purpose is not only to stimulate a major interest in biology, but also to demonstrate the pleasurable satisfaction of scientific surroundings.

To be eligible for membership a student must have taken freshman biology and have received a grade of B or better.

The fraternity meets once a month, on Thursday evenings. The activities include discussions, field trips, lectures, and socials.

The purpose of the French Club is to further interest in the language and culture of France. It provides Newcomb and Tulane students with an opportunity to apply what they have learned in class.

This year the members listened to popular records by leading French artists and presented one-act plays in French. The activities also included a program and tea for faculty members, and a trip to "Cajun" country as a climax to the year's events.
The Newcomb Art Club is designed to promote the interest of both students and faculty in art. Membership is open to all Newcomb students. During freshmen orientation, a tea was given in honor of the new students. The club also sponsored exhibits in the art school gallery, such as the "art for Christmas" exhibit, educational films on art, and guest speakers. The public is invited to attend all of these events.

Gamma Mu chapter of Delta Sigma Pi was established at Tulane in the School of Business Administration in 1949. It is the largest professional fraternity in the field of Commerce and Business Administration and has more than eighty chapters in colleges and universities throughout the nation.

Many professional and social activities are conducted each year and points are awarded in a national efficiency contest to those chapters which conform to standards set by the Central Office. Gamma Mu has led the way with 100,000 points since its founding.

The Fraternity sponsors tours of local firms, conducts programs with prominent speakers from various business fields, and promotes films and discussions about important topics from today's business world. Social activities are many. Among the more outstanding are the annual Rose Dance at which the Rose of Delta Sig and Her Court are presented, the two rush parties at the beginning of each semester, and a variety of other parties and entertainments throughout the year, such as the pledge-active football game, which is followed by a stag beer party.

Faculty Advisor for the year was Dr. Gerald Warren.
The Society for Advancement of Management is a professional society organized for those students interested in the phases of the broad field of management.

The Tulane Chapter of S.A.M. was established in 1949 and is one of the 95 active student chapters. The Tulane Chapter is sponsored by the New Orleans senior chapter for the Society for Advancement of Management, which is composed of outstanding business leaders in the New Orleans area.

Field trips to local industrial establishments, outstanding speakers, and various social events are among the yearly activities of the Society designed to further student interest in and knowledge of the business world.

Students in the School of Business Administration who have completed 36 semester hours and are interested in management are eligible for membership.

The Commerce Women's Club is a professional organization for girls enrolled in the School of Business Administration. Included in this year's activities were an orientation tea, the donation of a Thanksgiving basket, a Christmas party, a tour of the New Orleans harbor, a senior luncheon, the selection of the 1954 Commerce King, Mr. Peter Firmin, and an award presented to the outstanding member of the Freshman Class.

ENGINEERS' TECHNOLOGICAL ATELIERs

OFFICERS
DONALD BILINSKI ............... President
JOHN MARSHALL ............... Vice-President
JAMES TUCKER ............... Treasurer
CHARLES ROBARDS ............... Secretary

The Engineer's Technological Atelier was organized in 1938 to promote school spirit among the students of the College of Engineering. During this year, the organization sponsored the annual Engineering dance, Engineer's Day at the football game and the skit at half-time, the Engineer's Smoker, and the Engineering Forum and Field Day. At the dance, St. Pat, the Engineer's Guardian Saint, St. Patricia, and their court were presented and reigned supreme over the dance.
The American Society of Mechanical Engineers, student branch, is an organization composed of undergraduate students in mechanical engineering. It provides a means for those students to meet on a professional basis in order to discuss matters of interest, and to carry out activities during the school year.

Upon graduation, the student is afforded the opportunity of transferring his status in the A.S.M.E. from Student Member to Junior Member, and he may thus further his activity on a higher level of the organization.

The American Institute of Chemical Engineers was formed on the Tulane campus to supplement chemical engineering school work. By inviting local industrialists to speak at A.I.Ch.E. meetings, and by making field trips to chemical process plants in the New Orleans vicinity, this student chapter affords its members the opportunity to obtain practical information concerning work in their chosen profession.

The A.I.A. was organized in 1947 at Tulane to act as liaison between the student architect and the profession. Besides this important function, it undertakes a program to assist in the preparation of the student for the professional world, by a series of exhibitions and lectures, and a student placement service for summer work.

Student Chapters of the American Society of Civil Engineers are established to help civil engineering students to enrich their college courses by beginning those professional contacts and associations which, continued through life, are so valuable to the practicing engineer.
The Tulane chapter of the national physics honor society, Sigma Pi Sigma, began the year quite appropriately by electing into membership eleven new members. These were undergraduates, graduate students, and faculty members who were awarded the distinction, having shown high scholarship and achievement in physics. The enlarged group continued throughout the year with varied activities, all intended to foster interest in physics at the source of future physicists—the students of physics.

Sigma Gamma Epsilon is the National Honorary Professional Fraternity in Geology and was founded at the University of Kansas in 1915. Beta Eta Chapter at Tulane was chartered on November 11, 1950, as the outgrowth of Gamma Epsilon Omicron, a local club which was established in 1938. Throughout the year, Sigma Gamma Epsilon presents especially qualified speakers on geological topics in open assemblies.
The Pre-Med Society was organized on the Tulane Campus in 1948 so that students seeking a common goal, Medicine, could meet together and learn more about the Profession.

The Society meets bi-weekly to hear eminent medical authorities, to see interesting medical and scientific movies, and to tour local hospitals.

Being a relatively new organization on the campus, Pi Lambda Beta pre-legal society was formed at Tulane in 1952 to "promote a closer association and understanding of the Pre-Law students." At their meetings, social events, and semi-annual banquet, members not only have an opportunity to become acquainted with the Law School and its faculty, but also to gain a clearer insight into the various aspects of the legal profession by meeting and hearing discussions by prominent lawyers, judges, and law professors.
The Tulane Chapter of Pi Sigma Alpha Fraternity, national political science honor society, was founded in 1949. In addition to the election of honor students to membership, the organization functions throughout the year for the promotion of extracurricular activities related to public affairs. The objects of this fraternity are to stimulate productive and intelligent interest in the subject of government.

The Alpha Tau chapter at Tulane University was installed in 1928 with thirty-two charter members. The fraternity has as its objects: to bind its members in a tie of true and lasting friendship, to advance chemistry as a science and as a profession, and to aid its members in their profession.

Social activities of Alpha Tau include a semi-annual smoker, beer party, date party and faculty ball game.

The Tulane chapter also sponsors the annual High School and Freshman Essay Contests on chemistry.

The Tulane-Newcomb Psychology Club brings together all people taking or having previously taken a course in psychology. The purpose is to afford these people some type of material outside that furnished by the ordinary classroom curriculum, by means of lectures, movies, demonstrations, and field trips.
MILITARY
Scabbard and Blade is a National Honorary Military Society with local chapters, called companies, located in 131 leading colleges and universities which have Reserve Officers Training Programs.

Founded in 1904, Scabbard and Blade takes its membership from outstanding advanced course ROTC students in the Army, Navy, and Air Force branches. Those cadets and midshipmen selected have shown superior qualities of leadership, character, and aptitude for military service.

Oh, some mothers have sons in the army . . .

SCABBARD AND BLADE

Look Ma, one hand
The Air Force ROTC started at Tulane during the 1946-47 school year, and is presently under the capable leadership of Colonel Charles Sommers, PAS. The colonel has a staff of four officers and five enlisted men to assist him in teaching and guiding the cadet corps.

The mission of the Air Force ROTC is to develop in the prospective college graduate qualities of leadership and other attributes which go toward making him a capable officer and gentleman of the United States Air Force.

Academically, the cadet is put through a rigid schedule of study. During the basic years he is given courses in geography, geopolitics, navigation, weather, aerodynamics, radar, bombs, guns, and applied Air Power. Upon completing the sophomore year, the cadet is given a flight physical and those qualifying are accepted into advanced training. These juniors and seniors, who are potential pilots and navigators, are given instructions in problem solving, speaking, leadership, management, and military judicial proceedings. Every Friday, the seniors attend their leadership laboratory where they have command of the basic cadets.

All juniors, and some sophomores are receiving orientation flights in T-6's under the command of Capt. L. W. Hemphill and Capt. R. F. O'Brien. As usual, summer camp training was held at three Texas airbases, giving the cadets a first hand view of Air Force life and approximately eight hours of flying time. Although the enrollment of the cadet corp has dropped off this year due to the rigid qualifications set by the Air Force, the corp is one of the best in the country.
The Arnold Air Society, national AFROTC honorary organization has as its mission the support of all Air Force functions. It promotes interest and spirit in the cadet corps and performs public relation functions on the cadet level.

Membership in the AAS is given on a merit basis and only the advanced AFROTC cadets who have shown interest and aptitude in the program above the required level are selected. These members are called upon to take part in service projects at various times throughout the year.

Social life is not forgotten, and the Society holds several dances in addition to the frequent informal discussion groups.

Arnold
Air Society
The Army ROTC was established in 1947 at Tulane University and continues its eighth year under the leadership of Lieutenant Colonel John D. Woodman. The enrollment this year was 278 cadets in the Transportation Corps Unit. This made the Army the largest ROTC unit on the campus.

Assisting Lt. Col. Woodman in the operation of the unit are Lieutenant Colonel Joseph M. Elder, Major Alvin W. Johnson, Captains Charles A. Boyd and Charles C. Glasgow, Jr.

The year started off with some confusion caused by modification of the Army building when the university authorities made it possible for the Army ROTC to have its own building adjacent to Paterson House. This readjustment of building space affords better facilities to train the Army ROTC cadets through the utilization of larger classrooms, new training aids room with special training equipment, larger supply room, and more adequate office facilities.

This year as in the 1952-1953 school year the unit held its Annual Military Ball in conjunction with the Tulane Homecoming celebration program, and it is anticipated that it will continue to be held at this time each year. At the Military Ball, "Little Colonel," Ann Roach, and the eight other Newcomb College students, who were elected sponsors for this year by the corps, were introduced. The following sponsors, Ann Roach, Mignon Faget, Ruth Harper, Ruth Knighton, Beverly Percora, Suzie Duval, Laura Lee Planche, and Sarah Gruell, participated with the Army ROTC Unit in the pre-game and halftime ceremonies of the Tulane-Alabama Homecoming Football game. The Pershing Rifles also performed at halftime at this game in addition to making several special appearances throughout the school year on campus and around the New Orleans area demonstrating precision drill movements.

This year an Army ROTC Band was organized to take the place of the Joint Army-Air Force Band of previous years inasmuch as both the Army and Air Force Units have sufficient personnel for individual bands.

Other organizations which added to the spirit and success of the
Roach scores again

"Damn the Torpedos, Full Speed Ahead!"

"I Found a Home in the Army"

This year were the class parties held at the various military installations in the New Orleans area, the unit publication "The Guidon," participation in the university's intramural sports program, the rifle team's participation in several shoulder-to-shoulder rifle matches with ROTC teams of other institutions, and the Armed Forces Day Parade.

This year four cadets applied for Regular Army commissions, which is two more than in previous years.

Furlong and Company
For the seventeenth year, since its conception in 1938, the Freeport High School ROTC Cadet Corps has been a part of the Freeport High School community. The unit has provided a platform for students to learn leadership, discipline, and teamwork.

Following a period of intensive training and indoctrination, the cadets are ready to assume their roles as leaders in the military society. The underclassmen are now preparing for next year's events, while the senior class looks forward to the next cruise to foreign ports.

For the new commissioned officers, the past four years are now a composite memory of tests, textbooks, travel, and technology. None of these experiences will be soon forgotten.
The Society has its namesake aboard naval vessels; the taffrail being the rear-most lifeline or railing on the ship.

When a Navy social activity is on the calendar, the society is launched into frenzied action involving planning, organizing, arranging, and finger-nail biting as the date approaches. They are the back-stage marshals of an unforgettable party or a well-decorated ballroom.

The NROTC unit looks to the Society for the suggestion, organization, and culmination of a varied social agenda and other projects furthering unit morale and esprit de corps. Florists, society editors, and admirals know the society for its activities. Midshipmen of the NROTC appreciate Taffrail for its industry and service.

The Society’s ultimate goal is a successful Naval Ball sponsored during Graduation Week in honor of the midshipmen of the first class destined to receive commissions in the Navy or Marine Corps.

NEWCOMB
PAN-HELENIC COUNCIL

OFFICERS

ANN SHAFTO .......................... President
RUTH NAIRNE .......................... Secretary
JEAN LOWENTRITT ...................... Treasurer

The Newcomb Panhellenic Council is composed of representatives from each of the Newcomb sororities. It serves to promote unity and cooperation among the fraternity groups and to facilitate the execution of all inter-fraternity activities.

The Panhellenic Council is responsible for compiling rules governing rushing, pledging, initiation and other activities. Sorority Skit Night, Song Fest, and the Bridge Tournament are sponsored by the Council. It also awards the Panhellenic Cup to the outstanding sorority of the year. A Scholarship Banquet is held each spring honoring the pledges and actives obtaining the highest average in each sorority.

Epsion chapter of Alpha Delta Pi is proud to be a part of the oldest social sorority in existence. Epsilon this year celebrates its fiftieth flourishing year on the Newcomb campus. Our members have always energetically been a vital part of a variety of activities at Newcomb. Currently they are most active in the Glendy Burke Literary Society, in the Tulane University Theater, and many of the campus music and foreign language clubs.

Our activities this year centered around our always successful formal dance in November, and the annual pledge and initiation banquets. The alumnae group and Mothers’ Club gave several bridge parties, as well as a Christmas party. Another outstanding event of our social calendar was our spring house party.

EPSILON CHAPTER OF ALPHA EPSILON PHI

This year marks the 38th anniversary of the founding of Epsilon Chapter of Alpha Epsilon Phi on the Newcomb Campus. It began with the annual rush week affairs which resulted in our pledging a wonderful group of girls from all over the United States. This school year has been successful not only in social affairs, but also charity and good-will work.

The Phi's have enjoyed many activities together such as; box-dinners sponsored by the alums, an "open house" in honor of the pledges, a sock-hop twin party, a semi-formal, a Valentine’s Formal, a pledge-active party, and a Senior Banquet to climax the social calendar. In charity work, several members go each week to the various institutions in New Orleans to entertain and help the children.

On the campus the AEPhi’s are represented in almost every organization, where several have been recognized for outstanding work. Our biggest thrills came when we were awarded the Efficiency Cup from National for the second straight year, and on the winning of first place in Song Fest here at Newcomb.

All in all this year has been one of spirit and enthusiasm, and we can look back upon it as one of Epsilon's most successful years at Newcomb.

The Pi chapter of Alpha Omicron Pi enjoyed a profitable year. Rush was a wonderful time for all, members and rushees as well. No one could have been prouder of their twenty-seven pledges than AOPi was. As far as honors go, the AO Cutie Pi’s received their ample share. Sylvia Todd, a freshman pledge this year, was one of the beauties of the Freshman Beauty Court. Connie Stewart and Julia Cherry were re-elected Tulane cheerleaders. Naomi Birdwell was elected Secretary of the Newcomb Student Council. Ann Joiner won secretary of the Freshman class and Lane Williams received the Vice President’s seat. The chapter captured second place in sorority song fest and are planning great things for future years.

Side by side. What words could better describe the girls of Beta Sig? Rich-no; smart-well!!; close-yes!!

Although we’re few in number, we Beta Sigs are very proud of our closeness. Never one without the other, whether we are working, playing, or studying. We began the school year together cleaning the rooms for rush week. What fun we had deciding whose turn it was to wash the windows or scrub the floor. What satisfaction it was to see our rooms sparkling. (What dejection it was to view them after rush!) But work was soon forgotten (by all except the pledges-poor things) as we entered into an exciting round of post-rush activity; a truck ride on the levee, a banquet for the pledges, a Halloween party, an “after-the-game” party, a Christmas party, song-fest rehearsals, volleyball games, tennis matches, and many others. All was not play, however, especially as the fatal January 17, approached. A noticeable change took place in the rooms where instead of laughter, sighs were heard, writing took the place of mopping, and songs of joy were replaced by dirges. The storm passed and once again we Beta Sigs are having fun.

Rho Chapter was founded at Newcomb in 1900. This year it is the proud possessor of the Panhellenic Cup which was awarded last May. The Chi Omega's began their year with a houseparty on the Gulf Coast proceeding a successful rush season. Among the many activities are frequent pledge-active lunches and suppers at the sorority house on Broadway. Chi Omega placed in Sorority Song Fest. The year was highlighted by the annual Winter Formal. In spring the Chi O's enjoyed the Founder's Day Banquet and a houseparty.

Chi O claims many representatives in campus activities, among whom are Vice-President of the Student Body, Carol Clark; Panhellenic president, Ann Shafto; President of the Junior Class, Mary Anna Kendall; and various class officers. Five Chi Omegas were chosen for Who's Who in American Colleges and Universities and many are included in other scholastic and leadership honoraries.

Nancy McIver reigned as Homecoming Queen with Frances Black, Sancy Hawkins, and Margaret Gustafson in her court. Jamb Favorites include Jane Ulmer, Ann Shafto, and Mary Anna Kendall. Sally DeBen and Sara Young were selected as Urchin pledge beauties.

Delta Zeta's year began with the usual flurry of activities. Rush, get-acquainted parties for members and pledges before football games, and open houses for members and dates after them filled the first weeks. Song fest practices took up every available minute between.

Exchange parties with Phi Kappa Sigma and the joint Christmas party for a group of tiny orphans were especially enjoyable. We felt fortunate for the enthusiastic help of the Delta Zeta Mothers’ Club. They prepared many delicious suppers for informal gatherings before our interesting Standard’s Programs.

The Christmas party for DZ’s and their dates at a member’s house and a weekend house party at the president’s, Manisa Martinez, summer home in Klin, Mississippi, were other outstanding events in our year.

As spring came around we got busy with a new national project, weekly instruction from a modeling school, and the pledge project, making layettes for needy children. Long hours were spent writing and practicing our skit for skit night and preparing for our formal at the Walnut Room.

We had many wonderful times together, and whether it was our first or last year in Delta Zeta, it was one we will always remember.

The KAT's, proud of their new home, kept it well filled with parties after the football games, Open House for the fraternities, and shrimp boils, plus a "Bury the Hatchet" party for the Kappa Sigs who sold the hatchet to them. As an inspiration to the pledges, the Theta's painted their basement floor black. Multilingual Theta's proudly claim the prexy of La Tertulia, and prexy, veep, and secretary-treasurer of Le Circle Francais. Everyone is proud of Resident Student Government Association president, Marilyn Milliken, four-year cheerleader Itch Ulmer, and representatives of the AFROTC court and URCHIN Pledge Beauty Court. A Senior Banquet, Founder's Day Banquet, Katsup Party, and the Black and Gold Formal on March 18 spotlighted the sorority social calendar. The big event was a visit from De Lois Faulkner, 1955 Maid of Cotton. Thete's swell Jamb listings come from joining TUSK, Greenbackers, Barracuda, Jamb and "Hullabaloo" staffs, music groups, language clubs and religious organizations. Founded at DePauw University, Kappa Alpha Theta was the first women's social group to adopt a Greek name. Black and gold are the sorority colors and the pansy is claimed as their flower.
MEMBERS
Second Row: Kay Chaffee, Martha Ann Coon, Mary Gail Coutret, Gail Cox, Ann Critz, Annette Fortier, Rose Frazer, Amy Frederick, Ann Freeman.
Fifth Row: Theresa Steuterman, Madeline Stone, Sandy Sutherland, Ann Ulmer, Phyllis Ward, Marion Watson, Charlene Williams, Ellen Wright, Adine Wulfekuhler.
Kappa started off the year with a houseparty, immediately followed by a highly successful rush season. From then on there has scarcely been time to breathe, as a fast pace has been kept up; lunches at the house every Tuesday, pledge-active suppers once a month, and an afternoon a week working at the Fink Home are some of the regulars on the schedule.

One of the early highlights on the Kappa calendar was a dance given jointly with Pi Phi in honor of the pledges. They in turn entertained the actives with a Mock Rush Party. Another dance, two banquets, a spring houseparty, and several faculty coffees were other highlights in a year climaxed by the Mu Province convention to which Beta Omicron chapter played hostess.

Outstanding Kappas on the campus include Maude Sanders, President of the Honor Board; Maryem Fowlkes, Corresponding Secretary of the Student Body and President of J. L. House; Ann Roach, Ste. Patricia, Little Colonel, and Jamb Beauty; Suzy Duvall and Martha Hawkins, ROTC Sponsors; Carson Brown and Betty Feitel, Pledge Pin-Ups; and Kappas in class offices, honoraries, and spirit clubs.

DELTA CHAPTER OF PHI MU

Biggest news this year is the acquisition of a house—just 1/₂ block from the campus—on Zimple Street! Highlights of the year were the successful rush parties, pledging 28 girls, the annual formal at the Southern Yacht Club, monthly lunches at the rooms, a Xmas party, mid-term initiation, a gay house party on the Gulf coast, Phi Mu State Day at Baton Rouge, and various parties with fraternities. Activities have centered mostly about fund-raising—the huge Christmas Sale, a rummage sale, and a fabulous style show on board the S S. del Norte. Phi Mu’s are active in nearly every organization on campus—cultural, educational, and social. Nell Eastland and Joan Miramon were elected to Who’s Who, Nell is president of the senior class, Sara Guelfi is secretary of Pan-Helenic, various beauty queens include Learaye Richard in the pledge pin-up contest, Sara Guelfi as AROTC sponsor, Audrey Reinike in the Engineer’s Court and Carole Coopwood as AROTC sponsor. Other organizations in which Phi Mu’s are represented are TUSK, "Hullabaloo" Staff, Oreades, Barracudas, Newcomb Athletic Association, Le Circle Francais, Art Club, Dance Club, A Cappella Choir, Glee Club, Glendy Burke Society, and various religious organizations.

LOUISIANA ALPHA CHAPTER OF PI BETA PHI

Pi Phi was founded at Monmouth College in 1867, and in 1891 Louisiana Alpha was established on the Newcomb Campus. The colors are wine and silver blue, and the flower is the wine carnation.

Following pledging was the traditional banquet at Arnaud's, and later in the year a dance was given with Kappa in honor of the two pledge classes. Pi Phi got in the finals for Song Fest, and later on participated in other campus events such as Skit Night and Campus Carnival.

Pi Phi is proud of Mildred Stouse, President of the Newcomb Student Body, Ruth Knighton, President of the Freshman class, and Dee Dee Griffin, President of Lagniappes. Beauty honors went to Cynthia Forcheimer and Nancy Nichols members of the Homecoming Court, Ann Pleasant and Laura Lee Planche members of the JAMBALAYA beauty court, and Melita Corrigan, Urchin Pledge Beauty Queen, and Peggy Costley a member of the court.
MEMBERS

"Dear John ---"

"When did you get out of the closet?"

"Will You Serve, Dear?"

**ALPHA IOTA CHAPTER OF SIGMA DELTA TAU**

Alpha Iota Pledge Colony of Sigma Delta Tau sorority had its beginning in October when the eight charter members were initiated as pledges. The formal initiation was followed by a brunch in the French Quarter where the new members received their first impression of sorority life.

The chapter members had both the duties of pledges and the responsibilities of active members to fulfill. The activity of the year began in November with open houses for the fraternities and sororities to introduce the new chapter to the campus. Before the Christmas holidays the group was well enough organized to give a formal dinner and dance.

The members had not only social duties to fulfill, but they also had to organize the chapter. There was a Constitution to write, laws to make, and traditions to set up. Pledge manuals had to be learned and pledge duties completed.

Then came the Spring, and the pledges reviewed their past accomplishments, and set their eyes on a bright future. More parties had to be given and more work done, but they had laid the foundations and could build upward.

The Tulane Pan-Hellenic Council is the governing body for the sixteen social fraternities on the campus, and is composed of two representatives of each of the member fraternities.

Each year the Council supervises a diversified program of interfraternity competition and award a permanent trophy to the winner.
in every event. At the end of the school year, the fraternity which has amassed the most points in this competition is awarded the Pan-Hellenic Trophy, symbolic of over-all fraternity excellence. Events which are found in the yearly schedule are touch football, basketball, track, bridge, golf, handball, tennis, softball, bowling, ping-pong, song-fest, swimming, volleyball, skit-night, Homecoming decorations, and Scholarship.

In September, the Council was host to a welcoming banquet for all fraternity pledges, and shortly before initiation week the Council sponsored its annual "Greek Week," which consists of a series of discussions among Chapter officers and pledges. The main speaker for this year's festivities was Judge Frank Myers of Washington, D.C., a past Chairman of the National Interfraternity Conference. The climax of Greek Week is the Pan-Hellenic Formal, at which the 1955 JAMBALAYA Beauty Court was presented.
This year AEPI has continued its rapid progress since its start a few years ago. Many improvements on the house were completed, the highlight being the dedication of the entirely redecorated living room and chapter room. But the spirit of decoration did not stop there, for it continued outside the house, bringing a third place award for the home coming decoration.

After a successful year in sports last year, and capturing fourth place in Pan Hellenic basketball, the team is again spearheaded by "Moose" Grodensky, Pan Hellenic high scorer.

Scholastically, AEPI has done exceptionally well, having four of its members, Robert Schull, Thomas Oelsner, Leonard Washofsky, and Sidney Eisenbaum, elected into the Phi Eta Sigma honorary fraternity. But following that old cliche about all work and no play, the boys have not forgotten the social side of college remembering such parties in the past as the Pledge Party and the Suppressed Desire Party, and looking forward to their annual South Sea Island Jungle Party, the social chairman promises that no one need worry about overworking.

But aside from the sports, the school work, and the fun, AEPI has not failed in its obligation to the community, for during the March of Dimes campaign, the pledges of AEPI collected nearly three hundred dollars for this worthy cause.

It is because of pledges like these, combined with the brotherhood, and under the leadership of their new and capable officers, that the men of AEPI are looking forward to bigger and better things in the future.
MEMBERS
BETA EPSILON CHAPTER OF ALPHA TAU OMEGA

Founded at VMI in 1865, ... 1955 marks the 68th year at Tulane, a year which has been a full one for the Beta Epsilon members. The chapter house was redecorated during the summer in preparation for Fall rushing. Twenty-three men were pledged after a rush week greatly enjoyed by all. The Taus had a highly successful season in Pan-Hellenic competition with a first place in Homecoming standing out. Another high point of the year was the "Sweetheart Formal" on January 28 at which Miss Carla Schwartz was named Sweetheart of ATO. Her Maid of Honor was Miss Meme Montagnet. Each member of the court, escorted by the chapter officers, was presented with a bouquet of yellow roses. Outstanding leaders on the campus included Jack Mitchell, Atwood Hobbs, Jay Potter, Bob Redfoam, and Jack Dienes. Other outstanding events during the year were the annual Christmas Party, the annual Alumni Banquet, the appointment of Dr. Hans Jonassen as Chapter Advisor, Mr. William Melton as the new Province Chief. The traditional Beachcomber's Ball (Brawl) enthusiastically marked the end of final exams and another highly successful year for ATO.

Fourth Row: Donald D. Smith, Glynn Smith, Kermit Stalter, Frank Stewart, Jr., Toni Thiele, Jay E. Tone, Albert Welch, Robert E. Young.
The opening of the new Beta house was the highlight of Beta Xi's year. The completely new house and facilities struck a responsive chord during the rush week activities and resulted in an excellent pledge class.

Beta this year has not quite yet made it into the winners circle in Pan-Hel competition, but most of the events this year have shown at least a placing. Beta took a fourth in football, third in bridge, and a second in Songfest. Homecoming decorations this year cost Betas much time and effort, but the effect was well worth it after all was over and done.

The leadership of Hokey Colomb coupled with the services of Hunter Babin, vice-president, Rudy Viener, treasurer, and Lucius Lamar, secretary, has been responsible for any and all of Beta's achievements this year and it is to them that Beta Xi owes a debt of gratitude.
MEMBERS

The Tau Lambda Dekes made their 57th year on the Tulane campus one of achievement, activity, and as usual, good parties.

In the field of academics, last year's graduating class produced three Phi Beta Kappas, one Beta Gamma Sigma, and a Tau Beta Phi. This year Don King, Ewell Walther, and Tom Currier were on the "Tulane Law Review," Pat Browne and Charlie Lane made the Moot Court Board and helped bring the fraternity scholastic average to its usual high standing. Ham Richardson deserves special praise for receiving a Rhodes Scholarship.

The Dekes made themselves quite obvious in Campus activities, Jimmie Hanneman and Uelrin Young both served as president of their respective classes. Ham Richardson, Pat Browne and Ewell Walther were members of ODK. Ed Townley and Nonman Brown made Scabbard and Blade. Joe Walters served as vice-president of the Intramural Council and Tad Wilson was secretary of Adelphous. Ed Townley edited the "Urchin" and seven Dekes were members of the Arnold Air Society.

In athletics, the Dekes point with special pride to Ham Richardson who is NCAA and Southeastern Conference Tennis Champion besides being a member of U.S. Davis Cup Team. Stan Stump was a starting forward on the varsity basketball squad and Pat Browne was captain of last year's basketball team. Tommy Sutter earned a letter in varsity golf. The Dekes placed second in the Pan-Hell Cup race last year and are in the thick of the race for this year's cup.

As usual, the Dekes rocked Henry Clay Avenue and various other parts of the city with their parties. The famous Kickapoo Jay Juice rush party set the pace which social chairman Hillman Madison ably kept up so that this year's Dekes will long cherish the memories of their "blasts."

When the partying and hangovers of Rush Week were over, Delta Sig found that it had pledged twenty-three men. They got into the swing of things in no time—the result, a traditional dunking of actives in the Audubon Park Lagoon. The pledges boasted two men in the Frosh-Soph game.

Some of our social highlights included the Carnation Ball, at which there was an excellent turnout of Alumni. Miss Jean Mason reigned as Dream Girl at our annual Dream Girl Formal, which was held in the Tulane Room of the Jung Hotel. Our Bayou Brawl was held during Rush Week with the house in its traditional bayou dress. There was also a Sailors’ Ball, a Christmas Party, and many more with no fancier a title than “A Party.”

The president of the A.I.Ch.E., the Justice of Le Societe du Droit Civil, and the secretary of Sigma Pi Sigma hail from 1018 Audubon. We boast the second place crew in the Sugar Bowl Regatta, and also in Pan-Hell Softball for the fourth consecutive year.

Delta Sig did some good for their fellow men by participating in Help Day and conducting a door to door solicitation for the March of Dimes.

Delta Tau Delta’s sixty-sixth year at Tulane was one of construction. Although not the largest in number, close-knit Beta Xi Chapter built high spirit and ideal brotherhood. The pledge class was made up of the finest Delt material Tulane could offer.

The natural gaiety and unity of the chapter built bigger and better parties. With the usual Halloween, Christmas, Delt Alumni Homecoming, and the Roaring Twenties parties was begun a new fall tradition... The Pigskin Party. Of course the famed institution of the Delt Inferno was kept up.

The Chapter also continued to carry on the fine tradition of hosting brother Delts visiting New Orleans. In large groups and small, from all over the country they came and carried home an example of Southern hospitality.

In reviewing the build-up of this year the great help of the Chapter’s Mothers Club cannot be overlooked. They gave a tireless mother’s assistance to the whole chapter.

Looking forward to next year, the chapter has elected Brother Oliver Holden to the presidency. The foundation of friendship and loyalty is strong. The construction is about as complete as it can be for an ever-progressing chapter.

Next year, it’s the Delts!

Who says the K.A.'s haven't been busy this year? With the help of K.A. alumni their house was completely renovated early in the fall, just in time for a successful rush week... then parties, all types from cowboy, cat, down to bermuda shorts parties... a Mardi Gras day truck ride... all topped off with one of the biggest social events on the campus, the traditional Old South Ball. As last year's winners of football they placed Mike Bartlett and Jerry Barouse on the all-Pan-Hell team, and finished third. KA's active on the campus include Bill Baker as Vice-President of the University Student Body, Black Chaffe as President of Pan-Hellenic Council and Vice-President of Omega Delta Kappa, Dicky Lyle as President of the Junior class in Architecture, Henry Eichelberger as unit manager of the Freshman class in A&S, Bill McClendon as President of Pi Lambda Beta pre-legal fraternity, Guy Lyman on the "Law Review," Buddy Kemper as Vice-President of Commerce, and Black Chaffe, Bob Wolfe and Bill McClendon in Scabbard & Blade. The KA's also had one of the University's foreign students, Walter Gerhardt, living in the house this year.

Kappa Nu Fraternity has made great progress in its struggle to regain its high standards on the campus. With the opening of our new house, the chapter is looking forward to big events in the future.

We had a very successful social season highlighted by our Halloween-Moonlight-hayride and our homecoming party which made big news on the campus. Our gala founders’ day banquet paved the way for our Thanksgiving Turkey brawl. This was followed by our Mid-Year Christmas-New Years’ Party.

After recovering from a riotous Mardi Gras holiday, we had our annual KN night at the Blue Room. Our year ended with the biggest blast of them all, our 31st Spring Formal.

SIGMA CHAPTER OF KAPPA SIGMA

We whipped through 13 fabulous rush parties and found ourselves with 34 pledges, naturally the cream of the crop! In fact, Rush Week went by at such a fast and furious clip that we hardly had a chance to really appreciate our remodeled house, replete with our new furniture and a T.V., set to boot. Of course, for this we owe many thanks to our loyal and generous alumni, our ever thoughtful Mother’s Club, and then too, a little “elbow grease” of our own. Besides, destiny foresaw the patio and barbeque pit which the pledge class so willingly... (ahem)... built for us.

Parties make the world go round, parties make the grades go down! Papa Celestin played Dixieland Jazz at the Pirate Party and we crowned a Pirate Princess, among other things. The pledges again rose to the fore and presented the active chapter with a closed Winter Formal. Shortly afterward we gave our annual Christmas Party for orphans. Dec. 10 we celebrated our Founder’s Day with a banquet in the house. The Kappa Sig Open Formal highlighted the second semester social activities. Inter-spersed among these bigger events were many of the small riotous type blasts. Culminating our party season was a closed Spring Formal (yep, another one!). In between all of the above mentioned, and in spite of the above mentioned, we managed to make a few classes, ranking 5th in scholarship.

In Pan Hel, at the time this goes to press, we have placed 2nd in Songfest, 2nd in Bridge; and fourth in Bowling; and we have our fingers crossed for the rest of the year.

"Those who go around in circles shall be known as wheels"—Editor of this book, and member of ODK was Melvin Mathes. News editor of the HULLABALOO, and Proxy of Debate Society—Arthur Hastings. Rotoes hotshots were Don Gaibroith, Walter Harris, Wayne Woody, and Austin Lindsey. Keeping the rest of us in step for the second semester was Bud Urrutia, President, and etc., etc.

The sun has riz; the sun has set, And so here we is, at Tulane yet!

In 1848, as the song goes, Phi Delta Theta was formed.

From the looks of the house at 2514 State St, the night of any South Sea Island party a visitor might think that 1848 was the year all right—1848 B.C.

But it really wouldn't have been that bad. They had grapes then, and you know, "From the vine came the grape," etc.

In 1954-1955 the South Sea Island parties came more frequently, one for Rush Week in the Fall—and one for fun in the Spring. The formal featured more fun, and the pledge-active football game...well, it was fun while the beer lasted (the beer outlasted the players, they weren't too co-ordinated).

Certain Gung Ho Phi Delts even went ape in student activities. (Maybe they wanted to convince their draft boards they were still in college). Charlie Mitchell jumped up and down in a green suit at football games. Claimed he was a cheerleader.

Bob Wise walked around the campus in a Khaki suit yelling like Napoleon XIIIth. Said he was Cadet Colonel in charge of the Air Force ROTC and that Burns was his Operations Officer. Claimed they both got decorated as Distinguished Military Students. What next?

Wise and Adrian Cairns (our laughing boy Rush Chairman with the elastic fraternity pin) both got named to Who's Who for their efforts—then turned around and got tapped to ODK. Guess they just wanted to be near Burns and Lee.

Meanwhile Walter Ward was making money hand over fist as Business Manager of the HULLABALOO. And Burns was spending it with both fists as Editor. But they both left it up to John Young Jr. on the sports staff and Classified Ad Manager Herbie Hughes to do all the work.

Only other major wheel around the house was Don "Hubcap" Collins the speaking spoke. Hubcap worked on the business staff of the Student Directory and got elected president of Tusk—then he really surprised the experts.

He got initiated.

Handling the Helm for the fraternity during the first semester was efficient Henry Ivy. When he had to step down at midyear to devote more time to his er, ahem, schoolwork, Boyd Shaw took over and has been doing a top-flight job ever since.

MU CHAPTER OF PHI KAPPA SIGMA

The school year 1954-55 has been a most successful one for Phi Kappa Sigma, under the leadership of Denis Crowley (first-semester) and James J. Craig (second-semester). The chapter returned in the fall to a re-decorated chapter house. Through the untiring efforts of Mrs. Wiley Wook, chapter house-mother, of the alumni, and of the Mother's Club many improvements were forthcoming, the most popular being a new Hi-Fi installation.

Following a hectic but successful rush season the year's social program included a Black and Gold Formal, a Valentine supper-dance, a Bowery party and cocktail parties for the Newcomb Sororities. In addition the chapter held many informal, closed parties during the year.

Phi Kaps holding prominent positions on the campus include John Phillips, president of Alpha Omega Alpha; James J. Craig, president of Phi Eta Sigma; Denis Crowley, vice-president of Campus Night; Thomas DeLong, president of the Pre-Medical Society; Charles Storm, president of the Christian Science Organization, and Joe Licciardi, vice-president of Alpha Phi Omega.

There are many Phi Kaps on the Tulane faculty, including Professors Clarence J. Morrow, Walter Blessing, Kerlem Riess, Charles L. Brown, John Martinez, A. J. Waechter and Einar Pedersen.

Phi Kappa Sigma Fraternity was founded at the University of Pennsylvania in 1850. Mu Chapter was established at the old University of Louisiana, later Tulane, in 1858. The chapter has been responsible for many innovations in fraternity life on the campus. It was the first chapter to have a chapter house, the first to install the house mother system, and the first chapter to actively promote better relations between fraternity and faculty.
MEMBERS
The Pike House—home of Eta chapter—scene of good leadership, good parties, ’Ole Eta,” Cleo and Duchess.

We Pikes boast of our leaders who are active on campus in many fields—Engineering, Med-School, Law School, Scabbard and Blade, spirit clubs—to mention a few. Important to remember too, are the many parties which rocked the chapter house on Broadway. The pledge-active Prisoner Party, where the pledges turned stool-pigeon on the actives; the roaring, rollicking Fais Do-do; the Cajun Party, to which we all wore our best dungarees, torn shirts, and no shoes; and our Formal in January, where we presented the 1955 Dream Girl of PIKA, pretty, blond Connie Stewart.

The annual Founders' Day Banquet at the Patio Royal on March 16 is not to be forgotten any more than are the dunking of Connie and Stan Green in the Newcomb Fish Pond to celebrate their pinning; the Pledge-Active football game, which ended with the losing pledges buying all the beer; and the new coat of yellow and grey paint on the house. (It is interesting to note that this same paint mysteriously appeared on the benches in the Newcomb patio.)

This in short sums up a wonderful year for all the Pikes. (Incidentally, ’Ole Eta” is our red-fendered ’35 Chevy, Cleo is our monkey, and Duchess is the boxer pup who stays in our backyard.)

Just prior to a highly successful rush week came the eagerly awaited news that the 1953-54 Pan-Hellenic Interfraternity Competition trophy was coming to rest on the mantel of the Sigma Alpha Epsilon house; and the Lions roared in bold appreciation of the Brothers' fine efforts which placed it there. SAE hopes of a 1954-55 repeat were strengthened in the fall semester with first-place victories in football and, for the seventh consecutive year, songfest.

Additional honors came to Sig Alph in the form of top-level participation by its members in campus student affairs. Brothers bringing distinction to themselves and their Fraternity were: Ed McGlasson, Tulane Student Body President; Ryan Sartor, Tulane "Law Review" Editor-In-Chief; Charles Viccellio, JAMBALAYA Business Manager; Joe Pitts, Student Body President of the School of Business Administration; Jack Field, Student Body President of the College of Arts and Sciences; Percy Sharp, Army ROTC Student Commander; Ralph Mitchell, Tulane Band head drum-major; Jeron LaFargue, head cheerleader; and Jim Wilson, Tulane football team first-string center.

Most SAE activity took place in the chapter house; but a hearty number of Brothers who became pinned caused much attention to be centered on the Newcomb fish pond, where each was presented with the traditional dunking.

SAE's social functions began with the annual cocktail party for Newcomb's sorority pledges and included thereafter such traditional affairs as the Harlem Party, the Arabian Party, and the Easter and Christmas Parties for under-privileged children. In March the social season reached its peak in the form of the annual Spring Formal.
MEMBERS

Of course, the year started with Rush Week, and regardless of whatever else was accomplished, the members had a good time. When the smoke cleared, they found that they had a good pledge class, too. After a brief period of adjustment to school, the Sammies got down to serious business: partying. The first memorable occasion was a Sunday afternoon cocktail party with Earl Williams. Those who claim to remember it all say that the champagne just kept flowing.

After the relative formality of that event something a little more "raunchy" was needed, so the next blast was a "Paris Sewer Party." That night found one of the beer kegs placed in a previously unexplored area of the basement. Decoration was provided by artificial and real spider webs.

Things settled down for a while. Some of the members studied; the others were at Bruno’s. The pledges polished the scholarship trophy, but it didn’t seem to inspire them. "The Bevin" was established, and eventually both its founders received that fatal message: "Greetings."

A New Year’s Eve party was planned and since most everyone would be away over the holidays it was held on December 11. Lloyd Alexander’s Orchestra played "Auld Lang Syne" at midnight, but they shook their heads and seemed a little dubious about it all.

The pledges sponsored the annual Xmas Orphan’s Party, and everyone gave up a meal for the kids. Santa was the very most.

With the end of exams, the chapter adjourned to Mexico, Cuba and various points in between. Another Sunday afternoon session with Earl Williams gave the second semester a swinging foundation.

High point of it all was Initiation and the Orchid Formal at the Jung, March 5.

The year 1955 is a very important one for Sigma Chis everywhere. One hundred years ago, on June 28, 1855, seven young men, students of Miami University, Oxford, Ohio, established the Sigma Chi Fraternity. Sigma Chi then became the third member of the now famous Miami Triad. Our founding arose out of a philosophy, a philosophy that has since become known as the "Spirit of Sigma Chi." It can be simply stated thus: True brotherhood can only prosper when men of unlike minds, talents, and personalities bind themselves together under a common set of ideals.

To commemorate the first hundred years, and to re-affirm our faith in the wisdom of our founders, the Centennial Grand Chapter Meeting is being held this year in Cincinnati, Ohio, just a short distance from the site of the original founding.

The men of the 12b undergraduate chapters, and more specifically we of Alpha Omicron at Tulane, endeavor to pursue a balanced program of scholarship promotion, social participation, and civic cooperation. Scholastically, we have seven men entering medical schools this Fall, as well as being well represented in law and other professional schools. Socially, it would be ambiguous to list or describe all of our year's social events. All are familiar with the annual Sweetheart Dance, at which our sweetheart and the six members of her court are presented; and the Sigma Chi Derby Day, which brings all the Newcomb sororities together in yearly athletic competition on the Newcomb Quadrangle.

In the realm of civic service, Alpha Omicron has tried to cooperate as much as possible with various civic agencies for such events as the March of Dimes collection; and the pledge Help Week preceding initiation. In addition, this year we gave a Christmas party for a group of orphans, complete with gifts and Santa Claus.

Sigma Chi has a long heritage in New Orleans as well as at Tulane. Our chapter was founded in 1886, thus nearly as old as the undergraduate school itself. We have always been able to rely on our active alumni chapter for aid and support in carrying out the many chapter activities.
MEMBERS

A well rounded year comprised of successful social, scholastic, and campus activities was climaxed by the initiation of its pledges at the annual Spring Formal at the Roosevelt Hotel.

Sigma Chapter opened its 1954 season with a well planned rush week consisting of twelve parties. Highlights of the week were the Barbecue, the "French Quarter" party, and the formal honoring the twenty-six pledges.

A milestone in the history of the chapter was the initiation of Mr. Peter Firmin, Sigma's faculty advisor for the past three years, as its first adjunct member.

BMOC's around the house include Jack Wiener, officer in the College of Arts & Sciences and associate editor of the JAMBALAYA and Lee Levy, president of the chapter and Secretary-Treasurer of the Pan-Hellenic council. Both are members of "Who's Who in American Colleges and Universities" and members of ODK, national leadership fraternity along with Leonard Selber.

The brothers from 1006 Broadway jumped immediately into contention for the Pan-Hel trophy by garnering points in Handball, song fast, ping pong, and Homecoming display. The fiscal year was highlighted by the winning of Skit Night for the second straight year.

A unique "Bermuda Shorts" party got the social ball rolling, and Halloween and Comic Strip parties followed. The "Zebe's" were busy Mardi Gras weekend with their "Purple Passion (served from a bathtub) Party" and a float in the Krewe of Rex Parade.

In January the annual "Women Haters Week" during which the brothers neither shave nor speak to members of the opposite sex was climaxed by a stag party.

A lot of credit goes to the officers of Sigma for the fine leadership. They are: Lee K. Levy, President; Arthur Phillips, Vice-President; Jacques Wiener, Secretary; Leonard Selber, Treasurer, Joel Steinberg, Historian.

The Pan-Hellenic Council of Tulane Medical School is composed of the presidents of four medical fraternities and one elected member of each fraternity.

The aim of the council is directed toward a friendly and warm reception for each new medical student. It is also the aim of the council to maintain harmony among the medical fraternities by coordinating inter-fraternity activities.

A mutually satisfactory rush week program is one of the projects undertaken by the council.

MEDICAL PAN-HELLENIC COUNCIL
Alpha Kappa Kappa fraternity was founded at Dartmouth College in 1888. Alpha Beta Chapter, one of the oldest of its kind on the Tulane Campus, was established in 1907.

This school year was marked with many outstanding academic and social functions. The ones which stand out in our minds are the monthly banquets in which prominent alumni, such as Dr. E. L. King, past head of the Tulane Department of Obstetrics-Gynecology, Dr. Conrad G. Collins, present head of the same department, and Dr. Donovan C. Browne, of the Tulane Department of Medicine, attended and led discussions on matters of interest to the medical profession.

Bimonthly socials of our active wives' auxiliary were held. A successful rush week was marked by a dance, banquet and smoker. Also on the social calendar was a Christmas party given by Alpha Kappa Kappa's prominent alumnus, Dr. Donovan C. Browne. At present, Alpha Kappa Kappa is looking forward to its annual formal dance which is held in early spring.
This is the life . . .
Remember . . .
The '54-55 social theme, "Let's get ________,"
And our paranoid freshmen and their tales of woe.
Dr. Ochsner's book review of "The Cigarette and You,"
And Tony's for tea.
The "Law of the jungle" Philosophy of our boarding club,
The tyranny of Rader,
And the many "Periplaneta americana 'brothers'."
Ah yes! The wonderful success of the season of rush.
Our formula? "Chain your closet men, good 'spirits,' Hustling Nu Sig camp followers,
And as one M.D. put it, 'A hand on the shoulder in a friendly sort of way'."
Then the "Wild Goose Incident" and its homologue,
"The History of the Enema."
Our dear, dear, neighbors and creditors,
And the periodic brushes with the law.
Epidemiology, Tropical Medicine, and all that . . .
And Dr. Hartman's 9th annual Rudolph Matas Lectureship.
But most of all, that common disease of brothers . . . Omar Kyyhamitis.
And on into the night . . .

fraternity
Pi Chapter of Theta Kappa Psi has again operated a successful year. In the past twelve months one of the best bunch of freshman, ever, were pledged and are to be initiated soon. The fraternity library was expanded considerably with the addition of several new volumes. Plus this, a large number of Journal reprints were secured and a new catalogue system for the library was begun, thanks to Bob Hatton and George Farha. Our social schedule was equally as successful with a very enjoyable Spring Formal at the New Orleans Athletic Club, the Annual Spring Picnic at Waveland, a well done rush week conducted by Ken Pierce and Evans Powell, a real wild Christmas Party, and as usual our famous Cadaver Ball held this year at the New Orleans Airport, attended by some 1200 students and said to be the best function of the medical school social calendar. In addition to these annual parties, several other informal parties, cocktail parties and smokers with faculty student discussions turned out to be well planned and well attended. Our Social Chairman, Tom Quehl and Sergie Leon are to be congratulated. More along the line of school a new revised Ziemer Surgery Syllabus was composed and published by the Juniors and Seniors. In the way of alumni affairs, much was accomplished toward a better understanding between active members and alumni and much praise is to go to Bill Rieke. Alumni Chairman, Ed Hinman, former chairman, Dr. Rufus Aldredge, retiring Alumni President and our new Alum Proxy, Dr. James Allen, (who incidentally played host to our pledges, and freshman class, and faculty members at their Cadaver Ball Banquet). The Wives’ Club, headed by Jean Hinman, also seemed to have had an enjoyable year with a number of meetings and socials. In summary, most of the members were most cooperative during the year and it would be impossible to compliment all of those who have done so much toward continuing Pi Chapter on its usual high level in its 51st year on the Tulane Campus. This year as in the past, since the founding of Theta Kappa Psi in 1879, we expect to graduate another group of men, who, we believe, will attain fame in the medical profession as have so many of our other graduates.

Phi Chi was founded at the University of Vermont in 1889, and Omicron has been at Tulane since December 20, 1902.
Famous for quiet parties and clean skits, they are proud of the C. Jeff Miller library, and their beautiful house on St. Charles Avenue.

Outstanding events of the year were a very successful rush program, the Christmas Formal and the Spring Formal in honor of the graduating seniors, and the Founder's Day Banquet in honor of the alumni. After dinner "bull sessions" with members of the faculty proved stimulating to all concerned.

Sparked by good leadership and fellowship, the year was a good one for Omicron and Phi Chi.

sports
Tulane was picked as SEC cellar-dweller and although they finished in the final standings only two notches higher, the Wave turned in some creditable performances. During the season Tulane won one, lost six, and tied three, gaining the only victory over Vanderbilt and notching ties with Memphis State, North Carolina, and Alabama—a good record considering the caliber of the opposition.

The Greenies' inability to win throughout the greater part of the season was traceable to their fumbling. In the first seven games Tulane lost an average of four fumbles per game. When this weakness was overcome, the situation brightened and in the last three games the Wave tied Alabama in a splendid homecoming effort, whipped Vanderbilt at Nashville, and turned in a fine showing before bowing to LSU 14-13.

Even though the 1954 squad did not compile an impressive won-lost record, the team possessed an unequalled fighting spirit, determination, and will to win and deserves much credit. Hats off to the coaching staff also, and particularly to the new head coach Andy Pilney and line coach Johnny Green, for a job well done.
1954 FOOTBALL SEASON

EDDIE ALLEN
Sports Publicity Director

DICK BAUMBACH
Athletic Director

EDDIE BRAVO
Captain

1954 Football Squad
The Greenies opened their 1954 season with a surprisingly good performance against powerful Georgia Tech on a blistering hot day in Atlanta.

Though beaten 28-0, Tulane registered 12 first downs to Tech's 9, and outgained the Yellow Jackets on the ground, 195 yards to 139. The Greenies also controlled the ball more than the Tech men, particularly in the first half. Twice the Wave, employing their new split-T offense, rolled to the shadow of the Tech goal, only to lose the ball on costly fumbles. In all, the Greenies fumbled 9 times, losing 7 to the opposition, which spelled disaster to the Wave.

Georgia Tech scored twice in the first period, and once each in the third and fourth periods. Tulane, on the other hand, moved the ball well at midfield but just could not score against their opponents.

The Tulane backs exhibited some fine running during the contest, although the passing attack was noticeably weak. Meriting the most praise, however, was the line which turned in a fine performance against the rugged and more experienced Tech forward wall.
Billed as a warm-up affair to open the season before the home town rooters, Memphis State surprised the Greenies with much more rugged competition than was anticipated. What the Staters lacked in depth, they more than made up in fight and determination and the Greenies were extended to the limit to gain a tie.

As in the Tech game, Tulane was woefully weak in the forward pass department, both offensively and defensively. This weakness proved to be their undoing as Memphis State showed a fine forward passing attack which the Wave was unable to match or stop.

With passes playing a major role, the Staters scored first in the opening quarter and successfully converted. Neither team was able to do much in the second quarter and the half ended with Memphis State leading 7-0.

The Greenies looked like a different team as they opened the third quarter with two touchdowns. One conversion failed and Tulane led 13-7 as the third quarter ended.

This lead was short lived though as Memphis State quickly scored after a 34-yard pass put the ball on Tulane's two-yard line. Fortunately, the conversion failed. This ended the scoring as Tulane was unable to click with passes as the game ended.
In an inspiring display of determination, a fighting Greenie squad held the favored North Carolina Tar Heels to a 7-7 deadlock.

Never able to get beyond midfield in the first three periods, except once briefly, the Greenies moved fifty-seven yards in the fourth period only to lose the ball on the one. Undaunted, the Wave rolled back some forty yards to the six from where quarterback Fred Wilcox passed to end Harry Duvigneaud in the end zone. Disregarding the pressure, Soph Emmett Zalenka booted the extra point squarely between the uprights.

The same old Tulane trouble—fumbling—resulted in the Tar Heel score after only four minutes of play, but the Greenie air game, both offensively and defensively, was much improved.

Brightest spots of the afternoon were the fine quarterback play of Fred Wilcox and the improved running of Willie Hof coupled with the new found Greenie ability to recover as well as lose the ball on fumbles. Ed Bravo played the entire sixty minutes but it was the hard and determined play of the entire team that gave promise of better things to come.
Mississippi State came to town with a fine runner in Art Davis and a smooth split-T offense. Although the Greenies outgained their heavier opponents both on the ground and in the air, they wound up with a zero in the scoring column while the Maroons had 14 points to show for their lesser efforts.

State's superior punting game along with the Wave's inability to stop the optional pitch-out plays played a great part in the State victory. The factor that contributed most, however, to the loss was the Wave's inability to hold on to the ball at crucial times. Twice the Greenies rolled to their opponent's five-yard line, only to have both drives thwarted by fumbles.

The Green Wave offense continued to show improvement. Time and time again Tulane ripped off gains through the State line, ploughing through their guards and tackles with regularity, and generally did everything short of scoring. Bob Saia continued his fine running and did much to establish himself as one of Dixie's finest backs.
In the second road game of the season, Tulane journeyed to Oxford only to bow to the offensive minded Rebels of Ole Miss 34-7 before a large homecoming crowd.

Although the Greenie offensive didn’t click, the defense fought bravely to throttle the Ole Miss offensive maneuvers, which combined fast powerful backs with alert hard-charging linemen. The Sugar Bowl bound Rebels lived up to their high national rating as the Wave just couldn’t stop this overmanning opposition. The Greenies, however, must be congratulated for their heroic stand against such a powerful team, not giving up until the final whistle.

The one bright spot for Tulane rooters came in the second period when Freddie Wilcox, Tulane’s soph quarterback, intercepted a Rebel aerial on his own nine and raced 91 yards for the only Tulane touchdown. This broke the existing Tulane record for the return of an intercepted pass, which formerly was 88 yards.
Curses, foiled again

The poor-man's Willie Mays?

NO VICTORY FOR JERRY

Georgia took advantage of one of the several scoring opportunities presented them and cashed it in for a 7-0 decision over win-hungry Tulane on a dreary afternoon at Tulane Stadium. It was Jerry Dalrymple Day at the stadium and during a half-time ceremony, Jerry was formally introduced into the National Football Hall of Fame.

In the contest passing was almost non-existent, with each team relying on power plays from the split-T. The Greenies again showed plenty of hustle but as was the case in other contests, the Wave lacked the necessary scoring punch and repeatedly bogged down within striking distance of the Bulldog goal. This, coupled with Tulane's many fumbles, proved their undoing.

Tony Sardisco played a whale of a game at guard for the Wave which was indicative of his play throughout the season. Tony and Bryan Burnthorne were lauded by many as the best pair of guards in the conference.
The victory hungry Auburn Tigers were too much to handle and the Greenies were smothered under a rather lopsided score, 27-0.

The Plainsmen were at their peak with a powerhouse running attack, an excellent passing game and an air tight defense. The Greenies, on the other hand could not muster an adequate offense.

Bleak as the day was for the unhappy Tulane followers, there were some odd and humorous happenings. On one conversion attempt, the Tigers were penalized four times and finally in disgust, gave up the idea of kicking the extra point and made it with a forward pass. On another occasion, Tiger quarterback Bobby Freeman threw a pass to the referee after having thrown the ball to an ineligible guard on the previous play.
The fiery play of the Green Wave kept a large Homecoming crowd wildly cheering from start to finish, and sent the Old Grads home happy with a "moral victory." Tulane had entered the game a three touchdown underdog.

Gaining a tie with the hard fighting and capable Alabama Crimson Tide was quite a feat but had Lady Luck smiled a little more on the Greenies or a little less on the Tide, the final score may well have shown Tulane the victor by two touchdowns. Twice touchdown passes were dropped.

It was a team effort with both the line and backs contributing to the sterling offensive and defensive play. Fortunately for the Greenies, the passing arm and kicking foot of Johnny Caruso were in excellent form.
A CHANGE!!

Tulane journeyed to Nashville and won its first and only game of the season over Vanderbilt, 6-0. The Wave scored its touchdown in the second period on a sustained 88-yard drive, with Bob Saia punching it over from the one. After scoring this touchdown, the Greenies were content to rely mainly on their defense which was tight in the clutch.

The second half was all Vanderbilt as they showed a good passing attack and a fine runner in Charlie Horton. The last quarter showed Vandy knocking at the Greenies’ door continuously but due to the recovery of a fumble by Harry Duvigneaud and a fine pass interception by Freddie Wilcox, the Wave was able to stave off the Commodores’ threats.

The team should be commended for their hard-earned victory and special praise should go to Byran Burntherne who turned in one of the best individual performances by a Greenie this year.
Somebody goofed...how did I get the ball?

This nearly was ours

TULANE 13 - LSU 0

(Half-Time Score)

Tulane piled up a 13-0 half-time lead but could not withstand a second half aerial attack by the Tigers and dropped a 14-13 decision before 45,000 cheering fans. It was action-packed from start to finish, and the Greenies exhibited to their many fans and followers the fight and spirit which could be equaled but not surpassed.

Both of the Green Wave scores came in the second period. The first came on a 34-yard run by Willie Hof who played a fine game at halfback and the second on a short plunge by Ronnie Quillian later in the period. Hof's 34-yard run was the longest run from scrimmage turned in by a Greenie this year.

The lead was short-lived as the rejuvenated LSU team came back strongly in the second half and unleashed a lethal passing attack that netted two touchdowns. The margin of victory for the Bengals was provided by the toe of Al Doggett who converted after both touchdowns whereas Emmett Zelenke had one attempt blocked for the Wave.
Before the season started, there were many "ifs" as to whether Tulane would have another good year on the hardwoods. Could Jim Nowakowski come through at center and solve one of Coach Well's gravest problems? Could the inexperienced sophomore Stanley Stump fill the shoes vacated by the capable rebounder and team-man Pat Browne? These and other questions were answered with time and could be answered by Greenie followers with a smile. The Wave bench, considered to be weak, proved to be adequate. Nowakowski developed into a high scorer (Big Jim finished second to Cervini in scoring) besides coming into his own as rebounder, climaxing the season grabbing 18 rebounds against LSU. Stan
Stumpf alternated with Dean Tyner at forward early in the season and later with Tom Murphy, and nailed down a starting berth for the rest of the year after a fine showing against always good Kentucky. Stan showed the fans an unequaled will to play, plenty of hustle, good rebounding ability and a fine jump shot.

Tulane ended the season with a 15-6 record. At home, the Greenies won 9 and lost 3, and while away won 6 and dropped 3. The Wave finished in a third place tie in the SEC race behind Kentucky and Alabama with a 9-5 conference mark.

The starting five was usually composed of Stan Stumpf, Jim Nowakowski, Roy Stoll and co-captains Hal Cervini and Dick Brennan. The combination of Cervini and Stoll was regarded by many as the finest guard pair in the Conference. Ably assisting the regulars were Phil Wallace, Bob Delpit, Jim Cothern, Dean Tyner, and Tom Murphy. Although not a high scorer, Brennan was always a steady performer and led the team in rebounds. Coupled with this, he was a fine defensive player along with having the best foul shot percentage. Stumpf, his mate at forward, was a good rebounder and possessed a good eye. Jim Nowakowski, the most improved player on the team, developed into one of the best big centers in the league. Roy Stoll at guard had at his command very quick reflexes and tremendous spring in his legs which enabled him to grab rebounds from much taller opponents. Roy, along with Brennan, usually drew the toughest defensive assignments. Hal Cervini, at the

Basketball at Tulane

other guard shot, was the big man in the Tulane offense. He led the team in scoring with approximately a 16 point per game average and time and time again came through in the clutch as the main cog in the famous cat-and-mouse tactics employed by Tulane in the final minutes of close games. Hal, possessing an uncanny dribbling ability, utilized this asset to the utmost during the Tom and Jerry maneuvers, drawing fouls and almost invariably sinking the foul shots. In this manner, Tulane won many close games which may not have been victories had not Hal been on the scene.

Tulane opened the season by overpowering La. College. The Wave started slowly, shifted into high gear and came out on the long end of a 91-53 score, with guards Hal Cervini and Roy Stoll leading the Greenies to victory. Texas A & M became Tulane’s next victim as they bowed before the Wave 82-53. Brennan did some nice rebounding in the first 2 games and was high scorer in the A & M game. Then came Tulane’s first test of the year, the Rice Owls. The Greenies met this test squarely and posted a 68-63 victory over the defending Southwest Conference champs. Cervini led all Tulane scores and Jim Nowakowski began to perform well, a pleasant indication of things to come. Both teams played a control game, waiting for the good shots, with the Wave employing Tom and Jerry antics in the closing minutes to good advantage. The high man of the night, how-

Look me, no hands
ever, was ironically enough, an Indiana boy named Telligman who garnered 27 points. On the first road trip Tulane journeyed to Evanston, Illinois, and Madison, Wisconsin, to play two fine Big Ten teams, Northwestern and Wisconsin. The Greenies dropped their first game of the year to Northwestern 77-63 as the Wave was not as sharp as usual. Roy Stoll played well in the nationally televised contest, leading the Wave with 19 markers. The Wildcats dominated the backboards and were led to victory by the point-producing efforts of Hal Grant and Frank Ehmann. Tulane then came back and in a fine effort whipped Wisconsin in a tightly fought intersectional struggle. The score was tied 15 times before the Greenies grabbed the lead with 5 minutes left to play, and never relinquished it, winning 69-66. Hal Cervini scored 20 points in the battle but scoring honors for the night went to Badger forward Dick Cable with 31.

Tulane then returned home and defeated previously unbeaten Stanford 67-62, as the cat-and-mouse strategy was again called into play. Hal Cervini and Jim Nowakowski led Tulane point-makers with 17 apiece. Tulane was then host to a friendly rival from Mexico. The Greenies didn't treat them so nicely, however, as the Wave ran up a 107-55 count against the Latin visitors, Club Deportivo Mexicano. This was the highest point total ever made by a Tulane team, the previous high being 102. This game, however, will not be recognized by the NCAA. Hal Cervini led the rout with 22 points, closely followed by Roy Stoll with 19 and Jim Nowakowski with 17.

The Wave, on its second road trip of the year, met its first and second SEC opponents. Against the Florida Gators they rolled to a convincing 85-74 win with Hal Cervini and towering Jim Nowakowski carrying the most of the offensive burden. Tulane built up a comfortable lead and the substitutes played out the final minutes. Tulane then met Georgia and suffered its first SEC loss in a
double overtime 67-65. For the underdog Georgians, it was their third SEC victory in four nights. Roy Stoll was high man for the Wave, while Potts and McManus did most of the Bulldog scoring.

The Greenies then returned home to play one of their "bad" games, losing to Tennessee, 71-58. The fine running game of the Vols coupled with the flat play of Tulane spelled defeat. It was the first loss handed Tulane by Tennessee since Coach Wells took over nine years ago. Kentucky then came to New Orleans and the Wave battled them to the hilt before bowing 58-44. At the start, Tulane could do no wrong and the Ruppmen nothing right and the Wave soared to an 11-1 lead. The Wildcats closed the gap little by little, tying the score at 21 all and moved into a 29-25 half-time lead. After that Kentucky was never headed. Roy Stoll led the Greenies with 13 points, followed by Phil Wallace with 12. Cervini, although scoring but 4 points, played a fine game for the Wave also. This marked the third SEC defeat in a row dealt Tulane.
The Wave then started a five game win streak, the longest of the season, by whipping Ole Miss 83-82, Mississippi State 69-60, and LSU 81-57 away, and continuing their winning streak at home with victories over Vanderbilt 62-58, and two-time conquerors of Kentucky, Georgia Tech 64-58. Hal Cervini was the man most responsible for the victories over the Mississippi teams as he turned in outstanding performances in each of these encounters. Defense was the key to victory in the termination of LSU’s dominance over the Wave in basketball as Brennan and Nowakowski, along with the rest of the team, turned in fine efforts. Tulane, now home, squeaked past Vandy in a close one via the cat-and-mouse route and then toppled the giant killers from Tech in easy fashion.

In its next victory, The Wave put on its poorest exhibition of the season in losing to powerful Alabama to the tune of 90-59. Tulane was off and Bama could do no wrong. The Greenies then bounced back with a 90-79 win over fast-breaking Auburn. Roy Stoll did a fine job of defensive work in holding the Plainsmen’s scoring ace, little Bill Kirkpatrick, to 10 points. Hal Cervini became the sixth man in Tulane’s history to score 1,000 points by tallying 22 points, thus being pushed over the magic mark.

Home again, the Greenies dropped their fifth SEC contest to Ole Miss in a triple overtime 86-80. Hal Cervini bucketed 26 for the Wave (Hal scored 10 of the Wave’s 18 points in the overtimes) and turned in a fine all-around performance. Denver Brackeen led all the scorers with 33 points. Tulane then took Mississippi State’s measure with ease 78-59, as they jumped off to a 13-2 lead and were never threatened. Outstanding for the Wave were Nowakowski, Brennan, Stoll and Cervini.

In the final game of the season, Tulane turned in its finest performance and clobbered its upstate rivals 82-53. Seniors Dick Brennan, Phil Wallace, Jim Nowakowski, Hal Cervini, and Dean Tyler closed out their careers for the Wave in fine fashion. Hal Cervini turned in a sterling effort, scoring 27 points, hitting 17 out of 20 charity tosses and dropping in 5 fielders. His four-year total was 1,076 points, the fourth highest in Tulane history, which will be hard to equal in coming years. The seniors received a tremendous hand as they left the game. Cervini was the last to be replaced and he received a standing ovation for several minutes, something not heard in Tulane gym for many years. And as he left the game, he took his place among the greatest cagers ever to wear a Tulane uniform.
It's gotta come down sometime.

It's mine, and you can't have it!
Tulane completed its third unbeaten season in a row and ran its string of victories in dual meets to 34.

Led by 4-time Davis Cupper Ham Richardson, Tulane won 9 dual meets and its 12th SEC championship. Capably assisting Ham in another successful season were freshman and Brazilian Davis Cupper Jose Aguero, Harmon Collins, Henry Jungle, Buddy Lomax, and Barney Donnelly. Only 3 of the 9 opponents scored against the power-laden Greenie squad, with the NOLTC and Cincinnati each scoring 1 point and LSU scoring 3.

In the SEC tourney, the Tulane netmen ran into trouble from LSU but annexed their fourth conference championship in a row. In the tournament, both LSU and Tulane won 3 singles titles but Tulane won all 3 of the doubles championships to gain the decision. Ham Richardson tied an SEC record by winning the singles title for the third consecutive year and also added the NCAA singles crown to his many laurels for the second straight year.

Tulane is a good bet to continue its winning ways in 1955 and is favored to cop the SEC crown again as only one man from the '54 squad will not return.
1954 Tennis Squad

Tennis, anyone?

RICHARDSON S. E. C. CHAMP

HENRY JUNGLE  BUDDY LOMAX  BARNEY DONNELLY
There's Selber—on the bench as usual.
After starting slowly in the beginning of the season, the Green Wave nine shifted into high gear and were playing fine ball at the end of the season, winning their last 5 in a row. Tulane ended the season with a 10-6 conference record and 12-8 final mark in the standings, enabling them to wind up second to Ole Miss in the Western Division who compiled a 9-6 conference mark.

This was the first Tulane club on modern record to sweep a 4-game series from its arch-rival LSU. The Greenies won the 2 games here, 4-0 and 14-9, and swept the last 2 in Baton Rouge, 5-1 and 3-1, to close out the season.

Don Lloyd and Jim Nissel were picked on the Coaches' All-SEC team. Lloyd led the team in batting with a .267 mark and Nissel placed second in that department, posting a .262 average. The team batting mark was a very modest .219. The pitching staff was solid with veterans Jack Campione and Jim Weilbacher doing a fine job, along with freshmen Lionel Richard and Ward Du Faur. In the pitching department, the freshmen stole the show. Lionel Richard looked particularly good in relief and ended the season with the best pitching percentage, having a 2-0 record. Ward Du Faur compiled a 4-2 won-loss record and had the best earned run average on the team, a fine 1.40.

Coach Vinzant looks forward to another good season in 1955 but will have a tough road ahead because he loses such "tried and true" ball-players as Jack Campione, Jim Weilbacher, Don Lloyd, Jim Nissel, and Les Kennedy.
In track, as in golf, the picture looked brighter in '54 than in the previous year as the only losses to the team were George Cummins and Hainon Miller. It didn't turn out as expected, though, as the previous year's showing was not improved upon.

Bright spots in the track picture were Frank Dalferes who broke the school javelin mark with a toss of 198' 3/4", bettering the existing mark by almost seven feet, Mark McCoy who performed well in distance events, and Art Alderson who made many long heaves in the shot-put event.

A seven-man squad was sent to the Southeastern Conference championship meet and took 5th place. Greenie pointmakers were Frank Dalferes, Les Kennedy, Art Alderson, Richard Gueldener, Mark McCoy, and R. Kimble. No Greenie took a first place but second-place efforts were recorded by Frank Dalferes in the javelin throw and Les Kennedy in the broad jump.
With five lettermen returning, the golf picture looked somewhat brighter in '54 than in '53 when the squad won only one victory in six meets. The lettermen were Stan Shuler, Dick Lyle, Jerry Schenker, Speed Bancroft, and Neal Hobson. Expected to add extra strength to the team were Bob Saia and freshman Tommy Sutter.

The team, however, did no better than in the previous year, and wound up with a record of 1 win and 4 losses. The win came against Louisiana Tech, 16-2. Spring Hill dealt Tulane two of its defeats, 16-2 and 13-5, as did L.S.U.'s fine squad 23½-2½ and 19½-7½. Besides the dual meets, a four-man squad of Tommy Sutter, Neal Hobson, Speed Bancroft, and Stan Shuler journeyed to Athens for the SEC and Southern Intercollegiate tourneys but failed to place.
The Intramural Council has as its aim the active participation of the entire male student body in campus sports. In furthering this goal, the council promoted both team and individual sports such as football, softball, tennis, volleyball, bowling, etc., and the very popular round-robin. The annual Frosh-Soph football game for non-varsity men was carried out with a good deal of spirit.

The Council is composed of the Unit Managers of all the classes in the University and a few specially appointed men. These members perform the many necessary duties connected with the sports, and also manage their class teams in competing for the trophy awarded at the end of the year to the team with the most points.

Owner of Arnaud's Restaurant, daughter of the late Count Arnaud, founder of the restaurant that bears his name, as well as creator of many famous Creole and French dishes famed throughout the world.

Few are the people who set foot on the sidewalk of New Orleans who do not seek to learn the location of Arnaud's and forthwith journey there to enjoy this famous cuisine. After partaking of a notable meal, guests frequently ask the derivation of a particular dish: "Is it French?" "Is it Spanish?" The answer is that it is a combination of the wizardry of the French with the art of Spanish to make Arnaud's masterpieces.

Did You Know...

... Shakespeare called it a luxury?

... the Chinese made a religious ceremony of its planting?
An ancient Chinese script records this ceremonial of 5,000 years ago.

... the Burmese include it among the gifts of God?
The Burmese account of Creation states, "Thus God created man. God made food and drink, rice, fire and water, cattle, elephants and birds."

... an emperor developed an irrigation system for it?
Emperor Yu, about 2356 B.C., according to Chinese classics, constructed a system of rice irrigation.

... a hurricane blew it to America?
Most sources agree that the first rice seeds were planted here after a sailing vessel bound for Liverpool was blown off its course and landed at Charleston. The captain left a small bag of rough rice with the Colony's governor, and this was the start of rice cultivation in America.

And... did you know...
rice is the basic food for over half the world's population?

These are just a few of the reasons we find the rice business a fascinating one. We hope your chosen career will be as interesting and satisfying for you.
